The Pleiadian Workbook is a direct transmission from the Pleiadian Emissaries of Light--Light beings from the Pleiades--who say it's time now for spiritual growth, ascension, and healing. Through Amorah

Quan Yin, we are taught to open our "Ka Channels," which pull energy from our multidimensional, holographic selves into our physical bodies. These galactic healing techniques align us with our divine selves, raise our vibratory rates, and rejuvenate and balance our bodies, while accelerating spiritual evolution and stimulating emotional healing.

Archetypes Simon and Schuster

New York Times best-selling author Caroline Myss draws from her years as a medical intuitive to show that healing is not only physical; it is also a

mystical phenomenon that transcends reason. Inspired by ordinary people who overcame a wide array of physical and psychological ailments—from rheumatoid arthritis to cancer—Caroline dove into the works of the great mystics to gain a deeper understanding of healing’s spiritual underpinnings. Based on these studies, she demonstrates how conventional and holistic medicine often fall short in times of need. Both systems rely upon a

logical approach to curing illness when there is nothing reasonable about the emotional, psychological, or spiritual influences behind any ailment. Integral to this mystical healing approach is the engagement of the soul, which we experience through exploring our seven shadow passions, building an empowered inner self around our seven inherent graces, and learning how to work with the mystical laws that govern it. This knowledge holds the key to understanding what it

means to defy gravity and break through the boundaries of ordinary thought. You can heal any illness. You can channel grace. And you can learn to live fearlessly.

Through 5 practical steps, Dr. Judith Orloff's guide will show you how to recapture, nurture, and affirm your intuitive ability, so that you can utilize it to help heal yourself. In her groundbreaking book, Dr. Orloff leads readers to the heart of a radical

revolution in health care: the union of medicine and intuition, of body, mind, and soul. Intuition plays an indispensable role in self-diagnosis, pain control, immune response, and recovery from acute and chronic illness; it can lead you to breakthroughs in anxiety, panic, depression, and other emotional blockages, even when traditional psychotherapy has failed. Intuition also offers insights into the use of medications and the selection of the right healer for your needs.

Further, it is integral for sexual healing, since sexuality is a potent connector and energy source for clarifying spirituality and improving vitality. With Dr. Orloff's five practical steps, you'll learn to clarify your beliefs, listen to your body's messages, access inner guidance, sense subtle energy, and interpret your dreams. Practicing the steps, you'll recognize early warning signals and act on them to help prevent illness. You'll have skills to uncover important

information from meditation and remote viewing (a way of intuitively tuning in) to make sense of confusing signals. The insights you'll gain from these tools will lend reason, compassion, and meaning to events such as illness, loss, or despair. Following Dr. Orloff's simple, clear instructions, illustrated with examples from her own experience and psychiatric practice, you'll recapture a sense of vision that will bring vibrance to all that you do. "Our intuition can

open us up to our spirituality and show us how to be more healthy and whole," writes Dr. Orloff. "If you're in good health, you'll want to know about intuition because it can help you stay well and recognize messages that prevent illness. If you or your loved ones need healing, you'll also want intuition to show the way." Written with abundant warmth, humor, and compassion, this guide is your companion to a healthier, more fulfilling life.

 Karol Truman provides a comprehensive and enlightening resource for getting in touch with unresolved feelings which, she explains, can distort not only happiness but also health and well-being. Leaving no emotion unnamed, and in fact listing around 750 labels for feelings, Truman helps identify problem areas, and offers a "script" to help process the feelings, replacing the negative feeling with a new, positive outlook. A

chapter on the possible emotions below the surface in various physical ailments gives the reader plenty to work with on a deep healing level.
FEELINGS BURIED ALIVE NEVER DIE combines a supportive, common-sense, results-oriented approach to a problem that is widespread and that can stop people from living fully.

Defy Gravity Simon and Schuster

How leaders can achieve something meaningful—transform a brand, a workplace, a technology, themselves—beyond holding an influential

position. Do you want to do work that is worthy of your time and talent? Do you want to make your mark on your industry, company, or within your community? Are you satisfied with the fact that reengineering, quality improvements, and other changes never really make a lasting impact? Then you need to go beyond the techniques of improvement and learn the skills that it takes to be extraordinary. The power to be extraordinary is not one we are born with. Rather, it is a power

that one can learn, and Tracy Goss helps executives realize this power. Here in this book for the first time, Goss makes her coursework available to the general reader. Goss's unique methodology shows how you how you can "put at risk the success you've become for the power of making the impossible happen." She positions executives to take on the future that they dream about. She teaches how to behave differently so that you are free of past constraints. She shows

