 Learn how to master
 the medium—and how
 to go with the
 watercolor flow—to
 create one-of-a-kind

lettered art and calligraphy that reflect your personal style. In this stunning follow-up to her highly praised and influential first book, *The Art of Brush Lettering*, lettering expert and workshop instructor Kelly Klapstein (popular on Instagram as @kellycreates) shares her secrets for mastering the essential techniques for creating lovely modern lettering and calligraphy with watercolor. Start with the basics, from choosing paints, brushes, and other supplies to preparing your paper for painting. Learn to handle watercolor paints with essential strokes and warm-ups. Explore painting letterforms in a variety of styles, from traditional to modern.

Try a range of creative techniques, including blending ombrés and rainbows, creating pictorial letterforms, and combining watercolor with other mediums. Enhance your lettering with special touches by complementing it with handpainted backgrounds and simple illustrations. “Plenty of beautiful examples are included and they are really easy to re-create just by following the instructions which are always clear and concise. The letters with the beautiful colour transitions look so good. This is a very hands-on and practical book that I can easily recommend to beginners.” —Parka Blogs

A perfect gift for anyone who wants to learn the "write" way to craft calligraphy. Calligraphy is about creating something uniquely beautiful, whether to celebrate a special occasion like marriage or to use every day in the form of stationery. Author Molly Suber Thorpe, an award-winning wedding invitation designer and calligrapher based in Los Angeles, works closely with her international clients to give them the distinctive products they're looking for. In *Modern Calligraphy*, you can learn from this experienced expert how to master this fresh modern lettering style. The first book to teach this bold new style breaks the

calligraphy process down into simple steps so anyone can learn to create their own stunning wedding invitations, thank you cards, gift tags, and more. Starting with an overview of the supplies—from paper to ink to pens—you will learn how to form letters, words, and then phrases by following Molly's clear step-by-step instructions, and by practicing with the provided templates. After mastering letter forms using a pointed pen and ink you can take it to the next level by learning how to use watercolor and gouache, or how to digitize your calligraphy. The twenty projects in the book provide lots of inspiration for making your own and are

grouped into three sections: weddings, entertainment, and personal stationery. With loads of ideas, practice exercises, and helpful tips, soon you will be turning out gorgeous script calligraphy pieces like the ones featured in wedding magazines and popular websites like Pinterest.

 The most comprehensive guide to italic calligraphy!
 Italic Letters: Calligraphy & Handwriting by Inga Dubai and Barbara Getty is the most comprehensive "how-to" workbook that exists on learning italic: 128 pages of

step-by-step, beautifully illustrated instruction. The teaching method is "hands-on": you learn to write beautifully by writing. The book provides page after page of models to trace and letters to copy. Each letter is presented in both a monoline tool, for informal and rapid writing, and an edged tool, for an elegant, formal hand. Dubay and Getty take you through basic italic, formal italic, chancery italic then cursive italic, four classic hands that will earn you a lifetime of compliments in both your formal calligraphy and everyday handwriting. Once you have mastered the letterforms, the authors show you how to use your calligraphic

skills to design and produce posters, invitations, letters, cards, booklets, and envelopes. This resilient book is for serious calligraphers and those who simply want better penmanship. *Italic Letters* is for professional and amateur calligraphers, art teachers, and enthusiasts of the book arts. It's also for students, business people, homemakers; virtually anyone who wants to learn calligraphy and improve handwriting legibility. In this age of computer-generated letters and forms, people admire more than ever the beauty and personal impact of handwritten communication. *Lettering From A to Z*
