When a  
thirteen year  
old boy falls in  
love for the  
first time, he  
surely will  
suffer  
temporary  
inner turmoil.  
But if the  
center of his  
desire appears

to be of the  
same sex, the  
turmoil will be  
painful and his  
life a complete  
shamles.

This detailed  
exploration  
looks at the  
musical works

of recording artist Billy Joel and his impact on popular culture. Billy Joel skyrocketed to popularity in 1977 with his fifth album, *The Stranger*, and he has been a major American artist ever since. His songs are timeless and appreciated by generations of fans. *The Words and Music of Billy Joel* examines this influential musician's songs in detail, exploring the meaning of the lyrics and

placing Joel's artistry in a regional and cultural context. *Covering work that ranges from Joel's recordings with the Lost Souls to his classical compositions, the book focuses on the dozen studio albums of popular music released between 1971 and 1993. A bibliographic essay is included, as are both a discography and a filmography. There is also a special focus on the interpretation*

of Joel's songs by other recording artists. *Billy Joel* Hal Leonard Corporation The benefits and importance of Socratic seminars are widely recognized, but little has been written on how to make them happen successfully in the classroom. *In Socratic Circles: Fostering Critical and Creative Thinking in Middle and High School*, author Matt Copeland provides real-

world examples and straightforward answers to frequent questions. He creates a coaching guide for both the teacher new to Socratic seminars and the experienced teacher seeking to optimize the benefits of this powerful strategy. Socratic Circles also shows teachers who are familiar with literature circles the many ways in which these two practices complement

and extend each other. Effectively implemented, Socratic seminars enhance reading comprehension, listening and speaking skills, and build better classroom community and conflict resolution skills. By giving students ownership over the classroom discussion around texts, they become more independent and motivated learners. Ultimately, because there

is a direct relationship between the level of participation and the richness of the experience, Socratic seminars teach students to take responsibility for the quality of their own learning. Filled with examples to help readers visualize the application of these concepts in practice, Socratic Circles includes transcripts of student dialogue and work samples

of preparation and follow-up activities. The helpful appendices offer ready-to-copy handouts and examples, and suggested selections of text that connect to major literary works. As our classrooms and our schools grow increasingly focused on meeting high standards and differentiating instruction for a wide variety of student needs and learning styles, Socratic seminars offer an essential classroom tool

for meeting these goals. Socratic Circles is a complete and practical guide to Socratic seminars for the busy classroom teacher.

**Goodnight,  
My Angel**

Simon and Schuster This wide-ranging, two-volume encyclopedia of musicals old and new will captivate

young fans—and prove invaluable to those contemplating staging a musical production. Written with high school students in mind, *The World of Musicals: An Encyclopedia of Stage, Screen, and Song* encompasses not only Broadway and film musicals, but also made-for-television musicals, a genre that has been largely ignored. The two volumes cover

significant musicals in easily accessible entries that offer both useful information and fun facts. Each entry lists the work's writers, composers, directors, choreographers, and cast, and includes a song list, a synopsis, and descriptions of the original production and important revivals or remakes. Biographical entries share the stories of some of the brightest and most celebrated

talents in the business. The encyclopedia will undoubtedly ignite and feed student interest in musical theatre. At the same time, it will prove a wonderful resource for teachers or community theatre directors charged with selecting and producing shows. In fact, anyone interested in theatre, film, television, or music will be fascinated by the work's tantalizing bits of historical and theatre

trivia. *Socratic Circles* Hal Leonard Corporation In the year 2023, after a nuclear Armageddon, only a few pockets of people have survived. One of these groups of survivors, mostly rock climbers and mountaineers, subsists through the leadership of Jude, a biblical archaeologist and rock climber. Jude is given a chance to go back in time by using an invention of a surviving U.S.

scientist. Jude is transported back to Palestine during the first century, where he searches for Jesus, to verify if he truly was the Messiah, or a charlatan. Dying from nuclear cancer, Jude spends most of his given time looking for Jesus, finally finding him meditating on a mountaintop. Jude, mesmerized by Ishia's (Jesus) power becomes his first follower and best friend, Judas.

