Billboard Hal Leonard Corporation

Por primera vez, Rudy Pérez, leyenda de música, comparte su extraordinario proceso desde un pobre niño refugiado en Miami hasta la composición de las mejores canciones de éxito en el escenario mundial. Nombrado el compositor latino más exitoso de la historia, Rudy Pérez es el creador de algunos de los discos más vendidos de Beyoncé, Julio Iglesias, Christina Aguilera e Il Divo. En sus exclusivas memorias, Rudy cuenta sobre su infancia en Cuba y las apasionantes visitas a su padre en la cárcel durante el apogeo de la revolución comunista. Al mirar atrás al peligroso escape de su familia en uno de los últimos vuelos de la libertad a los Estados Unidos, Rudy nos cuenta sobre los años de pobreza y lo que es crecer en un vecindario asolado por el crimen. Estos recuerdos contrastan con los tiernos momentos de baile con sus hermanos junto la banda de música, escuchando los clásicos favoritos de su madre y balanceándose con melodías de blues junto a su padre. A una temprana edad, Rudy intentó recrear la música que amaba, y su talento lo llevó a una carrera sin precedentes con más de trescientas canciones exitosas. Con años de arduo trabajo, creatividad incesante y una fuerte fe, Rudy fue el primer artista de música latina en ganar el Premio Billboard Producer of the Decade. Repasando su legado ganador de cinco Premios Grammy, él comparte historias de fe poco conocidas y anécdotas de su trabajo con estrellas como Fergie, Jaci Velasquez, Michael Bolton, Simon Cowell y Sam Moore. El *Latin Hit Maker* es una lectura obligada para todos los amantes de la música, una historia genuina del paso de la pobreza a la riqueza, llena de inspiración, detalles fascinantes y un poderoso recordatorio de la gracia de Dios y la creatividad transformadora.

"We are so superior to the Mexicans in race, in organization, in discipline, in morality and in elevation of feeling, that I beg your Excellency to be so good as to inform the emperor that I am already master of Mexico." - French General Charles de Lorencez before the Battle of Puebla There are two great misconceptions about Cinco de Mayo in the United States, despite the fact it has become one of the country's most beloved days. The first misconception is that the date marks the Independence of Mexico, and the second is that the celebration was imported in relatively recent times by Mexican immigrants. In fact, May 5 does not mark Mexico's independence (which is celebrated on September 16), but the day of the most important battle in the

history of the country, fought against the French. Furthermore, the celebration of Cinco de Mayo did not originate in Mexico but in America in the 1860s, shortly after the Battle of Puebla. Indeed, Mexico was still occupied by the French at the time, and Cinco de Mayo is actually as American as apple pie. The Battle of Puebla took place 100 miles east of Mexico City in May 1862, pitting a poorly-fed, ill-equipped and inexperienced Mexican army, largely formed by peasants who were simply given a rifle or a saber, against one of Europe's greatest powers. Nonetheless, the results would demonstrate not only Mexico's integrity but also the crumbling of colonial European power in the Americas. The triumph of a modest Mexican general who was born in Texas was a surprise not only for Mexicans, but even more so for French Emperor Napoleon III and his army, considered to be "the first soldiers of the world." It also resonated in the European press that expected to see a re-conquest of Mexico without great difficulties. Things would forever be different in the Americas. 150 years later, Cinco de Mayo is firmly established as a party day for millions of people, most notably in America. The streets fill with dances, colorful parades, mariachi music, and lots of Mexican food, as Americans consume 81 million pounds of avocados, millions of bags of tortilla chips, and \$735 million worth of beer, not to mention the countless margaritas made with 127 million liters of tequila, a drink that everyone properly associates with Mexico. The celebration is not limited to the Hispanic community, either, as people of all origins commemorate the day to recognize Mexico's contribution to North American history or to have fun and drink more tequila than ever. Even America's federal government has joined the festivities; since the 1980s, the White House has celebrated Cinco de Mayo with mariachi music and Mexican dances, making clear the connection between the

Mexican victory and America's own Civil War. Cinco de Mayo: The History of the Battle of Puebla and the Famous Mexican Holiday looks at the important battle, its ramifications, and the celebration of the event. Along with pictures of important people, places, and events, you will learn about Cinco de Mayo like never before.
