Bulletin Hatje Cantz  
Gravenstein. Coe's  
Golden Drop.  
Mendocino Cox. The  
names sound like  
something from the  
imagination of Tolkien  
or perhaps the  
ingredients in a  
dubious magical potion  
rather than what they  
are—varieties of  
apples. But as befits  
their enchanting  
names, apples have  
transfixed and beguiled

humans for thousands  
of years. Apple: A  
Global History explores  
the cultural and  
culinary importance of  
a fruit born in the  
mountains of  
Kazakhstan that has  
since traversed the  
globe to become a  
favorite almost  
everywhere. From the  
Garden of Eden and  
Homer's Odyssey to  
Johnny Appleseed,  
William Tell, and even  
Apple Computer, Erika  
Janik shows how apples  
have become a  
universal source of  
sustenance, health,

and symbolism from ancient times to the present day. Featuring many mouthwatering illustrations, this exploration of the planet's most popular fruit includes a guide to selecting the best apples, in addition to apple recipes from around the world, including what is believed to be the first recorded apple recipe from Roman gourmand Marcus Apicius. And Janik doesn't let us forget that apples are not just good eating; their juice also makes for good drinking—as the history of cider in North America and Europe attests. Janik grew up surrounded by apple iconography in Washington, the “apple state,” so there is no better author to tell this fascinating story. Readers will eat up this

surprising and entertaining tale of a fruit intricately linked to human history.

This book contains a complete history of apples and a detailed survey of over 2000 of the world's apple varieties. Moving between continents and cultures, the authors look at the apple's role as a dessert fruit and in cookery; in cider

making and the ornamental garden; in myth, medicine and religion. They revisit the apple's Victorian heyday when fine varieties were considered seriously as wines, and bring the story up to date with the apple's transformation into an international commodity.

Rosie Sanders, often  
described as the best  
painter of the world's  
most famous fruit, has  
devoted years to  
researching this book

and submitting the apples to hour upon hour of meticulous observation. In 144 beautifully detailed watercolours she depicts the unrivalled range of form, colour and texture which characterize such varieties as Beauty of Bath, Peasgood Nonsuch, Cox's Orange Pippin and Egremont Russet. Painted with their blossom, twig and leaf, Rosie offers detailed descriptions of each apple's aroma, flavour and season as well as something of the history of each variety. The book is enhanced by a practical essay on apple growing by Harry Baker, fruit officer for many years at the Royal Horticultural Society and one of Britain's foremost authorities on apple

growing.

Out of the bleakness of their Middlesbrough housing estate, fuelled by cheap plonk, porn and dysfunctional families, Adam and Eve narrate this dazzling, tragicomic love story of adolescence in all its fucked-up glory. '[An] unbelievably good, affecting, unpretentious debut novel . . . more than anything, Apples feels truthful: whether the drugs, the sex, the boozing or the brutal insecurities of adolescence, it all smacks beautifully of the real thing.' Jon Elek, Time Out 'Wonderful . . . Apples is unlike any other

novel I've read. Who knows? We may have discovered our J.D. Salinger early.' John Sutherland, Financial Times 'Crass, graphic, funny and unnerving . . . Well constructed and streaming with gorgeous language, it's a frighteningly recognisable glimpse into a particular experience of adolescence.' Catherine Taylor, Guardian 'A retelling of Paradise Lost set on a Middlesbrough housing estate, Apples is . . . experimental, fearless, funny and frightening.' Sarah Hughes, Observer 'Electrifying.'
