The focus of language intervention for elementary school children with language difficulties is to help the child acquire the language skills needed to learn and succeed in a classroom environment. Interventions are curriculum-based, that is, goals address language needs within the context of the curriculum where these skills are needed. Spoken Language Disorders: Treatment Preschool Intervention Program classrooms operate Monday through Friday with morning and afternoon sessions. Classrooms are led by an Early Childhood Special Education teacher with the aid of paraprofessionals. Most classrooms are located in elementary schools, while a few classrooms are located in other buildings. Free Developmental Screenings Special Education / Preschool Intervention

Program Although preschool language intervention may not eliminate the risk of future reading difficulties, it can prevent or reduce many problems. For example, children with language impairment may have temper tantrums that occur due to frustration over their inability to communicate effectively; intervention that enables children to communicate their wishes and needs can help to avoid these kinds of ... Specific Language Impairment | LD OnLine As a preschool-based speech-language pathologist, I help students with severe communication impairments acquire the functional and academic skills they need to communicate at home and school. During the toddler years, children learn through exploration and play. 5 Effective Strategies for Working with Preschoolers - @ASHA Come buddy, help, help me!: Adults' facilitation of peer interaction in a preschool language intervention classroom. In Rice M. & Wilcox K. (Eds.), Building a language-focused curriculum for the preschool classroom: Vol 1. A foundation for lifelong communication (pp. 105-125). Baltimore: Brookes. Facilitating Peer Interaction: Socially Relevant ... A substantial literature documents the benefits of early childhood education and formal preschool experiences on children's school readiness, with low-income and otherwise disadvantaged children benefitting the most from these programs. However, these academic benefits often fade out as children age, and most disappear by the end of kindergarten or first grade. Teaching Language and Literacy integrates a constructivist/emergent literacy perspective with scientifically-based instructional practices that are successful in supporting children's reading, writing, listening and speaking

development.
