Art, Play, and Narrative Therapy shows mental health professionals how the blending of expressive arts, psychotherapy, and metaphorical communication can both support and enhance clinical practice. This book illuminates the ways in which metaphorical representations form who we are, how we interact, and how we understand our larger environment. Author Lisa Moschini explains how to couple clients' words, language, stories, and artwork with treatment interventions that aid empathic understanding, promote a collaborative alliance, and encourage conflict resolution. Chapters include numerous illustrations, exercises, and examples that give clinicians inspiration for both theoretical and practical interventions.

What if the story of the Rich Man and Lazarus from Luke 16 was set in a modern day setting? What would it look like? Would we recognize Lazarus? Would we recognize the rich man? The story of "The Rich Man and Lazarus" is famous for its teachings of compassion and humanity, as well as the evils of following after greed blindly, at the expense of just about everything else. "The Broker and the Bum" is a modern version of this same story found complete with all the same themes, characters, events, but simply adapted to a modern day setting. Liam Earl is a down-on-his-luck homeless man left on the streets of New York City, watching as the rich and powerful go about their daily lives. Everything is the same from day-to-day, until the kindness of a

stranger changes his life for the better. Matt Herde is a powerful hedge fund manager for Asset International. Obsessed with wealth and driven by a desire for more, more, more, he has little time for people in his life whom he doesn't seem to have any use for. This includes simple beggars like Liam Earl. These two operate independently of each other until their worlds collide and a tragic event leaves one person's future in shambles, while the other finds the peace that they have sought after for so long. Will Matt find happiness? Will Liam ever escape the street? Check out "Broker and the Bum," the first book in the brand new "Parable Series" from author Brady Cook, and begin to see the world through different eyes.

And in this new and stunning book, New York Times best-selling author David Freddoso (The Case Against Barack Obama) provides the much-needed exposé of an administration that has brought Chicago-style corruption and strong-arm politics to Washington, looking to reward its friends (the unions, federal workers, and other liberal interest groups) and punish its enemies (the private sector workers and taxpayers who foot the bill for Obama's massive expansion of the federal government).

On her way to work, for one terrifying instant Jennifer Canfield sees a tiny hand in the trunk of a car that barely misses slamming into her van. A doll? A child? With no time to think she must act and so begins a non-stop, breathlessly suspenseful journey to find the truth and possibly save a life. Stephen Baron, a road construction worker, joins her in her pursuit of a possible kidnapper through the hills of California. And where the chase ends reveals exactly how courage and love can show up when we least expect them and change everything. Novella. This is the first significant publication to explore the output of Matt Keegan, the New York-based artist known for his work across mediums, as well as independent publishing including the acclaimed editioned art journal North Drive Press. This monograph expands on a recent solo exhibition by the artist at Rogaland Kunstsenter; Stavanger, Norway, titled "Portable Document Format." The show was organized as an idiosyncratic retrospective, with Keegan remaking sculptures dating from 2006 to 2015, initially fabricated in Sheetrock and steel, in cardboard. Like the exhibition, the publication serves both as a project and a reference for the artist's work. Essays by Tom McDonough and John Miller theorize Keegan's production, while interviews with

Sara VanDerBeek and Anna Craycroft underscore the artist's ongoing engagement with his peer group. Furthered by contributions from colleagues Uri Aran, Leslie Hewitt and James Richards, situated alongside full-color installation photos and reproductions of work from the past decade, Matt Keegan: OR provides a solid introduction and layered overview of the artist's multifarious practice.
