Revised and thoroughly updated, this practical guide to photographing people is better than ever! What is the color of skin? You may think you know, until you enter the world of digital photography and try to reproduce what you see. Differences in software, lighting, computer calibration—everything has an impact on color. And that's all before you get into differences between people in terms of skin types, ethnicities, age, gender, and more!

Hollywood-based photo-illustrator Lee Varis guides you step-by-step through the maze. This new edition covers the very newest trends and techniques in photographing, lighting, and editing skin—and offers plenty of tips, examples, and valuable advice from the author’s own professional experience in the field. Shows you how to digitally capture all skin types: male, female, young, old, different skin tones and ethnicities, with makeup or without, wrinkled, tattooed, and more Covers a wealth of topics in addition to photo editing, such as how to obtain model releases and compose shots, how to shoot groups, and how to create promotional headshots Incorporates the latest on working with Photoshop and Lightroom Showcases exceptional work from a variety of photographers and artists If you’re photographing people, you’ll want this valuable and unique guide on your shelf.

The Dramatic Portrait John Wiley & Sons

The ability to create an effective portrait is probably the single most important skill any aspiring photographer must master. Few professional photographers, whatever their area of specialization, can hope to have a successful career without ever being called upon to create a likeness of another person. The Portrait Photography Course is designed to build a student photographer's experience and get him or her started on a rewarding career. Detailed tutorials cover every aspect of studio and location work, from composition and psychology to complex lighting schemes, equipment options, and digital retouching. Portfolios of exemplary images showcase individual photographers' work and demonstrate techniques explored in the tutorials, while interviews with top portrait photographers shed insight into their methodologies and philosophies. Presented and written by a leading portrait photographer, this book is an indispensable guide to taking professional pictures.¿

Each year, Scott Kelby, Editor-in-Chief of Photoshop User magazine and the #1 best-selling Photoshop author, trains literally thousands of photographers on how to retouch portraits using Photoshop through his live seminars, online classes, DVDs, and standing-room only workshops at the Photoshop World Conference & Expo. Now you can learn the same techniques he uses in his own retouching workflow, in the only book of its kind—one written expressly for photographers who do their own retouching. As a pro photographer himself, Scott understands that photographers make their living shooting, not retouching. But, delivering fully retouched images is now expected by clients. That’s why Scott put together this amazing resource for teaching photographers the quickest, easiest, and most effective ways to create professional-looking, retouched final images without spending hours grinding away at painstaking, detailed techniques. LEARN HOW THE PROS DO IT It’s all here—the step-by-step methods for fixing, enhancing, and finishing your portraits in Photoshop. Using the techniques in this book, you’ll create images that will absolutely wow your clients. You’ll learn: • How to soften skin and still retain detail and texture • The best tricks for beautifully enhancing eyes, eyebrows, and eyelashes • How to selectively sharpen portraits without complicated masking • How to create gorgeous-looking lips • How to remove blemishes fast and keep the most detail • The pros’ tricks for body sculpting • How to make your subject’s hair look fabulous • How to give your retouches that natural look that sets them apart • Plus, you get Scott’s complete 5-minute, 15-minute, and 30-minute start-to-finish workflows If you’re ready to learn the “tricks of the trade”—the same ones that today’s leading pro photographers use to retouch, tuck, tighten, and tone their images for that pro-retouched look—you’re holding the book that will do exactly that. It will radically change the way you retouch your portraits from here on out, and give you the best-looking, most natural retouches you’ve ever done.
