“A provocative

through the
life and

bone.” —Wall
Street Journal

Our bones have many stories to tell, if you know how to listen. Bone is a marvel, an adaptable and resilient building material developed over more than four hundred million years of evolutionary history. It gives your body its shape and the ability to move. It grows and changes with you, an undeniable document of who you are and how you lived. Arguably, no

other part of the human anatomy has such rich scientific and cultural significance, both brimming with life and a potent symbol of death. In this delightful natural and cultural history of bone, Brian Switek explains where our skeletons came from, what they do inside us, and what others can learn about us when these artifacts of mineral and protein are all we've left behind. Bone is as

embedded in our culture as it is in our bodies. Our species has made instruments and jewelry from bone, treated the dead like collectors' items, put our faith in skull bumps as guides to human behavior, and arranged skeletons into macabre tributes to the afterlife. Switek makes a compelling case for getting better acquainted with our skeletons, in all their surprising

roles. Bridging the worlds of paleontology, anthropology, medicine, and forensics, *Skeleton Keys* illuminates the complex life of bones inside our bodies and out.

Mental Performance Mastery is a story book about Mastering The Mental Game and Winning in Life. #1 best-selling author Brian Cain is at his best with this inspirational fiction story. Matthew Simonds is a well-respected and highly sought-after business consultant who has reached a pivotal crossroads in his life. Spending 280 days a year on the road is taking its toll on his health

and on the relationship with his wife and kids. He's on his way home from consulting in Detroit to celebrate Thanksgiving and his wife's birthday with the family when his travel plans get interrupted unexpectedly and put him into a tailspin of negativity, doubt and frustration with his life. Coach Kenny, a former Olympic athlete and current Mental Performance Mastery (MPM)

Certified Coach, happens to be sitting next to Matthew Simonds on the plane and invites him to get his mind right, to get a checkup from the neck up, stop feeling sorry for himself, and start living a life by design by following his system for optimal living called The 10 Pillars of Mental Performance Mastery. Coach Kenny and Matthew Simonds take you on a journey into the soul of a man, the

challenges that we all face and the system of success that has helped create champions in sports, business and life. Mental Performance Mastery is the system that has helped Coach Kenny and will serve Matthew Simonds in his pursuit of becoming more so that he can give more. It's the same system that will serve you in your pursuit of becoming the best you that you've ever been so you

can start living the optimal life that you envision and win more every day. "Mental Performance Mastery is a great story for anyone who aspires to be a peak performer." See an Haggerty MPM Certified Coach Former US Navy SEAL & US Navy SEAL Instructor CEO, Protector Brewery. "Mental Performance Mastery is a must read for anyone who is working to be their best. The

Cliff Godwin "Mental Performance Mastery is book that I will share with my team and staff every year. It's a great reminder of the fundamentals it takes to Win

Every Day." Steve Wojciechowski *A Fire Story* Simon and Schuster In the West, media coverage of Afghanistan and Pakistan is framed by military and political concerns, resulting in a simplistic picture of ageless barbarity, terrorist safe havens, and peoples in need of either punishment or salvation. Under the Drones looks beyond this limiting view to investigate real people on

the ground, and to analyze the political, social, and economic forces that shape their lives. Understanding the complexity of life along the 1,600-mile border between Afghanistan and Pakistan can help America and its European allies realign their priorities in the region to address genuine problems, rather than fabricated ones. This volume explodes Western

misunderstandings by revealing a land that abounds with human agency, perpetual innovation, and vibrant complexity. Through the work of historians and social scientists, the thirteen essays here explore the real and imagined presence of the Taliban; the animated sociopolitical identities expressed through traditions like Pakistani truck decoration; Sufism's

ambivalent position as an alternative to militancy; the long and contradictory history of Afghan media; and the simultaneous brutality and potential that heroin brings to women in the area. Moving past shifting conceptions of security, the authors expose the West's prevailing perspective on the region as strategic, targeted, and alarmingly dehumanizing. Under the Drones is an essential

antidote to contemporary media coverage and military concerns. Spearhead Routledge
 NEW YORK TIMES BESTSELLER • A powerful memoir of a love that leads two people to find a courageous way to part—and a woman’s struggle to go forward in the face of loss—that “enriches the reader’s life with urgency and gratitude” (The Washington Post) “A pleasure to

read . . . Rarely has a memoir about death been so full of life. . . . Bloom has a talent for mixing the prosaic and profound, the slapstick and the serious.”—US A Today ONE OF THE BEST BOOKS OF THE YEAR: NPR Amy Bloom began to notice changes in her husband, Brian: He retired early from a new job he loved; he withdrew from close friendships; he talked mostly about the past.

Suddenly, it seemed there was a glass wall between them, and their long walks and talks stopped. Their world was altered forever when an MRI confirmed what they could no longer ignore: Brian had Alzheimer’s disease. Forced to confront the truth of the diagnosis and its impact on the future he had envisioned, Brian was determined to die on his feet, not live on his knees.

Supporting each other in their last journey together, Brian and Amy made the unimaginably difficult and painful decision to go to Dignitas, an organization based in Switzerland that empowers a person to end their own life with dignity and peace. In this heartbreaking and surprising memoir, Bloom sheds light on a part of life we so often shy away from discussing—its ending.

