The works of
the Buddha
can feel vast,
and it is
sometimes

difficult for
even longtime
students to
know where to
look,
especially
since the
Buddha never
explicitly

defined the framework behind his teachings. Designed to provide just such a framework, In the Buddha's Words is an anthology of the Buddha's works that has been specifically compiled by a celebrated scholar and translator. For easy reference, the book is arrayed in ten thematic sections ranging from "The Human Condition" to "Mastering the Mind" to "The Planes of Realization."

Each section comes with introductions, notes, and essays to help beginners and experts alike draw greater meaning from the Buddha's words. The book also features a general introduction by the author that fully lays out how and why he has arranged the Buddha's teachings in this volume. This thoughtful compilation is a valuable resource for both teachers and those who want to read the Buddha on

their own.

Two sisters discover the power of love and the true meaning of compassion in this princess-adventure story based on an ancient Chinese tale. Miao Shan isn't your typical princess. She likes to spend her time quietly

meditating with the creatures of the forest or having adventures with dragons and tigers. Miao Shan's heart is so full of love that her dream is to spread happiness throughout the land and help people endlessly. But her father has other plans for her--he intends to have her married and remain in the palace. With the help of her little sister Ling, Miao Shan escapes and begins her journey to

discover the true meaning of compassion. During their adventure, Ling and Miao Shan are eventually separated. Ling must overcome doubts, fears, and loneliness in order to realize what her sister had told her all along--that love is the greatest power in the world. After the sisters' reunion, Miao Shan realizes her true calling as Kuan Yin, the goddess of compassion. A princess-

adventure story like none other, this ancient Chinese tale of the world's most beloved Buddhist hero is a story of sisterhood, strength, and following your own path.

School Hay House, Inc This bibliography examines literature in English for young people concerning the Indian subcontinent and associated areas, including Bangladesh, India, Nepal,

Pakistan, and Sri Lanka. It presents the perspectives of authors native to the region as well as non-native authors, and reflects the rich folklore and traditional culture of the subcontinent, its checkered history, and modern challenges. An introductory essay traces the development of children's literature in the region since 1947 and reviews major themes and trends in western children's literature

about the subcontinent. The many entries are organized into chapters by country, which are then subdivided by genre. Further access is afforded by indexes of authors, illustrators, titles, and subjects. Annotations provide plot summary, thematic analysis, and literary evaluation and also assess sensitivity to multicultural and international concerns. Buddhist Birth

Golden Foot Disha Publications Analayo investigates the meditative practices of compassion and emptiness by examining and interpreting material from the early Buddhist discourses. Similar to his previous study

of satipaa'-a'-hana, he brings a new dimension to our understanding by comparing Pali texts with versions that have survived in Chinese, Sanskrit and Tibetan. The result is a wide-ranging exploration of what these practices meant in early Buddhism.

The Pali work, entitled 'the Jataka', the first volume of which is now presented to the reader in an English form, contains 550 Jatakas or Birth-stories, which are arranged in 22 nipatas or books. This division is roughly founded on the number of verses (gathas) which are quoted in each story; thus the first book contains 150 stories, each of which only quotes one verse, the second 100, each of which quotes two,

the third and fourth 50 each, which respectively quote 3 and 4, and so on to the twenty-first with 5 stories, each of which quotes 80 verses, and the twenty-second with 10 stories, each quoting a still larger number. Each story opens with a preface called the paccuppannavatthu or 'story of the present', which relates the particular circumstances in the Buddha's life which led him to tell the

birth-story and thus reveal some event in the long series of his previous existences as a bodhisatta or a being destined to attain Buddhahood. This is volume 1, comprising the 'Ekanipata.'. *The Rabbit Who Overcame Fear* Shambhala Publications Treasury of the True Dharma Eye (Shobo Genzo, in Japanese) is a monumental work, considered to be one of the profoundest expressions of

Zen wisdom ever put on paper, and also the most outstanding literary and philosophical work of Japan. It is a collection of essays by Eihei Dogen (1200-1253), founder of Zen's Soto school. Kazuaki Tanahashi and a team of translators that represent a Who's Who of American Zen have produced a translation of the great work that combines accuracy with a deep understanding of Dogen's

voice and literary gifts. This eBook includes a wealth of materials to aid understanding, including maps, lineage charts, a bibliography, and an exhaustive glossary of names and terms—and, as a bonus, the most renowned of all Dogen's essays, "Recommending Zazen to All People." Simon and Schuster TCSE-Smith, blurb (final 9 August 2013) There are 400 million

Buddhists in the world. Buddhists in Australia make up 3% of the population. So why have Buddhists had so little to say about educating youth? And, can Buddhism survive in Australia without educating youth? Sue Smith in Buddhist Voices in School answers why Buddhists are reluctant to 'go public' on education, and how Buddhism has much to offer the critical

area of enhancing the wellbeing of young people. Here she distinguishes spiritual education from religion. Using case studies of Buddhist classes in primary schools Smith shows how a community adapted Buddha-Dharma to fit with contemporary education. The book describes how Social and Emotional Learning, inquiry and experiential approaches to education fit

well with the intentions of Buddhism. In these classes students learned to meditate and explored ethics through a lively selection of Jataka tales. Voices from a Buddhist community, state school teachers, parents and also students inform the narrative of this book. It is the students themselves that reveal over time how they have developed calm, focus, kindness, resilience and better ability

to make choices through their participation. The author concludes that the principles and techniques used in this program make potent contributions to current pedagogy. This book will be of great value to educators, academics and all those who have interest in Buddhism and who care about how children are educated. *Buddhist Birth-stories (Jataka Tales)* Greenwood

A Treasury of Wise Action

Dharma Pub
Around the beginning of the common era, Indian Buddhists began to collect fables, or jataka tales, illuminating various human virtues and foibles—from kindness,

cooperation, loyalty and self-discipline on the one hand to greed, pride, foolishness, and treachery on the other. Instead of populating these stories with people, they cast the animals of their immediate environment in the leading roles—which may have given the tales a universal appeal that helped them travel around the world, surfacing in the Middle East as Aesop's fables and in various other guises throughout East and Southeast Asia, Africa, Russia, and Europe. Author and painter Mark McGinnis has collected over forty of these hallowed popular tales and retold them in vividly poetic yet accessible language, their original Buddhist messages firmly intact. Each story is accompanied with a beautifully rendered full-color painting, making this an equally attractive book for children and adults, whether Buddhist or not, who love fine stories about their fellow wise (and foolish) creatures.
