Find many great new & used options and get the best deals for High Pressure Diesel Pump 0986437410 Bosch Fuel Common Rail 03L130755 03L130755A at the best online prices at eBay! Free delivery for many products! High Pressure Diesel Pump 0986437410 Bosch Fuel Common ... While other diesel injection systems generate the fuel pressure for each injection separately, the Common Rail System separates pressure generation and injection from one another. The fuel is constantly available at the pressure required for injection. The Common Rail System is modular in design. The right combination of high-pressure pump, injectors, rail and electronic control unit results in systems for all types of engine. Common Rail Systems, Bosch Common Rail Systems The high-pressure pump CP4

delivers the fuel into the connected rail under high pressure. The CP4 consists of one or two high-pressure elements, each integrated in a housing with its own camshaft. The pump camshaft is driven by belts, chains, or cogwheels and moves the pump pistons to generate the required high pressure.