Written in Bloom's captivating, insightful voice and with her trademark wit and candor, *In Love* is an unforgettable portrait of a beautiful marriage, and a boundary-defying love.

An ALA Top Ten Best Graphic Novel for Children A thrilling new graphic nonfiction series about real FBI cases, launching with a gripping, minute-by-minute account of the

only unsolved airplane hijacking in the U.S. CASE NO. 001: NORJAK NOVEMBER 24, 1971 PORTLAND, OREGON 2:00 P.M. A man in his mid-forties, wearing a suit and overcoat, buys a ticket for Northwest Orient Airlines flight 305 bound for Seattle. 3:07 P.M. The man presents his demands: \$200,000 in cash and four parachutes. If the demands are not met, he threatens to detonate the explosive

device in his briefcase. So begins the astonishing true story of the man known as D.B. Cooper, and the only unsolved airplane hijacking case in the United States. Comic panels, reproductions of documents from real FBI files, and photos from the investigation combine for a thrilling read for sleuths of all ages. What better way to draw readers into nonfiction than through an exciting graphic novel?

This series will appeal to readers of series such as Nathan Hale's Hazardous Tales. Fans of history and whodunits, CSI-club kids, and graphic novel enthusiasts alike will be pulled in by the suspenseful, complex, and kid-appropriate cases in this series. Sidebars provide fun facts about pre-2001 air travel, serial numbers on currency, airplane design, and more.

Backmatter showcases period photos and primary source material in FBI archives. *Locomotive* Little, Brown Caldecott Award winner Brian Floca gives a heartfelt thank you to the essential workers who keep their cities going during COVID-19 quarantine in this tenderly illustrated picture book. We are here at home now, watching the world through our windows. Outside we see the city

we know, but not as we've seen it before. The once hustling and bustling streets are empty. Well, almost empty. Around the city there are still people, some, out and about. These are the people keeping us safe. Keeping us healthy. Keeping our mail and our food delivered. Keeping our grocery stores stocked. Keeping the whole city going. Brian Floca speaks for us all in this stirring homage to all

the essential workers who keep the essentials operating so the rest of us can do our part by sheltering in place during the COVID-19 pandemic. *Keeping the City Going* Penguin

[Skeleton Keys](#) Ballantine Books The award-winning author and illustrator presents a personal account of the Northern California wildfires of 2017 in this moving graphic memoir. On October 9th, 2017, wildfires burned through Northern California, resulting in forty-four fatalities and the destruction of thousands of homes. In *A Fire Story*, Brian Fies shares an unflinching account of this tragedy as he and his wife experienced it—including losing their house and

every possession that didn't fit in their car. As the fires continued to burn through the area, Brian pulled together *A Fire Story* and posted it online. It immediately went viral. He later expanded the webcomic to include environmental insight and the fire stories of his neighbors. *A Fire Story* is a candid testimony of the wildfires that left homes destroyed, families

broken, and a community determined to rebuild. This updated and expanded edition includes thirty-two pages of all-new material, extending the story past the events of the hardcover edition to include updates on the rebuilding, wrestling with insurance, wrangling with contractors, the management of sometimes volatile emotions, and the threats of yet another wildfire. Tommy Orange, Yaa Gyasi, and Jhumpa Lahiri, an electrifying debut novel about three unforgettable characters who seek to rise—to the middle class, to political power, to fame in the movies—and find their lives entangled in the wake of a catastrophe in contemporary India. In this National Book Award Longlist honoree and “gripping thriller with compassionate social commentary” (USA Today), *Jivan* is a

Muslim girl from the slums, determined to move up in life, who is accused of executing a terrorist attack on a train because of a careless comment on Facebook. PT Sir is an opportunistic gym teacher who hitches his aspirations to a right-wing political party, and finds that his own ascent becomes linked to Jivan's fall. Lovely—an irresistible outcast whose exuberant voice and

dreams of glory fill the novel with warmth and hope and humor—has the alibi that can set Jivan free, but it will cost her everything she holds dear. Taut, symphonic, propulsive, and riveting from its opening lines, *A Burning* has the force of an epic while being so masterfully compressed it can be read in a single sitting. Majumdar writes with dazzling assurance at a breakneck

pace on complex themes that read here as the components of a thriller: class, fate, corruption, justice, and what it feels like to face profound obstacles and yet nurture big dreams in a country spinning toward extremism. Manhood

New York Review of Books
The federal government wastes your tax dollars worse than a drunken sailor on shore leave. The 1984 Grace Commission uncovered that the Department of

Defense spent \$640 for a toilet seat and \$436 for a hammer. Twenty years later things weren't much better. In 2004, Congress spent a record-breaking \$22.9 billion dollars of your money on 10,656 of their pork-barrel projects. The war on terror has a lot to do with the record \$413 billion in deficit spending, but it's also the result of pork over the last 18 years the likes of: - \$50

million for an indoor rain forest in Iowa - \$102 million to study screwworms which were long ago eradicated from American soil - \$273,000 to combat goth culture in Missouri - \$2.2 million to renovate the North Pole (Lucky for Santa!) - \$50,000 for a tattoo removal program in California - \$1 million for ornamental fish research
Funny in some instances and jaw-droppingly stupid and wasteful in

others, The Pig Book proves one thing about Capitol Hill: pork is king! *52 Weekend Adventures in Northern California* SEG Books They are floating cities with crews of thousands.
