Sociology McGraw-Hill Companies
 Make Sociology new with McGraw-Hill's
 Connect Sociology and the 11th edition of
 Sociology: A Brief Introduction. New to
 Connect is "Connect Insight™," the first
 and only analytics tool of its kind.
 "Connect Insight™," is a series of visual
 data displays—each framed by an intuitive
 question—to provide at-a-glance
 information regarding how your class is
 doing. Connect Insight makes razor-sharp
 tie-ins between the analysis it provides
 and the decisions instructors make. We
 pride ourselves on providing sophisticated
 technology that is intuitive and simple.
 Our elegant navigation allows professors

to focus on what's important: powering
 motivation within their classes. Connect
 also comes with LearnSmart, an adaptive
 questioning tool proven to increase
 content comprehension and student
 results, as well as fun interactivities that
 teach sociology's three theoretical
 frameworks. Finally, make sure students
 come prepared to class by assigning our
 many e-book activities. With McGraw-Hill's
 digital tools, focus on what you do
 best—teaching. Unique to this program,
 Sociology: A Brief Introduction encourages
 students to take sociology with them in
 their everyday lives, just as Rick keeps a
 small notebook of daily sociological
 events. In Sociology brief, instructors get
 the most trusted content in manageable
 form. This, coupled with powerful digital
 learning tools, makes Sociology brief an
 ideal choice for your introductory course.

Racial and Ethnic Diversity in the USA
 McGraw-Hill Humanities, Social Sciences &
 World Languages
 Technology and increasing levels of
 education have exposed people to more
 information than ever before. These
 societal gains, however, have also helped
 fuel a surge in narcissistic and misguided
 intellectual egalitarianism that has
 crippled informed debates on any number
 of issues. Today, everyone knows
 everything: with only a quick trip through
 WebMD or Wikipedia, average citizens
 believe themselves to be on an equal
 intellectual footing with doctors and
 diplomats. All voices, even the most
 ridiculous, demand to be taken with equal
 seriousness, and any claim to the contrary
 is dismissed as undemocratic elitism. Tom
 Nichols' The Death of Expertise shows how
 this rejection of experts has occurred: the

openness of the internet, the emergence of a customer satisfaction model in higher education, and the transformation of the news industry into a 24-hour entertainment machine, among other reasons. Paradoxically, the increasingly democratic dissemination of information, rather than producing an educated public, has instead created an army of ill-informed and angry citizens who denounce intellectual achievement. When ordinary citizens believe that no one knows more than anyone else, democratic institutions themselves are in danger of falling either to populism or to technocracy or, in the worst case, a combination of both. An update to the 2017 breakout hit, the paperback edition of *The Death of Expertise* provides a new foreword to cover the alarming exacerbation of these trends in the aftermath of Donald Trump's election. Judging from events on the ground since it first published, *The Death of Expertise* issues a warning about the stability and survival of modern democracy in the Information Age that is even more important today.

Sociology in Modules adapts to the classroom and students by utilizing a flexible teaching format. It allows instructors to choose the content they know and trust and present it in a layout that students can manage. Its proven online experience adapts to students' learning needs, enhancing the understanding of the topics and developing their sociological imagination. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective.

Sociology Matters/Richard T. Schaefer, Jana Grekul Tata McGraw-Hill Education
Sociology in Modules offers approachable content in a well-organized, flexible teaching format. The comprehensive program allows instructors to choose the content they'd like to present and introduce it in a layout that students can manage. Connect, the proven online experience, adapts to student's learning needs, enhancing the understanding of topics and developing their sociological imagination.

