Exploring violent confrontation between the state and the population in colonial and postcolonial India, this book is both a study of the ways in which governments in India used collective coercion and state violence against the population, and a cultural history of how acts of state violence were interpreted by the population.

This book provides a sustained engagement with contemporary Indian feature films from outside the mainstream, including Aaranaya Kaandam, I.D., Kaul, Chauthi Koot, Cosmic Sex, and Gaali Beeja, to undercut the dominance of Bollywood focused film studies. Gopalan assembles films from Bangalore, Chennai, Delhi, Kolkata, and Trivandrum, in addition to independent productions in Bombay cinema, as a way of privileging understudied works that deserve critical attention. The book uses close readings of films and a deep investigation of film style to draw attention to the advent of digital technologies while remaining fully cognizant of 'the digital' as a cryptic formulation for considering the sea change in the global circulation of film and finance. This dual focus on both the techno-material conditions of Indian cinema and the film narrative offers a fulsome picture of changing narratives and shifting genres and styles.

It's no secret that certain social groups have predominated India's business and trading history, with business traditionally being the preserve of particular 'Bania' communities. However, the past four or so decades have seen a widening of the social base of Indian capital, such that the social profile of Indian business has expanded beyond recognition, and entrepreneurship and commerce in India are no longer the exclusive bastion of the old mercantile castes. In this meticulously researched book, acclaimed for being the first social history to document and understand India's new entrepreneurial groups, Harish Damodaran looks to answer who the new 'wealth creators' are, as he traces the transitional entry of India's middle and lower peasant castes into the business world. Combining analytical rigour with journalistic flair, India's New Capitalists is an essential read for anyone seeking to understand the culture and evolution of business in contemporary South Asia.

The story is told. The curtain has been brought down on it. Two life-sentences have been run. And I have brought together my recollections of them within the cover of this book. They are narrated in brief and put together within the narrowest. When I came into this world, God sent me here possibly on a sort of life-sentence. It was the span of life allotted to me by time to stay in this 'prison-house of life'. This story is but a chapter of that book of life, which is a longer story not yet ended. You can finish reading the book in a day, while I had to live it for 14 long years of transportation. And if the story is so tiresome, unendurable and disgusting to you, how much must have been the living of it for me! Every moment of those 14 years in that jail has been an agony of the soul and the body to me, and to my fellow convicts in that jail. It was not only fatiguing, unbearable and futile to us all, it was equally or more excruciating to them as to me. And it is only that you may know it and feel the fatigue, the disgust and the pain of it as we have felt it, that I have chosen to write it for you.

—Excerpts from this book This is the story of Swatantrayaveer Vinayak Damodar Savarkar—a great revolutionary, politician, poet and seer who tried to free India from the British yoke! British policy was to torture and persecute the political prisoners/revolutionaries so that they would reveal the names of all their colleagues or go mad or commit suicide. My Transportation for Life is a firsthand story of the sufferings and humiliation of an inmate of the infamous Cellular Jail of Andamans, the

legendary Kala Paani. The physical tortures inside the high walls were made all the more insufferable by the sickening attitude of the men who mattered—the native leaders back home. This is a running commentary on the prevalent political conditions in India and a treatise for students of revolution. It is a burning story of all Tapasvis who were transported to Andaman. My Transportation For Life by Veer Savarkar: This book is an autobiographical account by the renowned Indian freedom fighter Vinayak Damodar Savarkar, commonly known as Veer Savarkar. In his memoir, Savarkar recounts his experiences as a political prisoner in British colonial India, his transportation to the infamous Cellular Jail in the Andaman and Nicobar Islands, and his enduring struggle for India's independence. Key Aspects of the Book "My Transportation For Life by Veer Savarkar": Political Imprisonment: Veer Savarkar provides a firsthand account of his imprisonment, torture, and life in the notorious Cellular Jail, shedding light on the harsh conditions faced by freedom fighters during the colonial era. Struggle for Independence: The book delves into Savarkar's unwavering commitment to the cause of Indian independence and his enduring spirit even in the face of adversity. Historical Significance: Veer Savarkar's memoir is a valuable historical document that offers insight into the life and sacrifices of one of India's prominent freedom fighters, making it an essential read for those interested in Indian history. Veer Savarkar was a prominent Indian freedom fighter, poet, and writer born in 1883. He played a pivotal role in the struggle for India's independence from British rule. His early activism, writings, and political activities led to his arrest and transportation to Cellular Jail in 1909. Despite enduring immense hardships, Savarkar continued to inspire generations with his unwavering commitment to the cause of India's freedom. "My Transportation For Life by Veer Savarkar" offers a unique perspective on the life and struggles of this legendary freedom fighter.

