Looseleaf for The

Unfinished Nation: A

Concise History of the

American People McGraw-
Hill Education

A fascinating chronicle of how the character of American society revealed itself under the duress of World War II. The Second World War exists in the American historical imagination as a time of unity and optimism. In 1942, however, after a series of defeats in the Pacific and the struggle to establish a beachhead on the European front, America seemed to be on the brink of defeat and was beginning to splinter from within. Exploring this precarious moment, Tracy Campbell paints a portrait of the deep social, economic, and political fault lines that pitted factions of citizens against each other in the post-Pearl Harbor era, even as the nation mobilized,

government-aided industrial infrastructure blossomed, and parents sent their sons off to war. This captivating look at how American society responded to the greatest stress experienced since the Civil War reveals the various ways, both good and bad, that the trauma of 1942 forced Americans to redefine their relationship with democracy in ways that continue to affect us today.

American Pageant Simon and Schuster

The latest iteration of Alan Brinkley's American History, a comprehensive U.S. History program, transforms the learning experience through proven, adaptive technology helping students better grasp the issues of the past while providing instructors greater insight on student performance. Known for its clear, single voice and balanced scholarship, Brinkley asks students to think historically about the many forces shaping and re-shaping our dynamic history.

Rockridge Press
An Atlas and Survey of Latin American History makes the geography, the demography, and the political, social, and economic history of the region easily accessible in clearly drawn black-and-white maps and accompanying text. Fully up to date, it provides a topical overview of Latin American development from earliest times to the present day, bringing to light patterns of continuity and change. The Atlas is ideal for beginning

through advanced college students, area specialists, and secondary school AP students. It demonstrates the close linkages between Latin American history, culture, economic development, and geographic realities. Each entry and map is accompanied by a brief, carefully selected bibliography.

Brinkley, American History: Connecting with the Past AP Edition ©2015 15e, Student Edition W. W. Norton & Company
Native American History Until surprisingly recently, most history books noted that America was discovered in 1492 by Christopher Columbus. The truth was that by the time that Columbus arrived in America, people had been living there for more than 12,000 years. During this time, the indigenous people of North America lived without contact with other continents. Different groups developed separate and distinct ways of life, cultures, and societies but all shared one common characteristic: they relied on the land to provide them with food, and they developed a series of religions that, while separate, shared a respect for nature and

imbued many animals and natural features with spiritual characteristics. These beliefs, combined with the fact that most of these societies were relatively primitive compared to those emerging in other parts of the world, meant that the Native Americans were able to live in harmony with the natural world. These people had sophisticated and complex belief systems, but they built no cities, no wheeled vehicles, and developed nothing beyond the most basic written language. Although many millions of people lived in North America, their impact on the landscape and the natural systems was minimal. Then, abruptly, white settlers arrived, bringing with them new technologies and weapons, new religions, and an indifference towards nature. They also brought with them diseases to which the Native Americans had never before been exposed. Within two hundred years, the Native American population dwindled to a fraction of what it had been; the survivors were herded onto reservations on which they could not follow their traditional

ways of life and where they were denied the most basic human rights. Inside you will read about... ✓ The Emergence of Native American Peoples and Cultures ✓ Life before the White Men ✓ European Settlers Arrive ✓ Early Wars in America ✓ American Expansion ✓ Ghost Dancing and the Wounded Knee Massacre And much more! Only in the twentieth century did the population of Native American people begin to recover, and only then did the general population of America begin to regard these cultured and sophisticated people as anything but savages. This is the story of the gradual rise, sudden destruction, and slow recovery of the native people of North America.

#1 NEW YORK TIMES BESTSELLER • Pulitzer Prize-winning author Jon Meacham helps us understand the present moment in American politics and life by looking back at critical times in our history when hope overcame division and fear. ONE OF OPRAH'S "BOOKS THAT HELP ME THROUGH" • NAMED ONE

OF THE BEST BOOKS OF THE YEAR BY NPR • The Christian Science Monitor • Southern Living Our current climate of partisan fury is not new, and in *The Soul of America* Meacham shows us how what Abraham Lincoln called the "better angels of our nature" have repeatedly won the day. Painting surprising portraits of Lincoln and other presidents, including Ulysses S. Grant, Theodore Roosevelt, Woodrow Wilson, Franklin D. Roosevelt, Harry S. Truman, Dwight Eisenhower, and Lyndon B. Johnson, and illuminating the courage of such influential citizen activists as Martin Luther King, Jr., early suffragettes Alice Paul and Carrie Chapman Catt, civil rights pioneers Rosa Parks and John Lewis, First Lady Eleanor Roosevelt, and Army-McCarthy hearings lawyer Joseph N. Welch, Meacham brings vividly to life turning points in American history. He writes about the Civil War, Reconstruction, and the birth of the Lost Cause; the backlash against immigrants in the First World War and the resurgence of the Ku Klux Klan in the 1920s; the fight for women's rights;

the demagoguery of Huey Long and Father Coughlin and the isolationist work of America First in the years before World War II; the anti-Communist witch-hunts led by Senator Joseph McCarthy; and Lyndon Johnson's crusade against Jim Crow. Each of these dramatic hours in our national life have been shaped by the contest to lead the country to look forward rather than back, to assert hope over fear—a struggle that continues even now. While the American story has not always—or even often—been heroic, we have been sustained by a belief in progress even in the gloomiest of times. In this inspiring book, Meacham reassures us, "The good news is that we have come through such darkness before"—as, time and again, Lincoln's better angels have found a way to prevail. Praise for *The Soul of America* "Brilliant, fascinating, timely . . . With compelling narratives of past eras of strife and disenchantment, Meacham offers wisdom for our own time."—Walter Isaacson "Gripping and inspiring, *The Soul of America* is Jon Meacham's declaration of his faith in

