El Tunel Sam Grosser Books

A free series starter! A hot, enemies-to-lovers, second chance romance with plenty of suspense and action. Revenge. Oh, it was going to be sweet. Warren "War" Channing finally has the chance to nail his beautiful, lying ex. And, no, he doesn't mean "nail" in the down and dirty sexual way...War means he has the opportunity to send the lovely and infuriating Rose Shadow to jail. Turned out, the woman who had shattered his heart beneath her high heeled shoes was wanted for murder. She was on the run, and he was just the man to hunt her down and toss her into the nearest cell...War could hardly wait. He was the last man she expected to need. The breakup had been ugly. Painful. It had ripped out her heart and left her in a sad, crying heap as she ate her ice cream, but Rose had moved the hell on, and she had sworn to never, ever need War again. Except, well, now she did need him and his sneaky skills because Rose was in trouble up to her eyes. The kind of trouble that could wreck a woman's life. He'll make her pay. Rose has cracked the story of a lifetime. She's uncovered a brutal serial killer who has been hiding in the shadows—only now, she is his next target. The cops think she's

involved in the string of murders because maybe her DNA had been at a crime scene and maybe she'd been spotted by witnesses at another location, but Rose is a reporter—she'd been at the scenes because she was tracking down the real killer. Now, though, because War has caught her, Rose is out of time and options. War is former special ops. He's the best PI in town. And he's the man who gave her more pleasure than should be legal...Too bad that he's also the man who hates her the most. Forty-eight hours...then jail. They make a grudging deal—she'll pay him anything he wants if he just gives her forty-eight hours before he turns her over to the cops. During that forty-eight hours, he will help her track the real killer. When the clock runs down, she'll be out of his life for good. Except...a whole lot can change for two people in forty-eight hours. Hate can turn into desire. Need can rage out of control. And a love that you thought was long dead? It just might flash to life again. Provided, of course, that the murderer hunting Rose doesn't manage to kill her before she and War can catch him. Forty-eight hours. The countdown starts now... Author's note: The "Trouble For Hire" romance series features hot, former military heroes...and these guys truly are the best kind of trouble. All of the books are stand-alones with guaranteed happy endings. Danger, romance, action, suspense, humor...oh, it's definitely time to find some trouble...

For Olivia Adams, the world has always been too big or too small. Forced to live her life caught between what she wanted for herself and the unfair choices and crazy obsession of those around her for as long as she could remember, Ollie has always felt confined and trapped. It was hard for her to imagine a future beyond the crushing control of those who wanted to make sure she paid the price for her role in a tragic accident that ruined several young lives. However, having no hope and living in a constant state of fear never stopped Ollie from dreaming of different ways to break free and how to reunite with the one person who always made her feel safe. Huck is the only one who ever made her feel like there was a place in his world, right by his side, that would fit her just right. The world has always forced Huck Snyder to be a guy who runs either too hot or too cold. Unwanted and barely tolerated, his temper burned hot and bright, often leading him into trouble. After the accident, he was tossed out, disowned, and forced to fend for himself. Struggling to survive, Huck quickly realized the only way he would make it was to freeze out every single memory and moment from his past. Especially those surrounding Ollie. He allowed his heart to harden into a block of ice and refused to let anyone close enough to melt it. Years have passed, and Huck has adjusted to the constant cold that permeates through his new life. He was in no way prepared for the only girl who could ever control his inner fire to show back up. Ollie is on the run and doesn't seem to mind the chilly reception she receives when she shows up unannounced on Huck's doorstep. Fire and ice no longer define Huck because when he's with Ollie, it's easy to remember that the temperature between the two of them has always been just right.

No Escape From War ABDO

The author of the groundbreaking work *Slut!* explores the phenomenon of slut-shaming in the age of sexting, tweeting, and "liking." She shows that the sexual double standard is more dangerous than ever before and offers wisdom and strategies for alleviating its destructive effects on young women's lives. Young women are encouraged to express themselves sexually. Yet when they do, they are derided as "sluts." Caught in a double bind of mixed sexual messages, young women are confused. To fulfill the contradictory roles of being sexy but not slutty, they create an "experienced" identity on social media—even if they are not sexually active—while ironically referring to themselves and their friends as "sluts." But this strategy can become a weapon used against young women in the hands of peers who circulate rumors and innuendo—elevating age-old slut-shaming to deadly levels, with suicide among bullied teenage girls becoming increasingly common. Now, Leora Tanenbaum revisits her influential work on sexual stereotyping to offer fresh insight into the digital and face-to-face worlds contemporary young women inhabit. She shares her new research, involving interviews with a wide range of teenage girls and young women from a variety of backgrounds as well as parents, educators, and academics. Tanenbaum analyzes the coping mechanisms young women currently use and points them in a new direction to eradicate slut-shaming for good.

Described by the *New York Times* as "a bawdy countercultural sprite" and named one of the most fun people in show business by *Time* magazine, Alan Cumming is a genuine quadruple threat—an internationally acclaimed, award-winning star of stage, television, and film, as well as a *New York Times* best-selling author whose real-life vivacity, wit, and charm shine through every page of his third book, *You Gotta Get Bigger Dreams*. In these forty-five picture essays, Cumming recounts his real-life adventures (and often, misadventures), illustrated by his own equally entertaining photographs. From an awkward bonding session with Elizabeth Taylor to poignant stories about his family and friends to some harsh words of wisdom imparted by Oprah that make up the title of this collection, *You Gotta Get Bigger Dreams* is as eclectic, enchanting, and alive as its author.