Sociology: A Brief Introduction Loose Leaf Routledge

The third edition of this seminal work includes the original text, first published in 1974, the updates and reflections from the second edition and two groundbreaking new chapters. *Power: A Radical View*

assesses the main debates about how to conceptualize and study power, including the influential contributions of Michel Foucault. The new material includes a development of Lukes's theory of power and presents empirical cases to exemplify this. Including a refreshed introduction, this third edition brings a book that has consolidated its reputation as a classic work and a major reference point within Social and Political Theory to a whole new audience. It can be used on modules across the Social and Political Sciences dealing with the concept of power and its manifestation in the world. It is also essential reading for all undergraduate and postgraduate students interested in the history of Social and Political Thought. New to this Edition: - A revised and refreshed introduction - Two new chapters on 'Domination and Consent' and 'Exploring the Third Dimension'

Study Guide for Sociology McGraw-Hill Education

Three basic premises guide this highly successful introductory text - first that theory and research must be both comprehensive and clear, second that the text must show how sociology is relevant both to the study of society and to students' lives and third that sociology can play a valuable role in teaching critical thinking skills. To that end, this solid, well respected text combines a balanced three-perspective approach with excellent student oriented examples, and distinctive social policy sections in a concise presentation that offers an alternative to full length books.

Sociology in Modules Loose Leaf McGraw-Hill Education

International Practice Theory is the definitive introduction to the practice turn in world politics, providing an accessible, up-to-date guide to the approaches, concepts, methodologies and methods of the subject. Situating the study of practices in contemporary theory and reviewing approaches ranging from Bourdieu's praxeology and communities of practice to actor-network theory and pragmatic sociology, it documents how they can be used to study international practices empirically. The book features a discussion of how scholars can navigate ontological challenges such as order and change, micro and macro, bodies and objects, and power and critique. Interpreting practice theory as a methodological orientation, it also provides an essential guide for the design, execution and drafting of a praxiographic study.

Student Study Guide for Use with Sociology McGraw-Hill Education

This is a low-cost, paperback, condensed version of *Sociology: A Brief Introduction*, Sixth Edition. The conciseness, readability, and highly focused coverage of *Sociology Matters* are designed to appeal to instructors who rely on several texts rather than on a single comprehensive textbook. Its design and pedagogy are both straightforward and streamlined. *Sociology Matters* features newly written chapter introductions and a unifying theme--answering the question How does sociology matter? After more than 30 years of teaching sociology to students in colleges, adult education programs, nursing programs, an overseas program based in London, and even a maximum-security prison, I am firmly convinced that the discipline can play a valuable role in teaching critical thinking skills. Sociology can help students to better understand the workings of their own lives as well as of their society and other cultures. --Richard T. Schaefer

Power Oxford University Press

Meet *Sociology Matters*: the third sibling in our Schaefer/Smith *Sociology* and Schaefer/Haaland *Sociology: A Brief Introduction* family of texts. This volume in the Schaefer introductory sociology series is perhaps the most unique. Though a slim, core-concepts volume, *Sociology Matters* does not sacrifice depth and breadth of coverage for its length. Rather, with streamlined use of features and visuals, it covers much of the same content as *Sociology: A Brief Introduction* in fewer pages, making it an attractive-and affordable-option for both university and college professors who enjoy the freedom of using readers and other ancillary material alongside their text. While delivering the fundamentals in sociological theory, research, and vocabulary, the First Canadian Edition of *Sociology Matters* also exercises readers' sociological imaginations, taking them on a journey towards the discovery of their own sociological perspectives and an understanding of why sociology matters in the real world.

[Racial and Ethnic Groups](#) Bloomsbury Publishing

Helps students understand and analyze race and ethnic issues *Racial and Ethnic Diversity in the USA* applies contemporary theories to race and ethnic relations. The text explores issues inherent in race and ethnicity and then applies these issues to the four largest minority ethnic groups in the U.S. This foundation will enable readers to discuss how diversity will change in the future. MySocLab is an integral part of the Schaefer program. Engaging activities and assessments

provide a teaching and learning system that helps students discover sociology in their lives. With MySocLab, students can watch videos on sociological core concepts, explore real-world sociology through the new Social Explorer, and develop critical thinking skills through writing. This learning program is available in a variety of formats and prices -- digital and print. Pearson offers its titles on the devices students love through Pearson's MyLab products, CourseSmart, Amazon, and more. To learn more about our programs, pricing options and customization.

Sociology McGraw-Hill College

In this 13th edition, Rick Schaefer provides a comprehensive, up-to-date introduction to sociology that appeals to students with a diversity of learning styles. The text focuses on sociology in the global community and encourages students to think about the world they're living in using a sociological imagination.