America.”—Newsday
 “Meacham gives readers a long-term perspective on American history and a reason to believe the soul of America is ultimately one of kindness and caring, not rancor and paranoia.”—USA Today

The Routledge History of American Sport Yale University Press

The Routledge History of American Sport provides the first comprehensive overview of historical research in American sport from the early Colonial period to the present day. Considering sport through innovative themes and topics such as the business of sport, material culture and sport, the political uses of sport, and gender and sport, this text offers an interdisciplinary analysis of American leisure. Rather than moving chronologically through American history or considering the historical origins of each sport, these topics are dealt with organically within thematic chapters, emphasizing the influence of sport on American society. The volume is divided into eight thematic sections that include detailed original essays on particular facets of each theme. Focusing on how sport has

influenced the history of women, minorities, politics, the media, and culture, these thematic chapters survey the major areas of debate and discussion. The volume offers a comprehensive view of the history of sport in America, pushing the field to consider new themes and approaches as well. Including a roster of contributors renowned in their fields of expertise, this ground-breaking collection is essential reading for all those interested in the history of American sport.

U.S. History Routledge Author and award-winning scholar-professor Fred Kleiner continues to set the standard for art history textbooks, combining impeccable and authoritative scholarship with an engaging approach that discusses the most significant artworks and monuments in their full historical and cultural contexts. The most widely read and respected history of art and architecture in the English language for over 85 years, the 15th edition of GARDNER'S ART THROUGH THE AGES: A GLOBAL HISTORY, VOLUME I includes nearly 200 new images, new pedagogical box features,

images that have been upgraded for clarity and color-fidelity, revised and improved maps and architectural reconstructions, and more. More than 40 reviewers -- both generalists and specialists -- contributed to the accuracy and readability of this edition. GARDNER'S has built its stellar reputation on up-to-date and extensive scholarship, reproductions of unsurpassed quality, the consistent voice of a single storyteller, and more online resources and help for students and instructors than any other art survey text. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

American History Routledge

"The inside story of American history. One of the most popular American history texts ever written, The American Pageant combines colorful anecdotes, first-person quotations, and the authors' trademark wit to engage students like no other text. This revised edition includes in-depth explorations of the cultural innovations,

artistic movements, and intellectual doctrines that have engaged and inspired Americans and shaped the course of American history. New in-text features present primary sources, scholarly debates, and key historical figures, and offer context for the major periods in American history -- giving you the tools you need to analyze key events and eras like a historian!"--Back cover.

We the People Read Books Ltd

Give Me Liberty! is the #1 book in the U.S. history survey course because it works in the classroom. A single-author text by a leader in the field, Give Me Liberty! delivers an authoritative, accessible, concise, and integrated American history. Updated with powerful new scholarship on borderlands and the West, the Fifth Edition brings new interactive History Skills Tutorials and Norton InQuizitive for History, the award-winning adaptive quizzing tool.

Leaders and Thinkers in American History: A Childrens History Book: 15 Influential People You Should Know

Rockridge Press

The most widely read history of art in the English language for more

than 80 years, GARDNER has built its stellar reputation on the inclusion of the most significant images and monuments, discussions of these images in their full historical and cultural context, reproductions of unsurpassed quality, scholarship that is up-to-date and deep, and more help for students and instructors than any other survey text. The 13th Edition adds to this heritage with new images and new full-color reconstructions, as well as a unique ?scale? feature that helps students visualize the size of each work.

Boston : Little, Brown

"I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," Leaves of Grass
The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom

and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of The American Yawp will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. The American Yawp traces the development of colonial

society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, *The American Yawp* gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

The Federalist Papers
Harvard University Press
Published by OpenStax
College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender.

The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

The epic history of Cuba from before Columbus arrived to modern times and its complex relationship with the United States

America's History
Wadsworth Publishing Company
THE AMERICAN PAGEANT enjoys a reputation as one of the most popular, effective, and entertaining texts on American history. The colorful anecdotes, first-person quotations, and trademark wit bring American history to life. The 16th edition includes a major revision of Part Six (the period from 1945 to the present), reflecting recent scholarship and providing greater thematic coherence. The authors also condensed

and consolidated material on the Wilson presidency and World War I (formerly Chapters 29 and 30) into a new single chapter. A new feature, "Contending Voices," offers paired quotes from original historical sources, accompanied by questions that prompt students to think about conflicting perspectives on controversial subjects. Additional pedagogical aids make THE AMERICAN PAGEANT accessible to students: part openers and chapter-ending chronologies provide a context for the major periods in American history, while other features present additional primary sources, scholarly debates, and key historical figures for analysis. Available in the following options: THE AMERICAN PAGEANT, Sixteenth Edition (Chapters 1-41); Volume 1: To 1877 (Chapters 1-22); Volume 2: Since 1865 (Chapters 22-41). Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