<p>His friendship and his knowledge of Ishia of Nazerat become the pivotal force in the last three years of their lives. Jude becomes the Judas, torn apart between being Ishia's beloved friend and being his betrayer. The shocking and controversial ending is for you, the reader, to read and discover. It will tear at your very soul but it will rejuvenate and strengthen your faith in Jesus Christ. A</p>	<p>must for every Christian to read!  <i>Singing - Body and Soul</i>  Lulu.com  A ground-breaking work on nature and humanity. This book deepens the spirit of Silent Spring, and of Walden--into human conservation and healing. It reveals the stunning breakthrough into Nurturome. It breaks open, then completes our view of evolution; it reveals the Second Missing Link. It redefines and</p>	<p>redirects the Environmental Movement--the nature-human debate. It dispels the issue of nature vs. culture, and other key myths of 'civilization', Modernism, and Postmodernism. It reveals the Origin and Emergence of Alien Being--Alienism. It presents the Revelation of Selflifeworld. It reveals the Origins of Egoself that comes to displace whole self and whole mind. Over one hundred-</p>

fifty subheadings mark more surprises on the journey! A vast pot-pourri for laymen, professionals, and students! *Zillions* Da Capo Press, Incorporated Over the course of his career, Billy Joel has released a series of remarkable albums that together chart his journey as an artist from relative obscurity to international success. In *Experiencing Billy Joel*, musician and writer Thomas MacFarlane

explores that musical journey, from Joel's apprenticeship in the Long Island music scene to his experiences in both New York and Los Angeles writing and recording his own unique brand of piano rock and pop. After achieving a certain degree of musical success in the late 1960s, Joel embarked on a career as a singer-songwriter in the early 1970s. Although his initial albums demonstrated

a precocious mastery that helped establish him in the field, his full potential as a recording artist blossomed on *The Stranger* (1977), created under the guidance of legendary producer Phil Ramone. Subsequent releases explored a variety of musical styles and helped solidify Joel's reputation as one of the most important pop composers of his era. *Experiencing Billy Joel* explores each

of Joel's albums, laying out their appeal to musicians and non-musicians alike while also exploring the various production styles that have characterized Joel's development in the studio. Along the way, MacFarlane reveals how Billy Joel's recorded works as a whole serve as the foundation for a complex and enduring musical legacy. New York State of Mind

Xlibris Corporation Born four months apart, Bruce Springsteen and Billy Joel both released their debut albums in the early 1970s, quickly becoming two of the most successful rock stars of their generation. While their critical receptions have been very different, surprising parallels emerge when we look at the arcs of their careers and the musical influences that have

inspired them. Bridge and Tunnel Boys compares the life and work of Long Islander Joel and Asbury Park, New Jersey, native Springsteen, considering how each man forged a distinctive sound that derived from his unique position on the periphery of the Big Apple. Locating their music within a longer tradition of the New York metropolitan sound, dating back to the early 1900s, cultural

historian Jim Cullen explores how each man drew from the city's diverse racial and ethnic influences. His study explains how, despite frequently releasing songs that questioned the American dream, Springsteen and Joel were able to appeal to wide audiences during both the national uncertainty of the 1970s and the triumphalism of the Reagan era. By placing these two New

York-area icons in a new context, Bridge and Tunnel Boys allows us to hear their most beloved songs with new appreciation.

**Billy Joel**  
Rowman & Littlefield  
All societies have relied on music to transform the experience of work. Song accompanied the farmer's labors, calmed the herder's flock, and set in motion the spinner's wheel. Today this tradition continues. Music blares on the shop

floor; song accompanies transactions in the retail store; the radio keeps the trucker going on the long-distance haul. Now Ted Gioia, author of several acclaimed books on the history of jazz, tells the story of work songs from prehistoric times to the present. Vocation by vocation, Gioia focuses attention on the rhythms and melodies that have attended tasks such as the cultivation of crops, the

raising and lowering of sails, the swinging of hammers, the felling of trees. In an engaging, conversational writing style, he synthesizes a breathtaking amount of material, not only from songbooks and recordings but also from travel literature, historical accounts, slave narratives, folklore, labor union writings, and more. He draws on all of these to describe how workers in

