A Cry For Justice II HarperCollins

A frosty television host, a bubbly bar owner, and a litter of abandoned kittens. The recipe for ratings gold...or heartbreak? Eve Marlow has her eyes on the prize: a third season of her popular business makeover show, *Do Over*. But when her ratings take an unexpected dive, Eve needs a blockbuster new client, or she can kiss season three goodbye. She has her work cut out for her, and that's before she discovers a litter of newborn kittens in a trash can. Now she's desperate to find someone to take them so she can concentrate on reviving her career. Josie Swanson had to put her kitten rescue on the back burner when she inherited her father's bar two years ago. Since then, she's invested all her time and energy into keeping it afloat, but despite her best efforts, Swanson's is going under. When she gets a phone call from Eve Marlow, host of the television show Josie applied to earlier that year, the woman she's convinced can save her bar, Josie hopes her luck has finally turned. Eve knows what she needs to succeed, and it isn't Josie-or her bar. There's no denying the chemistry sizzling between them, though. Josie's personality is as vibrant as her turquoise-tipped hair. She stirs things in Eve that haven't been stirred in a long time, but there's a reason she keeps her heart under lock and key. Eve stands to lose a lot more than her TV show if she lets her guard down, no matter how tempted she is to see if Josie's love would be worth the risk.

What would you do if, upon arriving home from a hard day's work, you found out that your wife had been brutally raped by someone you knew? What would you do? "He put a gun to my head and dragged me into a dark room. He pushed me down on the bed and said, 'If you make a sound, I will kill you.' He then pulled down my pants and raped me." Rape is a horrible crime. It is a crime that often leaves the victim psychologically scarred for life. Daniel Cummings is the husband of a rape survivor. The heinous crime of rape has been perpetrated upon his man's wife, and the culprit is identified by the victim. When the criminal's identity is made known to the agents of law enforcement, it is reasonably expected that justice will be served. When the culprit has been

positively identified as the rapist and those agencies empowered with the authority to arrest the culprit and thereby mete out justice consciously refuse to perform the duties they have been sworn to uphold, citing their own lack of confidence in the process of the justice system as the reason they will not perform their sworn duty, they have, by their own inaction, aligned themselves with the rapist and closed the doors to even a semblance of justice. What would you do? What would you do if you discovered that a knife and gun were used to force your wife into submission? What would you do? What would you do if, after doing everything that the law dictated a law-abiding citizen should do, all the right things that a traumatized man and wife could possibly endure by reporting the rape, you get slapped in the face with endless contrived humiliation? What would you do? Daniel Cummings hasn't been able to sleep. All he can think about is the knife put to his wife's throat, the gun put to her head, and the bloodstains on her pants from vaginal hemorrhaging. He knows he has to do something.

USA Today bestselling author Susannah B. Lewis (creator of *Whoa!* Susannah) is back with another hilarious take on what so many people are thinking but are afraid to say aloud. Millions of online fans have flocked to Susannah B. Lewis's hysterical, take-no-prisoners rants about her pet peeves in everyday life. Now, in *How May I Offend You Today?*, Lewis turns her trademark humor to ordinary events that work her nerves--from people who wear t-shirts with indecent images to public displays of affection in the plumbing aisle of Lowe's--while keeping a wry eye on herself and her own temptation to vent grievances "like a teenage girl in overalls and Birkenstocks." Weaving together anecdotes from her distinctly Southern life with frequent references to the Bible, what she calls "our manual for living," Lewis says what many of us have thought, and in the process encourages us to stand firm in our views. The witty-yet-down-to-earth banter and uplifting, inspirational message of *How May I Offend You Today?* gives readers everywhere the boost necessary to make it through even their most trying days.

A NEW YORK TIMES NOTABLE BOOK OF THE YEAR • NEW YORK TIMES BEST SELLER • From the indie rockstar of Japanese Breakfast fame, one of TIME's Most Influential People of 2022, and author of the viral 2018 New Yorker essay that shares the title of this book, an unflinching, powerful memoir about growing up Korean American, losing her mother, and forging her own identity. In this exquisite story of family, food, grief, and endurance, Michelle Zauner proves herself far more than a dazzling singer, songwriter, and guitarist. With humor and heart, she tells of growing up one of the few Asian American kids at her school in Eugene, Oregon; of struggling with her mother's particular, high expectations of her; of a painful adolescence; of treasured months spent in her grandmother's tiny apartment in Seoul, where she and her mother would bond, late at night, over heaping plates of food. As she grew up, moving to the East Coast for college, finding work in the restaurant industry, and performing gigs with her fledgling band--and meeting the man who would become her husband--her Koreanness began to feel ever more distant, even as she found the life she wanted to live. It was her mother's diagnosis of terminal cancer, when Michelle was twenty-five, that forced a reckoning with her identity and brought her to reclaim the gifts of taste, language, and history her mother had given her. Vivacious and plainspoken, lyrical and honest, Zauner's voice is as radiantly alive on the page as it is onstage. Rich with intimate anecdotes that will resonate widely, and complete with family photos, *Crying in H Mart* is a book to cherish, share, and reread.

Battle Cry for My Generation Dell

Suffering is an ugly word, especially when it's an undisputable part of your own life. It can literally destroy you""mind, body, and spirit. It can control you and turn you into someone you have never been. A loving, spiritual-minded person can become a crooked human being""bitter, desolate, wretched and hopeless but still a human being. Suffering transforms our attitude about

ourselves. Instead of us being self-confident and outgoing, it can humble us to the point of wanting to die. It removes the blinders to our vulnerability. It makes us fragile and weak, and it can often bring out the worst in us. A crooked tree is still a tree. Not every tree is tall and straight, nor is any person exempt from pain and suffering. A tornado can take a strong, straight tree and turn it into a pile of rubble with one gust. Just so, none of us expect to experience the pains of loss, disability, and suffering that may come without warning but, in a split second, changes the course of the rest of our lives. Even the strongest and most godly of human beings can reach a breaking point when the tragic events of life crush their human spirit. However, one of the lessons that I have learned through this experience is that God is not finished with me yet; I can find strength in my relationship with him and discover that I still have gifts to offer him. I must remember that God blesses even the crooked tree with what it needs to continue living. When I first wrote this book, I had been in the ministry for thirty years. Now it has been more than fifty-five years. It is proving to be a practical tool for training and use in caregiving rather than a theory or simple narrative. A Cry for Relief will tell you my story and the process of healing through the blessings of spiritual growth and tender caregiving.
