Through poetry and story, *Daydreams and Night Visions* moves us through Charles Henley's transformational journey from a boy hopelessly addicted to drugs, alcohol, and the strife that accompanies addiction, to a man full of hope, love, and joy. In this book of rhymes and wisdom, we get a glimpse of an emotional state of mind we might not otherwise understand. We get a first-hand view of the conversion from and remorse for a life of sin to the daydreams and night visions that Henley experienced during and after his conversion. These visions made him acutely aware of the struggle between good and evil as demonic forces battled for the possession of his soul. This awareness helped him not only prepare for the battle but claim victory over it. This poetic look at a life of a sinner once saved is a look at faith and hope at the end of the road of despair. It's not only written for those who suffer from similar addictions, it's also written to give hope and advice to friends and relatives who feel helpless as they watch their loved ones losing the battle for their souls—if only for a season.

This is a story about romance at different levels, at different times and with different people making life the essence of good and evil. They are not aware of what they are doing because romance takes up all the time in loves expectations. The young are eager to experience love which has two different connotations. When you view Agape Love on the one hand and Erotic Love on the other you will notice a difference. Here we will examine the very essence of love and try to give an explanation of what love does when two people are truly in love. There is also a court case included that involves lesbians. Mac Dominick is suing Mystique Kalama for trying to take his wife Hachita and destroying his marriage. Ms. Kalama claims a love affair with Hachita. It should not be viewed as a secret. Love is connected with time, and time has its limitations in human life. However, there is also tantric that is discussed and used to help you in the understanding of getting on the same wavelength. The

characters are using tantric love to get closer together and experience the difference of origin for man and women. You will be exposed to a brilliant conversation to their states of mind, their grudges, resentments, frustrations, hopes and ambitions. All this will end when they recognize that life is change and when it stops it ends.

Astonishing True Story of the Miracles That Are Changing Africa Born into a long line of witch doctors, Surprise ("Surpresa") Sithole was destined for a life of fear, oppression, and poverty in the jungles of Africa. "Staying here tonight. A beautiful motel as most of them are and there are so many." So wrote a traveler spending a night at a motel between Richmond and Petersburg, Virginia writing home on the motel's postcard in 1955. U.S. Highway 1, before the arrival of Interstate 95, was considered America's Main Street, the most heavily traveled highway on the east coast, running from the Canadian border in Maine to Key West, Florida. In 2010, Highway 1 was designated an Historic Highway. The stretch of highway between Richmond and Petersburg, long known locally as the Richmond-Petersburg Turnpike, or "Pike" for short, was an important stopover for tourists driving to and from Florida and the number, and variety, of travel accommodations attest to the Pike's popularity. Using over 160 postcards along with over 55 other images including some provided by the Virginia Department of Historic Resources and the Chesterfield County Historical Society, the book provides a history of motels, tourist courts, tourist camps, etc. that flourished along Historic Highway 1 from 1920 to 1975. But *Spending the Night on the Pike* is not a history of postcards. It is a history of what postcards tell us about travelers in the first half of the 20th century and of the evolution of the lodging that accommodated them. For many tourist courts and motels, postcards are the only record remaining of these once vibrant businesses and are the source of clues that help identify buildings that still remain but are hidden or disguised. For those motels still operating, their postcards give us a glimpse of their former glory, when they were new and polished, before the arrival of the interstates that siphoned off the tourist business. And they tell of the time when motels

were family-owned “Mom and Pop’s” and proudly advertised that fact on their postcards. It is also a nostalgic look back for those who remember the time when road trips required driving through towns instead of around them and of a time that seems less complicated, less stressful, and less rushed. And for those who take the time to look, the motels, tourist courts, and tourist cabins still standing provide us a reminder of that earlier time.

The author explains his poetic mission thus: ‘it is the cultural tradition in my part of the world, that when abominations become unbearable, and the truth must be told with great courage, then the night masquerade appears...in order to set a senseless practice right; sometimes the night masquerade must confront the ruler and point out the nakedness of his utterances...this is the voice of the night masquerade, I am only the medium.’ The ensuing collection of poems is divided into three sections: ‘Night’ - alluding to the night the mother of the spirits walked the length and breadth of the clan, weeping for her murdered son, in ‘Things Fall Apart’; ‘Night Vigil’, and ‘Night Passages’. This book was joint winner of the Association of Nigerian Authors’ Poetry Prize in 1997.
