Primarily aimed at teachers to use as a stimuli for philosophical enquiries in the classroom or even as starter activities to get them thinking from the off, it can also be used by parents for some great family thinking or indeed anyone fed up of being told what to think (or urged not to think) and who wants a real neurological workout. The proceeds of the book are going towards The Philosophy Foundation charity.

Um, hello-you didn't actually think we'd keep you waiting this entire year without giving you the Batgirls series we've all been wanting for forever, right? No way, we love you too much-just like Batgirls Cassandra Cain and Stephanie Brown, who are only able to navigate the dark, gritty, and oftentimes scary city of Gotham by leaning on the bright light that is their best-friendship. Mentored by Oracle, the Batgirls move to the other side of town where Barbara Gordon can keep a better eye on them while the hacker Seer is still invading their lives. Steph may be too rash sometimes, and Cass doesn't speak much-but what they lack in similarities they make up for with their mutual respect and love for each other...and what makes them stronger together as Batgirls! And they may be good at kicking ass, but they are just trying their best to be normal teenagers-who'll borrow the keys to a muscle car that belonged to a bad guy and perhaps give it a joyride around town without a driver's license, then race to get back home to Oracle by curfew...! Splashing the pages with bright colors against a dark backdrop of Gotham, Batgirls is the pizza slumber party of the year you don't want to miss!

Jojo is prepping for an exciting night; it's time for the bat count! Bats have always been a welcome presence during the summers in the family barn. But over the years, the numbers have dwindled as many bats in the area caught white-nose syndrome. Jojo and her family count the bats and send the numbers to scientists who study bats, to see if the bat population can recover. On a summer

evening, the family quietly makes their way to the lawn to watch the sky and count the visitors to their farm. This fictional story includes a 4-page For Creative Minds section in the back of the book and a 65-page cross-curricular Teaching Activity Guide online. Bat Count is vetted by experts and designed to encourage parental engagement. Its extensive back matter helps teachers with time-saving lesson ideas, provides extensions for science, math, and social studies units, and uses inquiry-based learning to help build critical thinking skills in young readers. The Spanish translation supports ELL and dual-language programs. The interactive ebook reads aloud in both English and Spanish with word highlighting and audio speed control to promote oral language skills, fluency, pronunciation, text engagement, and reading comprehension. Tap animals and other things that make noise to hear their sounds.

Public appreciation of the ecological value and remarkable biological adaptations of bats is rapidly changing. Bat-watching is one of the world's fastest growing specialist wildlife interests, and bat conservation groups have sprung up all over the world. This book was written to raise public awareness of bats in southern Africa, and to dispel some popular myths about them. It provides the prospective bat-watcher with both an authoritative species identification guide and a practical handbook. *Bats of Southern Africa* contains species accounts for all the region's 74 species of bats,

with descriptions and diagnostic features as well as information on habitat, social and roosting habits, diet, reproduction, echolocation call, distribution and conservation status. Superb photographs by world bat expert Dr. Merlin D. Tuttle and illustrations by Christeen Grant are supplemented by distribution maps and sonograms of ultrasound echolocation.

The irresistible Jake & Laura return in Michael Murphy's witty, fast-paced mystery series—perfect for readers of Dorothy Cannell and Christopher Fowler. In *The Big Brush-off*, the charming and indomitable duo heads to the Midwest to solve a chilling cold case of a young girl's murder. Blackie Doyle is dying. That's what Jake Donovan's literary agent tells him. Sales are falling, and the rough draft of Jake's latest Blackie novel doesn't look promising. Maybe Jake has been distracted by a recent barrage of real-life homicides, or by his marriage to the beautiful up-and-coming actress Laura Wilson, now slated for a part opposite Clark Gable himself. Whatever the reason, Jake decides to return to his roots. Which is why he and Laura hop the next train to the small town in Pennsylvania where Jake once worked as a Pinkerton detective. Ten years ago, the murder of a teenage girl interrupted life in quiet, God-fearing Hanover. The unsolved case has always gnawed at Jake, and it seems no coincidence that as soon as he starts digging up old ghosts, he's once again writing like a dervish. Nor is it surprising that some townfolk would rather see the truth stay buried—and maybe even Jake and Laura with it. But the glamorous crime-solving pair refuse to leave before sorting through a bevy of suspects—and at long last nailing the one who almost got away with the not-so-perfect crime. Praise for *The Big Brush-off* “This entry in the series is every bit as much fun as the previous books.”—Reading Reality “If you like clever repartee mixed with a fun historical whodunit and a bit of glamour mixed in, then this series is going to make your day.”—Popcorn Reads Praise for Michael Murphy's Jake & Laura mysteries “Glittering with a hint of Nick and Nora, Michael Murphy's 1930s Manhattan provides a witty setting for murder and mayhem.”—Mary Daheim, bestselling author of *The Alpine Yeoman*, on *The Yankee Club* “[Jake and Laura] are fun, witty, and charming, and [All That Glitters] is filled with the same kind of 1930s Hollywood glamour that made the film of *The Thin Man* such a classic.”—Popcorn Reads “The third installment in Murphy's series is just as much fun as the first. The mystery is full of twists with an ample amount of red herrings, suspects, and action.”—Mystery Please!, on *Wings in the Dark*