Decolonizing Anarchism examines the history of South Asian struggles against colonialism and neocolonialism, highlighting lesser-known dissidents as well as iconic figures. What emerges is an alternate narrative of decolonization, in which liberation is not defined by the achievement of a nation-state. Author Maia Ramnath suggests that the anarchist vision of an alternate society closely echoes the concept of total decolonization on the political, economic, social, cultural, and psychological planes. Decolonizing Anarchism facilitates more than a reinterpretation of the history of anticolonialism; it also supplies insight into the meaning of anarchism itself. Praise for Decolonizing Anarchism: "Maia Ramnath offers a refreshingly different perspective on anticolonial movements in India, not only by focusing on little-remembered anarchist exiles such as Har Dayal, Mukerji and Acharya but more important, highlighting the persistent trend that sought to strengthen

autonomous local communities against the modern nation-state. A superbly original book.”—Partha Chatterjee, author of *Lineages of Political Society: Studies in Post-colonial Democracy* “[Ramnath] audaciously reframes the dominant narrative of Indian radicalism by detailing its explosive and ongoing symbiosis with decolonial anarchism.”—Dylan Rodríguez, author of *Suspended Apocalypse: White Supremacy, Genocide, and the Filipino Condition*

This book makes a modest attempt to contribute to the ongoing debate on future challenges for Afghanistan as the largest ever coalition of Western forces prepares to withdraw. It seeks to examine key political developments within Afghanistan over the last one decade in response to the US-led Western military and political intervention. Perhaps, much more is still to come in a war that could aptly be termed as the last big war of the twentieth and first long war of the twenty-first century. The emerging social and political narratives are unmistakably old and echo the sentiments of the past. Though a 'New Afghanistan' has emerged in the meanwhile, it remains fundamentally an urban phenomenon. The diversity of narratives and perceptions, and failure of past political transitions to build a sustainable internal balance of power, based on changed social and political realities, have turned Afghanistan into a complex entity that defies established theoretical formulations and explanations. The evolving security and political scenario suggests that elections alone may not help bring stability and order to Afghanistan. The next dispensation in Kabul, irrespective of its composition, is most likely to be confronted with a host of old and familiar challenges to its legitimacy and survival.

Mumbai has produced many dons—but perhaps none so colourful as Abu Salem. The flamboyant ex-aide of Dawood Ibrahim is best known for his involvement in the Mumbai blasts of 1993 and for the murder of music composer Gulshan Kumar. But he became equally famous for his relationship with actress Monica Bedi and his close connection to Bollywood, leading to a number of attempted murders of the film industry's biggest names. Now comes the ultimate telling of his life from the writer who knows the Mumbai underworld better than anyone else. Gripping, full of unknown details and first-hand accounts, *My Name is Abu Salem* is another unputdownable book from S. Hussain Zaidi.

