GEORGIA - On My Mind defies classification. More than a collection of personal essays and photography, this book is a reflection, confession, and commentary on the bittersweet

adventure of life. Georgia Lee's unique voice is witty and self-deprecating; perceptive and astute. Her stories, illustrated by her poignant photography, combine humor and pathos in equal measure. MEET THE BEATLES!!! speaks to her rabid pre-teen hysteria at The Beatles' 1965 Atlanta concert that led her mother to administer a post-show sedative. Accompanying photographs include her prized framed ticket with its \$5.50 cost of admission. LICE LESSONS transforms every mother's nightmare - a child's lice infestation, during her own suicidal depression into a love story of mother-daughter togetherness, illustrated with a de-lousing photo from Atlanta's Lice Ladies emporium. BIOLOGICAL CLOCK speaks to cultural impositions on women. Georgia Lee's brave recounting of her reproductive battles is painful, yet compelling. Under a so-called "biological clock," to have a baby, she endures horrific medical negligence and months of hospitalization that lead to the stillborn delivery of a son, followed by a bitter separation and divorce. In post-traumatic shock, as a working single parent of a four-year-old toddler, the tragedy is redeemed by a miraculous pregnancy and delivery, at 40 years old, of a beautiful, healthy daughter. An unexpected memorial, 20 years later, links a time to mourn and a time to heal. A tale of longing and loss, torment and joy, Biological Clock addresses the painful issues so many women endure, often in silence. Through every story and image, Georgia Lee is unflinchingly honest and authentic. On My Mind is one woman's journey of joy and pain. Though all paths vary, the journey is universal

This vibrant book pulses with the beats of a new American South, probing the ways music, literature, and film have remixed southern identities for a post-civil rights generation. For scholar and critic Regina N. Bradley, Outkast's work is the touchstone, a blend of funk, gospel, and hip-hop developed in conjunction with the work of other culture creators—including T.I., Kiese Laymon, and Jesmyn Ward. This work, Bradley argues, helps define new cultural possibilities for black southerners who came of age in the 1980s and 1990s and have used hip-hop culture to buffer themselves from the historical narratives and expectations of the civil rights era. Andre 3000, Big Boi, and a wider community of creators emerge as founding theoreticians of the hip-hop South, framing a larger question of how the region fits into not only hip-hop culture but also contemporary American society as a whole. *Chronicling Stankonia* reflects the ways that culture, race, and southernness intersect in the late twentieth and early twenty-first centuries. Although part of southern hip-hop culture remains attached to the past, Bradley demonstrates how younger southerners use the music to embrace the possibility of multiple Souths, multiple narratives, and multiple points of entry to contemporary southern black identity.

Charlie Chaplin the actor is universally synonymous with his beloved Tramp character. Chaplin the director is considered one of the great auteurs and innovators of cinema history. Less well known is Chaplin the composer, whose instrumental theme for *Modern Times* (1936) later became the popular standard "Smile," a Billboard hit for Nat "King" Cole in 1954. Chaplin was prolific yet could not read or write music. It took a rotating cast of talented musicians to translate his unorthodox humming, off-key singing,

and amateur piano and violin playing into the singular orchestral vision he heard in his head. Drawing on numerous transcriptions from 60 years of original scores, this comprehensive study reveals the untold story of Chaplin the composer and the string of famous (and not-so-famous) musicians he employed, giving fresh insight into his films and shedding new light on the man behind the icon.

*Che on My Mind* is an impressionistic look at the life, death, and legacy of Che Guevara by the renowned feminist poet and activist Margaret Randall. Recalling an era and this figure, she writes, "I am old enough to remember the world in which [Che] lived. I was part of that world, and it remains a part of me." Randall participated in the Mexican student movement of 1968 and eventually was forced to leave the country. She arrived in Cuba in 1969, less than two years after Che's death, and lived there until 1980. She became friends with several of Che's family members, friends, and compatriots. In *Che on My Mind* she reflects on his relationships with his family and fellow insurgents, including Fidel Castro. She is deeply admiring of Che's integrity and charisma and frank about what she sees as his strategic errors. Randall concludes by reflecting on the inspiration and lessons that Che's struggles might offer early twenty-first-century social justice activists and freedom fighters.

A deeply personal memoir of the private Ray Charles - the man behind the legend - by his eldest son. Ray Charles is an American music legend. A multiple Grammy Award-winning composer, pianist, and singer with an inimitable vocal style and a catalog of hits including "What I Say," "Georgia on My Mind," "Unchain My Heart," "I Can't Stop Loving You," and "America the Beautiful," Ray Charles's music is loved by fans around the world. Now his eldest son, Ray Charles Robinson Jr., shares an intimate glimpse of the man behind the music, with never-before-told stories. Going beyond the fame, the concerts, and the tours, Ray Jr. opens the doors of his family home and reveals their private lives with fondness and frankness. He shares his father's grief and guilt over his little brother's death at the age of five — as well of moments of personal joy, like watching his father run his hands over the Christmas presents under their tree while singing softly to himself. He tells of how Ray overcame the challenges of being blind, even driving cars, riding a Vespa, and flying his own plane. And, in gripping detail, he reveals how as a six-year-old boy he saved his father's life one harrowing night. Ray Jr. writes honestly about the painful facts of the addiction that nearly destroyed his father's life. His father's struggles with heroin addiction, his arrests, and how he ultimately kicked the drug cold turkey are presented in unflinching detail. Ray Jr. also shares openly about how, as an adult, he fell victim to the same temptations that

plagued his father. He paints a compassionate portrait of his mother, Della, whose amazing voice as a gospel singer first attracted Ray Charles. Though her husband's drug use, his womanizing, and the paternity suits leveled against him constantly threatened the stability of the Robinson home, Della exhibited incredible resilience and inner strength. Told with deep love and fearless candor, *You Don't Know Me* is the powerful and poignant story of the Ray Charles the public never saw — the father and husband and fascinating human being who also happened to be one of the greatest musicians of all time.
