Part 1 is Dan Kennedy's book. It is memorable and timeless. Read every word. It's a winner. His laser guided radar is pointed at answering but one question. It is this. "Is there one, single secret to success of such overriding importance that, if concentrated upon exclusively, will literally change a person's entire life experience and results? If so, what is it?" In Part 2, co-author Tom Ribar offer you strategies from his life experience to help you grow your business and reach your goals. Here you will find 10 triggers or strengths he has found to be important principles on which you can base becoming the person who attracts success. In

Part 3 you will be introduced to 11 hand-picked entrepreneurs. They will describe the keys to their success and how they have applied many of the Kennedy-style marketing principles and practices. Each author in this section sets their own sail and is defining success on their own terms and in their own way. Please applaud each of these entrepreneurs for their successes. Part 4 is "Getting Started on Your Ultimate Success Journey. You will be introduced to the Glazer-Kennedy Insider's Circle, the place for prosperity, (your prosperity) where Entrepreneurs, Business Owners, Self-Employed Professionals and Sales/Marketing Pros gather each and every month in Green Bay and Madison to work ON their business. It is the one time every month where the visionary people who are committed to abandoning their old school of marketing get together. The monthly event is called a monthly marketing summit because the focus is on working

together, helping each other to improve their businesses. It is all about studying and applying Dan Kennedy's ideas, tactics, and strategies. Topics from business building and marketing to developing the right mind set to stay the course are all fair game at a monthly summit. The Glazer-Kennedy Insider's Circle is the 'place' where big ideas become your best practices.

Next to food and clothing, achieving personal and professional success is rated at the very top of the hierarchical order of human needs. Everybody wants to be somebody! In this ultimate success book that includes timeless information for generations to come, the author has meticulously chronicled proven skills, strategies and secrets that, if regularly followed, will empower the reader to live the life that they imagine. Just like your car's or phone's GPS, these life navigation skills can get you from where you are to where you want to go in your career. In addition, critically important knowledge and abilities, including job interviewing, must-know people skills, writing, and public speaking, are covered. In this book, the author has scoured the world's literature on these topics and interviewed highly successful people to provide one-stop shopping regarding the most proven and practical recommendations for future career success. He has also peppered the text with personal experiences and motivational/inspirational success stories, as well as testimonials/sage advice/quotes from the world's most successful

people --past and present. The key objectives of this book are to:

- Highlight the foundational factors underlying future career success: love what you do; realize that your behaviors largely determine your luck in life; emphasize that highly successful people take 100% responsibility for their actions and destiny; and that the secret to success involves the selfless serving of others. The rewards return—through a boomerang effect.
- Provide specific examples and inspirational stories highlighting 10 critical behavioral skills for success. These include: look for the good in people and situations; how to activate the law of attraction; establish goals in writing ("if it's not on paper, it's vapor"); take action (#1 success characteristic); know that persistence pays; ask for things you want; enhance your speaking, writing, and interviewing skills; why it's important to work with and learn from people you want to emulate; the essence of superb people skills (e.g., integrity, making others feel important); and to regularly apply the law of sow and reap.
- Detail complementary approaches, tactics, and perspectives that can help you achieve your breakthrough (major) life goals. These include: time management skills and the 80/20 rule; looking for greener pastures; showcasing your talents (visibility → opportunities); committing to never-ending improvements in performance, service (or products); embracing discipline/focus/sacrifice; routinely exceeding people's expectations; striving for greater rewards; and seeing an ocean of opportunities before you. In aggregate, these yield BIG rewards in life.
- Provide a potpourri of related topics, including unlooked-for opportunities; leadership and bringing out the best in those around you; avoiding overcautiousness; volunteering (raising your hand); reframing

future commitments; the power (and magic) of an unexpected thank you note; and the disproportionate dividends and good karma that result from giving back and mentoring others.

Here are Celebrity Experts(r) who have achieved success. They discuss their accomplishments for your guidance.