An authentic, heartfelt and compelling narrative – straight from the horse’s mouth – that reveals for the first time numerous unknown aspects of the life and times of one of the greatest legends of all time who stands out as a symbol of secular India. Dilip Kumar (born as Yousuf Khan), who began as a diffident novice in Hindi cinema in the early 1940s, went on to attain the pinnacle of stardom within a short time. He came up with spellbinding performances in one hit film after another – in his almost six-decade-long career – on the basis of his innovative capability, determination, hard work and never-say-die attitude. In this unique volume, Dilip Kumar traces his journey right from his birth to the present. In the process, he candidly recounts his interactions and relationships with a wide variety of people not only from his family and the film fraternity but also from other walks of life, including politicians. While seeking to set the record straight, as he feels that a lot of what has been written about him so far is ‘full of distortions and misinformation’, he narrates, in graphic detail, how he got married to Saira Banu, which reads like a fairy tale! Dilip Kumar relates, matter-of-factly, the event that changed his life: his meeting with Devika Rani, the boss of Bombay Talkies, when she offered him an acting job. His first film was *Jwar Bhata* (1944). He details how he had to learn everything from scratch and how he had to develop his own distinct histrionics and style, which would set him apart from his contemporaries. After that, he soon soared to great heights with movies such as *Jugnu*, *Shaheed*, *Mela*, *Andaz*, *Deedar*, *Daag* and *Devdas*. In these movies he played the tragedian with such intensity that his psyche was adversely affected. He consulted a British psychiatrist, who advised him to switch over to comedy. The result was spectacular performances in laugh riots such as *Azaad* and *Kohinoor*, apart from a scintillating portrayal as a gritty tonga driver in *Naya Daur*. After a five-year break he started his ‘second innings’ with *Kranti* (1981), after which he appeared in a series of hits such as *Vidhaata*, *Shakti*, *Mashaal*, *Karma*, *Saudagar* and *Qila*.

The Himalaya, a global biodiversity hotspot, sustains about one-fifth of the humankind. Nestled within the north-western mountain ranges of the Himalaya, the Jammu and Kashmir (J&K) State harbours more than half of the biodiversity found in the Indian Himalaya. The wide expanse of State, spread across the subtropical Jammu, through the temperate Kashmir valley, to the cold arid Ladakh, is typical representative of the extensive elevational and topographical diversity encountered in the entire Himalaya. This book, the most comprehensive and updated synthesis ever made available on biodiversity of the J&K State, is a valuable addition to the biodiversity literature with global and regional relevance. The book, arranged into 7 parts, comprises of 42 chapters contributed by 87 researchers, each of whom is an expert in his/her own field of research. The precious baseline data contained in the book would form the foundation for assessing current status of knowledge about the bioresources, identify the knowledge gaps, and help prioritization of conservation strategies to steer the sustainable use of biodiversity in this Himalayan region. Given the breadth of topics covered under the banner of biodiversity in this book, it can surely serve as a model for documentation of biodiversity in other regions of the world. The book will be of immense value to all those who, directly or indirectly, have to deal with biodiversity, including students, teachers, researchers, naturalists, environmentalists, resource managers, planners, government agencies, NGOs and the general public at large.

How a family-run business from humble Bikaner transformed Haldiram into a global, much-loved brand In the early twentieth century, a young man, Ganga Bhashan Agarwal, aka Haldiram, gained a reputation for making the best bhujia in town. Fast-forward a century and the Haldiram's empire has revenue much greater than that of McDonald's and Domino's combined. In *Bhujia Barons*, Pavitra Kumar tells the riveting story of the Agarwal family in its entirety—a feat never managed before. It begins in dusty, benign Bikaner and traces the rise and rise of this home-grown label, now one of the most-recognized Indian brands in the world. The Haldiram's story is not an average business story—it's chock-full of family drama, with court cases, jealousy-fuelled regional expansion, a decades-old trademark battle, and a closely guarded family secret of the famous bhujia. Fast-paced and captivating, this book provides a delicious look into family business dynamics and the Indian way of doing business.

The high-stakes game of the underworld has new faces, working for and against Dawood Ibrahim - the shadowy, manipulative figure that pulls the strings. Dawood's own deputy turned arch-rival Chhota Rajan, thug-turned-politician Arun Gawli, Amar (Raavan) Naik and his engineer brother Ashwin Naik, and a host of other characters, big and small, walk the pages of this compelling history of the Maharashtrian mobsters who were once dubbed 'amchi muley', 'our boys', by Shiv Sena chief Bal Thackeray. Equally fascinating are the stories of the famous - and infamous - policemen and 'encounter specialists' who took the gangs on with great success and not too many scruples. Violence and deceit one expects to read of, but the strength of this book is also its ability to capture the mundane - almost naive - beginnings of what very quickly became the organized crime and brutal vendettas that held Mumbai to ransom through the last decades of the twentieth century. Meticulously researched and thrillingly told by the acknowledged expert on the underworld, this is faster-paced than *Dongri to Dubai*, and even more chilling in its implications for India and the subcontinent.

