The first book to uncover the true story of Gabrielle 'Coco' Chanel in occupied Paris during the Second World War From 1941 to

1954 Coco Chanel's life was shrouded in rumour. Sleeping with the Enemy tells in detail how she went from being high priestess of couture to German intelligence operative, how she was enlisted in spy missions and why she evaded arrest in France after the war. It reveals the role played by Winston Churchill in her escape from retribution; and how, after a nine-year exile in Switzerland, Coco was able to return to Paris, reinvent herself and rebuild the House of Chanel.

A Steamy Enemies to Lovers British Billionaire Romance Series Piper Rayne, Inc.

From New York Times bestselling authors r.h. Sin and Robert M. Drake with bestselling poet Samantha King Holmes comes an ode for all women. This is the time to look into the mirror and see everything you've been fighting for. Yourself, a peace of mind, and everything your heart deserves. You fit inside these words.

Five Dates with the Billionaire The Little Paris Patisserie (Romantic Escapes, Book 3) Overheating in buildings is commonplace. This book describes how we

can keep cool without conventional air-conditioning: improving comfort and productivity while reducing energy costs and carbon emissions. It provides architects, engineers and policy makers with a 'how-to' guide to the application of natural cooling in new and existing buildings. It demonstrates, through reference to numerous examples, that natural cooling is viable in most climates around the world. This completely revised and expanded second edition includes: An overview of natural cooling past and present. Guidance on the principles and strategies that can be adopted. A review of the applicability of different strategies. Explanation of simplified tools for performance assessment. A review of components and controls. A detailed evaluation of case studies from the USA, Europe, India and China. This book is not just for the technical specialist, as it also provides a general grounding in how to avoid or minimise air-conditioning. Importantly, it demonstrates that understanding our environment, rather than fighting it, will help us to

live sustainably in our rapidly warming world. *Sleeping with the Enemy* Callie Hutton LLC
 When his 12-year-old nephew Seth is dropped off on his doorstep, rancher Josh King, who knows how to run a multi-million dollar business, but knows nothing about adolescent boys, hires former classmate and teacher Cara Donovan to tutor Seth and learns a valuable lesson in love. Original.
Falling For the Baron MIT Press
 A commonsense, self-contained introduction to the mathematics and physics of music; essential reading for musicians, music engineers, and anyone interested in the intersection of art and science. "Mathematics can be as effortless as humming a tune, if you know the tune," writes Gareth Loy. In *Musimathics*, Loy teaches us the tune, providing a friendly and spirited tour of the mathematics of music—a commonsense, self-contained introduction for the nonspecialist reader. It is designed for musicians who find their art increasingly mediated by technology, and for anyone who is interested

in the intersection of art and science. In Volume 1, Loy presents the materials of music (notes, intervals, and scales); the physical properties of music (frequency, amplitude, duration, and timbre); the perception of music and sound (how we hear); and music composition. Calling himself "a composer seduced into mathematics," Loy provides answers to foundational questions about the mathematics of music accessibly yet rigorously. The examples given are all practical problems in music and audio. Additional material can be found at <http://www.musimathics.com>.

The CHAOS Cure

Andrews McMeel Publishing
 As the hunt for the Ghost heats up, Detective Silas Warren and Madison Corman do their best to leave no stone unturned, but when Captain Fletcher tells the media the crimes are being committed by a copycat, the duo thinks his lies might have scared their killer away. Is he in hiding or is he meticulously planning his next kill?

One Night of Trouble

Magical Scrivener Press
 "A compelling read. The

dialogue is witty, the plot intriguing, and the settings enthralling."
 —Robert Dugoni, Internationally Best-Selling Author of *My Sister's Grave* "Opens your eyes to the fascinating reality of our so-called trade war with China." —Coast Reviews A U.S. government investigator vanishes while on assignment in China. Former detective Lars Severin is hired by the investigator's family—mysterious scions of an international trade dynasty—to find out what happened to her. Was her disappearance the result of a random act of violence or something more sinister? Did she uncover something that drove a hidden enemy to make her disappear? Could she still be alive? Severin's quest casts him into a labyrinth of double-dealing and conspiracy, taking him from the misty streets and alleys of Seattle's old Chinatown neighborhood, to the corridors of power in Washington, D.C., to the dazzling city of Shanghai, to the ancient heart of rural China. The case grows more complicated with each step Severin takes, until all at once he realizes that his own life is in great danger.

Lady Pamela and the Gambler HarperCollins UK

The witch is back! Esper tracks the Cult of Ra to an arms factory on a grimy colony world. With limited magical resources, they're reduced to doing their vigilante act the old fashioned way. But when their best efforts fall short, Esper is forced to make an impossible choice. In the aftermath, Esper is going to have to reevaluate her priorities and rediscover what magic means to her. With her powers returned, so has the dark voice that haunts her day and night. A reckoning is coming, and the only way to get out alive is to give in and be the wizard she's always had inside her. Walk Like a Magician is the sixth mission of Black Ocean: Mercy for Hire. It follows the exploits of a pair of do-gooder bounty hunters who care more about saving the day than getting a payday. Mercy for Hire builds on the rich Black Ocean universe and introduces a colorful cast for new and returning readers alike. Fans of vigilante justice and heroes who exemplify the word will love this series. *Airbus A320: An Advanced Systems Guide* Byrd Book Llc

A USA TODAY BESTSELLER 'I'm insisting you date her. Five dates together, then I'll have this surgery.' Billionaire CEO Connor Stewart is being blackmailed. By his own grandmother, no less, who is refusing to have life-saving surgery unless Connor dates Mia Simms, his dull and dowdy marketing employee. For Violet's sake, Connor agrees to the crazy scheme. There's no risk of breaking his 'short-term only' rule with Mia Simms; she's not the kind of woman Connor is interested in ... and he's sure she's hiding something. He just doesn't expect it to be delicious curves and a firecracker personality. Mia Simms is hiding something, and it's much more dangerous than her looks. All she wants to do is live life in the safety of the shadows and avoid discovery. But perhaps a short-term fling is exactly what she needs to remind her to live. But what if Violet is right to push them together? Can Mia trust Connor enough to let him see the real person behind the facade she's built? Or is Violet's little scheme about to put both their lives in danger? *She Fits Inside These Words* Callie Hutton LLC

They say hate is a strong word, but Eileen Parker is certainly no stranger to it. Parker hates her first name, hates her apartment, hates her life. Which, sure, sounds a bit cynical, but after the life that she's led so far, you really can't blame her. With her sophomore year of college overshadowed by circumstances that she never expected, Parker just wants to keep her head down, pass her classes, and take care of the responsibilities that are threatening to destroy her. And then she meets Ash. Ashton Carter is working to fix the messes that he's made, but he's still struggling with dark memories of a night that changed his life. He's

definitely not looking for someone to spend forever with, but when he meets Parker, his life changes once again. It doesn't bother him that Parker adamantly refuses to admit to the chemistry between them, or that she's determined to keep him at arms length. Ash is convinced that Parker is everything he never knew he needed, and he's not about to let her slip away. Fighting against overwhelming insecurities and secrets that feel too big to share, the two must make a choice. They can keep running from their pasts, or they can confront them and face their future together.
***This is the first book in a series of standalone novels. Due to adult language/situations and mild drug use, this book is recommended for readers 18+.