societies around the world have used music to increase efficiency, measure time, relay commands, maintain focus, and alleviate drudgery. At the same time, Gioia emphasizes how work songs often soar beyond utilitarian functions. The heart-wringing laments of the prison chain gang, the sailor's shanties, the lumberjack's ballads, the field hollers and corn-shucking

songs of the American South, the pearl-diving songs of the Persian Gulf, the rich mbube a cappella singing of South African miners: Who can listen to these and other songs borne of toil and hard labor without feeling their sweep and power? Ultimately, *Work Songs*, like its companion volume *Healing Songs*, is an impassioned tribute to the extraordinary capacity of

music to enter into day-to-day lives, to address humanity's deepest concerns and most heartfelt needs.

A father sings his love to his daughter in a lullaby. With words as tender as a kiss on the cheek, Billy Joel reassures readers young and old that the love between a parent and child lasts forever, even if families are separated.

Dreamy paintings of a father and daughter illustrate the profound ways that small moments -- like tucking a child into bed -- affirm parents' devotion to their children.

Billy Joel ranks among rock'n'roll's most talented artists. He is also widely known for his professional struggles--his substance

abuse problems, his marriage to Christie Brinkley, and a string of car accidents. This biography is the first in-depth portrait of this larger-than-life figure, the son of German Jews who fled the Nazi regime. It includes his childhood in the Bronx, his professional struggles, and his six Grammys, and features interviews with his bandmates and representatives from Columbia

Records, an extensive examination of his diverse music tastes, and never-before-seen photographs.-- From publisher description.

### **The Billy Joel**

**Essays** Hal Leonard Corporation This book provides a complete list of all the entries on New Zealand's music charts: including 8,100+ singles (since 1966), 6,100+ albums and 1,000+ compilation albums (since 1975), and approximately

200 DVDs since 2004. *The Last Human Spring* Kaleidomundi Music is an integral part of our everyday lives but while we listen, we seldom hear the music. If you really listen to your favorite classic rock songs, you will find that they may tell a story, offer a thought-provoking message, inspire or spark the imagination. Listen to the Music reveals the overlooked messages

hidden within the music of the 60's & 70's - messages that provide us with Timeless Lessons of Life. The book spotlights over 1100 excerpts from the lyrics of 750 songs written by 160 artists who launched their careers in the 60's & 70's. The music of this era reflects the turbulent events of two decades marked by unprecedented social, political, and economic change. Artists expressed

through their music and lyrics what people were feeling during those turbulent times – love, anger, fear, frustration and hopes & dreams for peace and a better world. The complex challenges Americans faced in the 60's and 70's are strikingly similar to the times we find ourselves in today and the reader will discover that the messages hidden within the music of the 60's & 70's remain as relevant as

they were 40 years ago. Life unfolds in much the same way for all of us. We grow up, fall in love, raise a family, live our everyday lives, cope with unexpected challenges and we grow wiser (not older)! Relevant lyric quotes can be found in chapters that correspond to one of these six stages of life. Through the captivating messages contained within the lyrics of the music of the

60's and 70's, the book shows how music affects our lives in ways we don't fully realize or understand. Go to [www.ListenToTheMusicLyrics.com](http://www.ListenToTheMusicLyrics.com) to hear some great music and to see photos of some of your favorite 60' & 70's artists! *Casey and Henry* Bloomsbury Publishing USA Singing Body and Soul is for the young singer, to help you discover how your voice, body and mind work together.

There are great books about the links between science and music - but most are written for adults with strong music backgrounds, and college degrees. Young singers need a streamlined version so your voice can express your inner life - right now! The voice has the most exciting sound when a singer is between 20 to 25 years old. That's when desire starts to ride on the sound, and helps you

stand out at an audition. By then, you already need years of singing experience - to make the most of your opportunities. That means learning about your voice early - at 14 years old or younger. *Singing - Body and Soul* offers new guidance for developing your singing. It includes artistic and scientific descriptions, and uses song lyrics to illustrate states of mind. Musical Theater plots,

characters, and songs fill the book, so the text is more storytelling than classroom lecture. With quotes and references from Charlie Brown, Albert Einstein, and Dr. Seuss, *Singing - Body and Soul* can help you understand your voice in new ways, and make the world hear what you have to say.