India's Westernized elite, cut off from local traditions, 'want to write a full stop in a land where there are no full stops'. From that striking insight Mark Tully has woven a superb series of 'stories' which explore Calcutta, from the Kumbh Mela in Allahabad (probably the biggest religious festival in the world) to the televising of a Hindu epic. Throughout, he combines analysis of major issues with a feel for the fine texture and human realities of Indian life. The result is a revelation. 'The ten essays, written with clarity, warmth of feeling and critical balance and understanding, provide as lively a view as one can hope for of the panorama of India.' K. Dongri to Dubai is the first ever attempt to chronicle the history of the Mumbai mafia. It is the story of notorious gangsters like Haji Mastan, Karim Lala, Varadarajan Mudaliar, Chhota Rajan, Abu Salem, but above all, it is the story of a young man who went astray despite having a father in the police force. Dawood Ibrahim was initiated into crime as a pawn in the hands of the Mumbai police and went on to wipe out the competition and eventually became the Mumbai police's own nemesis. The narrative encompasses several milestones in the history of crime in India, from the rise of the Pathans, formation of the Dawood gang, the first ever supari, mafia's nefarious role in Bollywood, Dawood's move to Karachi, and Pakistan's subsequent alleged role in sheltering one of the most wanted persons in the world. This story is primarily about how a boy from Dongri became a don in Dubai, and captures his bravado, cunningness, focus, ambition, and lust for power in a gripping narrative. The meticulously researched book provides an in-depth and comprehensive account of the mafia's games of supremacy and internecine warfare.

In these delightfully candid musings about his life and his cinema, RGV reveals the man behind pioneering Telugu and Hindi films such as *Shiva*, *Rangeela*, *Satya*, *Sarkar*, *Bhoot* and *Company*. Discussing a wide range of subjects, from the influences and circumstances that drew him to films to his cinematic techniques, his successful and unsuccessful films, his Bollywood idols, his relations with the media and the controversies dogging him, *Guns & Thighs* is as much about RGV's life and philosophy of life as about his films and the Indian film world. Characteristically, he pulls no punches, whether he's talking about movies, women or the media. Even when it comes to his own films, he embraces his failures as much as his successes and dissects them with rare honesty and humility. Refreshingly contrarian and politically incorrect, this book discloses a perspective as colourful and larger than life as Indian films. It is not for RGV fans alone but for all those passionate about cinema and the people associated with it.

This book sheds new light on Indian communication cultures and the critical philosophical trajectories of Gilles Deleuze and Felix Guattari. It explores issues such as contemporary communication cultures in India, nationalism, subjectivities, negotiating and protesting bodies, music on social media, children on reality television, and the materialities of Indian films. The book provides a balance between issues of communication from a philosophical perspective and issues of philosophy from a communication perspective in the Indian context. This engaging examination of two modes of thought is an important resource for anyone interested in communication studies, modern philosophy, cultural and media studies.

Khallaas - an A to Z Guide to the Underworld Manitham Publishers

This book studies the hitherto overlooked genre of horror cinema in India. It uncovers some unique and diverse themes that these films deal with, including the fear of the unknown, the supernatural, occult practices, communication with spirits of the deceased, ghosts, reincarnation, figures of vampires, zombies, witches and transmutations of human beings into non-human forms such as werewolves. It focusses on the construction of feminine and masculine subjectivities in select horror films across seven major languages – Hindi, Tamil, Telugu, Kannada, Bangla, Marathi and Malayalam. The author shows that the alienation of the body and bodily functions through the medium of the horror film serves to deconstruct stereotypes of caste, class, gender and anthropocentrism. Some riveting insights emerge thus, such as the masculinist undertow of the possession narrative and how complex structures of resistance accompany the anxieties of culture via the dread of laughter. This original account of Indian cinematic history is accessible yet strongly analytical and includes an exhaustive filmography. The book will interest scholars and researchers in film studies, media and cultural studies, art, popular culture and performance, literature, gender, sociology, South Asian studies, practitioners and as well as cinephiles.
