*Metallica Unbound* Bass Guitar

Their roots lie in the heavy rock of 70s groups like Deep Purple. The music they played—heavy metal mixed with punk attitude—became its own genre: thrash. Their bassist died and they survived to become the biggest-selling band in the world. As grunge threatened to overtake them, they reinvented themselves. Then their singer went into rehab and they almost fell apart. They are Metallica, the most influential heavy metal band of the last thirty years. As Led Zeppelin was for hard rock and the Sex Pistols were for punk, Metallica became the band that defined the look and sound of 1980s heavy metal. Inventors of thrash metal—Slayer, Anthrax and Megadeth followed—it was always Metallica who led the way, who pushed to another level, who became the last of the superstar rockers. Metallica is the fifth-largest selling artist of all time, with 100 million records sold worldwide. Their music has extended its reach beyond rock and metal, and into the pop mainstream, as they went from speed metal to MTV with their hit single "Enter Sandman". Until now there hasn't been a critical, authoritative, in-depth portrait of the band. Mick Wall's thoroughly researched, insightful work is enriched by his interviews with band members, record company execs, roadies,

and fellow musicians. He tells the story of how a tennis-playing, music-loving Danish immigrant named Lars Ulrich created a band with singer James Hetfield and made his dreams a reality. Enter Night follows the band through tragedy and triumph, from the bus crash that killed their bassist Cliff Burton in 1986 to the 2004 documentary Some Kind of Monster, and on to their current status as the leaders of the Big Four festival that played to a million fans in Britain and Europe and continues in the U.S. in 2011. Enter Night delves into the various incarnations of the band, and the personalities of all key members, past and present—especially Ulrich and Hetfield—to produce the definitive word on the biggest metal band on the planet.

**Metallica: Justice for All (New Revised Edition)** Hal Leonard Corporation

Reel Art Press are pleased to announce the publication of Metallica: The Black Album in Black & White. This official collaboration with Metallica and photographer Ross Halfin is an epic celebration of one of the best-selling albums of all time, featuring classic and previously unpublished photographs. It includes introductions by Ross Halfin, James Hetfield, Lars Ulrich, Kirk Hammett, Jason Newsted and Robert Trujillo.

*Best of ZZ Top for Bass (Songbook)* Two Thirteen Sixty One Publications

(Bass Play-Along). The Bass Play-Along Series will help you play your favorite songs quickly and easily! Just follow the tab, listen to the audio to hear how the bass should sound, and then play along using the separate backing tracks. The melody and lyrics are also included in the book in case you want to sing, or to simply help you follow along. The audio is available online for download or streaming, and it is enhanced so you can adjust the recording to any tempo without changing pitch! 8 songs: Battery \* Creeping Death \* Fade to Black \* For Whom the Bell Tolls \* Master of Puppets \* One \* Seek & Destroy \* Welcome Home (Sanitarium).

*Iron Maiden Bass Anthology* Hal Leonard Corporation

(If You Like). In hard rock history, there is the time before Metallica and there is everything that has come since: metal, punk, industrial, grunge, alternative all of it absorbed, transformed, and reinvented by the band that, for decades, has ruled as both the Beatles and the Stones of heavy music. From garage rock to the avant-garde, indie pop to hardcore punk and, of course, all shades of metal, If You Like Metallica... illuminates the sounds and styles that influenced and have been influenced by this band, in addition to nonmusical elements such movies, books, and cultural iconoclasts. Just as Metallica expanded heavy metal to new meanings and new possibilities, If You Like Metallica... expands being a fan of the band to an education and a treasure hunt that, put as bluntly as a devil-fingered salute to the face, rocks.

First 50 Rock Songs You Should Play on Electric Guitar Hal Leonard Corporation

This illustrated collector's guide includes the complete history of Metallica—including a family tree telling where all the band's members played before they joined Metallica, and where they went when they left—plus a complete discography, a list of all the cover songs the group has ever played, information on Metallica's web site, an interview on CD, and more.

