Amidst the glamour of high society, a tawdry secret will change Lily's life forever... 1958. The last year debutantes will be presented at court to the young Queen Elizabeth and officially come out into society. To appease her traditional mother, aspiring university student Lily Nicholls agrees to debut and do the Season - a glittering and gruelling string of endless balls and cocktail parties. There she befriends two women: aloof Leana Hartford, whose apparent perfection hides a darker side, and ambitious Katherine Norman, who dreams of a career after helping her parents find their place among the elite. But the sparkle of the Season dims when Lily learns a devastating secret that threatens to destroy her entire family. Faced with a murky past, what will she choose for her future: her family legacy, or her own, uncertain happiness? A fast-paced and compelling historical novel for fans of Kate Morton and *The Crown*. Praise for *The Last Dance of the Debutante* "Between the crinkling of crinolines and the popping of champagne corks, *Last Dance of the Debutante* leads us on a glorious dance through the traditional glamour and suffocating expectations of a bygone era." Genevieve Graham, bestselling author of *Letters across the Sea* "Julia Kelly elegantly brings to life the last official presentation of debutantes at court with her exquisitely researched and beautiful written detail. This story was so decadent, I wanted to don silk and crinoline and read it with a glass of champagne." Madeline Martin, New York Times bestselling author of *The Last Bookshop* in London "Refreshing, intriguing, oozing with elegance, and with three female leads who will keep you thoroughly engrossed, a charming gem of a novel which will delight fans of *The Crown*." Hazel Gaynor, New York Times bestselling author of *The Lighthouse Keeper's Daughter* "An insightful and engaging look at this neglected subject ... an unforgettable journey of a young woman's liberation." Piper Huguley, author of *By Design: the story of Ann Lowe, Society's Best-Kept Secret* "Peels back layers of lush glamour and the extraordinary expectations of the London Season to give us a glimpse into a world teetering on the brink of change and the choices facing those who navigated it. Woven with heartfelt emotion, this novel is a captivating, unforgettable story of one woman's journey to find love, truth, and, most importantly, herself." Kelly Bowen, author of *The Paris Apartment* "Kelly's descriptions of the glamorous, though long nights, are captivating. The pressure these young women feel to impress and make the right match is exhausting, and Kelly evokes compassion for her characters. The story is full of allure, society scandals, and the determination for these young women to eschew the dying traditions of the time." Booklist "The engrossing narrative dishes out the right amount of tension while moving the plot forward at a satisfying pace... Kelly succeeds at bringing a bygone world to life." Publishers Weekly

Richly illustrated with photographs by award-winning nature photographer Noppadol Paothong, and accompanied by the text of accomplished natural history writer Kathy Love, this book tells the story of the sage-grouse, its habitat in the vast Sagebrush Sea of the Intermountain West, and the threats faced by both. Although the sage-grouse once flourished in many Western US states and provinces of Canada, in the past century its populations have diminished drastically. Today, fewer than 400,000 sage-grouse remain, and conservative legislation challenging the preservation of public wild lands increasingly threatens the sage-grouse. This book is designed not only to build awareness on the issues threatening the sage-grouse, but to stimulate and inspire readers to join the fight for environmental conservation and wilderness preservation. Bird lovers, nature enthusiasts, and residents of the American West will delight in viewing the beauty of the sage-grouse and emerge with a deeper sense of the many interests affecting the sagebrush ecosystem and the conservation efforts being implemented. This book is one of the most visually stunning and comprehensive documentations of one of the most iconic species of the United States, great for Bird lovers, nature enthusiasts, students, and residents of the American West.

This is the second volume of the widely acclaimed *Art of the Cut* book published in 2017. This follow-up text expands on its predecessor with wisdom from more than 360 interviews with the world's best editors (including nearly every Oscar winner from the last 30 years). Because editing is a highly subjective art form, and one that is critical to the success of motion picture storytelling, it requires side-by-side comparisons of the many techniques and solutions used by a wide range of editors from around the world. That is why this book compares and contrasts methodologies from a wide array of diverse voices and organizes that information so that it is easily digested and understood. There is no one way to approach editorial problems, so this book allows readers to see multiple solutions from multiple editors. The interviews contained within are carefully curated into topics that are most

important to film editors and those who aspire to become film editors. The questions asked, and the organization of the book, are not merely an academic or theoretical view of the art of editing but rather the practical advice and methodologies of actual working film and TV editors, bringing benefits to both students and professional readers. The book is supplemented by a collection of downloadable online exclusive chapters, which cover additional topics ranging from Choosing the Project to VFX. In addition to the supplementary chapters, access to the full-color, full-resolution images printed in the book—and other exclusive images—is included.

The fifteenth collection by a celebrated poet whose "terrific, boisterous energy has never flagged" (Megan Harlan, *San Francisco Chronicle*). In *Save the Last Dance*, Gerald Stern gives us a stunning collection of his intimately personal—yet always universal, and always surprising—poems, rich with humor and insight. Shorter lyric poems in the first two parts continue the satirical and often redemptive vision of his last collection, *Everything Is Burning*, while never failing to carve out new emotional territory. In the third part, a long poem called "The Preacher," Stern takes the book of Ecclesiastes as a starting point for a meditation on loss, futility, and emptiness, represented here by the concept of a "hole" that resurfaces throughout.