Sociology Matters with PowerWeb

Policy Press

Richard T. Schaefer's *Sociology Matters* is a concise introduction to the discipline of sociology. Its straightforward style, streamlined design, and highly focused coverage make it the perfect affordable, ultra brief, introductory text for instructors who use a variety of materials in their course.

Sociology Pearson/Education

Sociology: A Brief Introduction invites students to take sociology with them in their daily lives. This successful, student-friendly program includes strong coverage of race, ethnicity, and globalization. The approachable material encourages students to develop their sociological imaginations and start to think like a sociologist. Paired with Connect, a personal and adaptive learning experience, students learn to apply sociology's three theoretical frameworks to the world around them.

SOCIOLOGY MATTERS McGraw-Hill Humanities/Social Sciences/Languages
The new edition of *Sociology* helps students take Sociology with them on campus, in their careers, and in their communities. While still maintaining its well-balanced coverage of the 3 perspectives, this new revision has a strong focus on encouraging students to think about their world with a sociological imagination. Through its strong coverage of globalization, race and ethnicity, careers in sociology, and current topics like mass media and social policy,

Sociology provides students with knowledge they can use at school, at work, in their neighborhoods, and in the global community.

The Ecology of Human Development

McGraw-Hill Humanities Social
Sociology in Modules offers approachable content in a well-organized, flexible teaching format. The comprehensive program allows instructors to choose the content they'd like to present and introduce it in a layout that students can manage. Connect, the proven online experience, adapts to student's learning needs, enhancing the understanding of topics and developing their sociological imagination.

Sociology McGraw-Hill Ryerson
Available Open Access under CC-BY-NC licence. This book is about the opportunities and challenges involved in mainstreaming knowledge about children in international development policy and practice. It focuses on the ideas, networks and institutions that shape the development of evidence about child poverty and wellbeing, and the use of such evidence in development policy debates. It also pays particular attention to the importance of power relations in influencing the extent to which children's voices are heard and acted upon by international development actors. The book weaves together theory, mixed method approaches and case studies spanning a number of policy sectors and diverse developing country contexts in Africa, Asia and Latin America. It therefore

provides a useful introduction for students and development professionals who are new to debates on children, knowledge and development, whilst at the same time offering scholars in the field new methodological and empirical insights.
Sociology McGraw-Hill Humanities/Social Sciences/Languages

Like its predecessors, the ninth edition of this text reflects Rick Schaefer's mission to bring readers a comprehensive, up-to-date presentation that teaches them how to think critically about society and their own lives from a wide range of classical and contemporary perspectives. Combining balanced coverage of theory with current research findings, distinctive social policy sections, examples of interest to students, and abundant learning aids and exercises, this text will help students develop a sociological imagination. An optional package (ISBN 0-07-321521-X) combines the Schaefer, Ninth Edition with both PowerWeb and Reel Society Interactive Movie 2.0 CD-ROM. "The introductory sociology class provides the ideal laboratory in which to study our own society and those of our global neighbors. The distinctive emphasis on social policy found in this text shows students how to use the sociological imagination in examining such public policy issues as sexual harassment, the AIDS crisis, welfare reform, the death penalty, and privacy and censorship in an electronic age." Richard T. Schaefer

Relational Sociology McGraw-Hill Education

Like its predecessors, the fifth edition of this concise text reflects Rick Schaefer's mission to bring readers a comprehensive, up-to-date presentation that teaches them how to think critically about society and their own lives from a wide range of classical and contemporary perspectives. Combining balanced coverage of theory with current research findings, distinctive social policy sections, examples and issues of interest to students, and abundant learning aids and exercises, this text will help students develop a sociological imagination. "In the aftermath of September 11, 2001, sociology has been called on to explain the social consequences of the attacks.... The introductory sociology class provides the ideal laboratory in which to study our own society and those of our global neighbors. Sociology can help students to better understand the workings of their own lives as well as of their society and other cultures."-- Richard T. Schaefer