how you can be at home in the environment in which you are constantly surrounded by threats, and how to transcend the ordinary to make the impossible happen. Her work has resulted in many important life changes and organizational reinventions worldwide. "Goss offers powerful information, far above the glib self-help mush that already lines the shelves. She answers the fundamental question of why management fads do not work: the personal work has not yet been

done." —Library Journal

Why People Don't Heal
 Red Wheel/Weiser
 For more than two decades, internationally renowned pioneer in energy medicine Caroline Myss has been studying how people use their personal power. Through her special brand of spiritual insight and intuition, her popular workshops, and her

bestselling books, Myss has helped hundreds of thousands of people meet the lifelong challenge of managing their spiritual energy and improving their lives. Now, in this inspiring new book, Myss expands her message about power in an entirely new spiritual direction. With characteristic originality, she explains how we become channels for divine grace and a conduit for miracles through kind, compassionate, generous actions, or, as she calls them, invisible acts of

power. When we act compassionately, without a private agenda or expectation of credit or reward, God works invisibly, anonymously through us. And as we move from visible acts, such as giving a friend a helping hand, to invisible acts, such as prayer and healing, we undergo a profound journey of personal empowerment. The myriad simple but profound ways that people connect to create small miracles, gain a greater sense of spirituality, and transform

their own -- and others' -- lives in an instant will inspire you to your own invisible acts of power...and attract them to you.

A self-help guide to understanding the language of archetypal symbols and harnessing them for personal success. Deep within your mind is a realm filled with powerful symbols that drive your thoughts, behaviors, and actions—often without your knowledge. This is the hidden world of “archetypes”: universal symbols responsible for who you are, how the world sees you, and what you believe about yourself and your life’s purpose. The Power of Archetypes

will help you identify, understand, and work with the archetypes that exist beyond your conscious awareness to create your reality “behind the scenes.” You will also learn how to clear out old symbols that may be blocking you from the happiness and success you dream of. You will examine: • The roles of the subconscious and collective unconscious in shaping your identity, and why it is so hard to change “you” • The most common archetypes and what they symbolize •

Global archetypes in religion, politics, and pop culture, and how they affect you • Ways to identify archetypes working in your life and the skills to change them and become more authentic. Archetypes reveal your plot and your purpose. The good news is, if you don’t like them, you can choose more empowering symbols to create a completely new story of your life.

Internationally renowned motivational teacher, spiritual instructor, and popular theologian Caroline Myss has created a transcendent work of unique insight and revelation in *Entering the Castle*. This exciting new teaching of contemporary mysticism is also a brilliant synthesis of the psychology of consciousness and of Eastern and Western mystical traditions. Myss provides a highly original

inner path to self-knowledge -- which is also the road into a spiritual knowledge of God and your own soul -- as she reveals a necessary external path, one that takes you out into the world to serve God and others as a mystic without a monastery -- without having to retreat into total silence, self-denial, or isolation. As her main template for this extraordinary, modern spiritual journey, Myss uses the beloved, revered writings of *The Interior Castle* by Teresa of Ávila.

Adapting Teresa's vision of the soul as a beautiful crystal castle with many floors, or mansions, and many rooms within those mansions, Myss guides us from room to room, helping us meet different aspects of our self, our soul, and our spirit -- preparing us for the ultimate encounter with God and our own divinity. Through intense practices and methods of spiritual inquiry adapted for contemporary life, she helps us to develop our personal powers of prayer, contemplation,

and intuition and to ascend the seven levels of soul knowledge that build an ever stronger interior castle of our own -- a soul of strength and stamina. As in all her books, Myss also recounts stories of profoundly moving real-life experiences -- of her own, as well as of her students and of renowned spiritual figures -- that bring home the universal truth of her insights. Presiding over the entire book and journey are the great mystics, ancient and contemporary, of Christianity, Judaism,

Islam, and Hinduism with their inspiring lives and discerning spirits. And over all, the benevolence, truth, and gentle and tough love of Teresa of Ávila shine through. Doubtless Myss's most deeply personal, revealing, compassionate, and transforming book yet, *Entering the Castle* is a comprehensive guidebook for the journey of your life -- a journey into the center of your soul. There, peace, God, and a fearless bliss wait for you to discover them...and claim them for

your own.

Scribe Edith Ellis met the spirit of George Washington one evening in 1955. He contacted her from the Other Side to ask if she would serve as a channel so that he could

dictate his autobiography for his "fellow American Patriots," believing that he had kept his personal feelings about his life far too private. Edith agreed, although she was nearly blind and in her mid-70s. So began a most extraordinary partnership between Edith Ellis and the "Founding Father of America." The result is this remarkable book that has taken more than 60

years to reach the public. This book is a must-read for everyone who feels the spirit of the Founding Fathers surrounding us again.