*Metallica: Back to the Front* Da Capo Press

There has never been a hard rock band like Metallica. The California quartet has sold more than 100 million albums worldwide, won nine Grammy Awards, and had five consecutive albums hit number one on the Billboard charts. But Metallica's story, epic in scope, is a tale about much more than sales figures and critical acclaim, and their journey from scuzzy Los Angeles garages to the world's most storied stadiums has been dramatic and painful, their gigantic successes often shot through with tension, tragedy, loss, and controversy. Birth School Metallica Death is the definitive story of the most significant rock band since Led Zeppelin. Volume 1 covers the band's formation up to their breakthrough eponymous fifth album, aka "The Black Album." The intense and sometimes fraught relationship between aloof-yet-simmering singer, chief lyricist, and rhythm guitarist James Hetfield and the outspoken and ambitious drummer Lars Ulrich is the saga's emotional core. Their earliest years saw the release of three unimpeachable classics—Kill 'Em All, Ride the Lightning, and Master of Puppets—genre-defining masterpieces that took hard rock to a new level, both artistically and commercially. During these tumultuous times, the band persevered through line-up changes when guitarist Dave Mustaine was replaced by Kirk Hammet, and their bass player, the beloved Cliff Burton, was tragically killed in a bus crash while on tour in Europe. But it was the breakthrough of ...And Justice for All that rent the fabric of the mainstream, hitting the top of the charts without benefit of radio airplay or the then-crucial presence on MTV. And finally in 1991, with the release of their fifth studio album, nicknamed "The Black Album," Metallica hit the next level—five hit singles including their best-known songs "Enter Sandman" and "Nothing Else Matters"—and their first album atop the Billboard charts. In Birth School Metallica Death, veteran music journalists and Metallica confidants Paul Brannigan and Ian Winwood detail this meteoric rise to international fame in an epic saga of family, community, self-belief, the pursuit of dreams, and music that rocks. Told through first-hand interviews with the band and those closest to them, the story of Metallica's rise to the mainstream has never been so vividly documented.

**Bass Guitar Exercises For Dummies** Burlington, Ont. : Collector's Guide Pub.

(Bass Guitar Series). Matching folio to their critically acclaimed self-titled album. Includes: Enter Sandman \* Sad But True \* The Unforgiven \* Don't Tread On Me \* Of Wolf And Man \* The God That Failed \* Nothing Else Matters \* and 5 more metal crunchers.

**Metallica All the Songs** Chronicle Books

Approaching three decades of dominating the heavy metal world, "Metallica" has become the standard bearer for guitar-shredding, riff-bashing rock. From the pages of "Guitar World Magazine" comes this outstanding collection of interviews and insights. Whether you are a fan or a professional musician, you'll be entertained and educated by this comprehensive, in-depth collection.

The Bass Handbook Hal Leonard Corporation

James Hetfield, Metallica's front man, opens up his garage for an exclusive tour of the highlights of his incredible collection of restored and customized classic cars. Millions know James Hetfield as the front man of Metallica, but the acclaimed singer-songwriter has enjoyed another lifelong passion: restoring and customizing classic cars into magnificent pieces of automotive art. From cars such as the Skyscraper to the Aquarius and the Black Pearl, James Hetfield's collection of beautifully reimagined classic automobiles is truly stunning. For the first time, Hetfield is opening up his garage and inviting readers to dive under the hood of some of these internationally lauded classics. Featuring dynamic, specially commissioned photography of the cars and insight from Hetfield into their creation, this book is a unique opportunity to learn about the Metallica front man's passion for creating bespoke classic cars. James Hetfield's unique cars will be on display at the Petersen Automotive Museum in Los Angeles starting from February 2020.

**Van Halen - 30 Classics** John Wiley & Sons

(Percussion). Drum transcriptions to Metallica's second album, including: The Call of Ktulu \* Creeping Death \* Escape \* Fade to Black \* Fight Fire with Fire \* For Whom the Bell Tolls \* Ride the Lightning \* Trapped Under Ice.

Songs include: All My Loving \* Blowin' in the Wind \* Bridge over Troubled Water \* Canon in D \* Crazy \* Dust in the Wind \* Every Breath You Take \* Hallelujah \* Head like a Hole \* Let's Get It Started \* Let's Go Crazy \* Peter Gunn \* The Pink Panther \* Pride and Joy \* Slow Ride \* Stand by Me \* Sweet Child O' Mine \* Under Pressure \* Yesterday \* and more.

*Reclaimed Rust* Rowman & Littlefield

This indispensable handbook helps players of all levels produce better, more creative, and more varied bass lines. Divided into two sections - Playing Your Bass and Knowing Your Bass - it covers everything from tuning, reading music, scales and chords, and advanced techniques to tips on buying and upgrading a budget bass and troubleshooting. Along with a list of suggested listening and reference guide, this book provides an unrivalled digest of bass information that might otherwise take an entire career to amass. It begins with a 'Basics' section that assumes nothing about your ability. 'Scales and Chords' shows you how to add other notes to your bass lines and includes exercises to extend musical knowledge and train your ear. It develops your understanding of the links between chords and scales, helping you to play from a chord chart or to improvise when required. Most of the ideas and techniques can be achieved without reading music at all, although the information is there for those who can. The 'Reading music' section develops an intuitive approach using pattern recognition rather than the usual mechanical (counting) method, and introduces a skill that may eventually become important to your professional career. Advanced techniques includes harmonics and fretless bass.

*Metallica: 1983-1988* Bloomsbury Publishing USA

(Guitar Recorded Versions). This updated edition features 30 of Van Halen's most memorable hits in note-for-note transcriptions with guitar tab. Includes: Beautiful Girls \* Dance the Night Away \*
