Magicians and Outlaws.
An assortment of sages
sharpen Daniel's wide-
eyed outlook until he has

This unconventional

Shadowing the slippery

A tour de force account of
seduction, power, and
betrayal in the biggest
political sex scandal of its
age The Profumo Affair
rocked the British
establishment like no
scandal before or since.
The Tory war minister,
John Profumo, had taken
up with a teenager named
Christine Keeler, who was
also sleeping with a Soviet
intelligence agent. The
ensuing inquiry revealed a
hidden underworld in
which men of the ruling
classes and politicians
cavorted with prostitutes
at orgies. The revelations
shook the British

government and sent shock waves all the way to the Kennedy White House. The man at the center of the storm was Dr. Stephen Ward. Ward was a successful doctor to the rich and powerful, a talented artist who drew portraits of many of his famous patients and fixed up prominent men with young women. He was also a pawn, ruthlessly exploited by the intelligence agencies. When the Profumo Affair threatened the government, Ward became a scapegoat, hounded to death—and perhaps murdered. For the first time, *The Secret Worlds of Stephen Ward* reveals the names that could not be exposed and the truths that could not be told until now.

Truth and lies are two sides of the same coin. But who's flipping it? A thought-provoking and brilliantly entertaining work of nonfiction from one of the world's leading deceivers, the creator and star of the astonishing theater show and forthcoming film *In & Of Itself*. Derek DelGaudio believed he was a decent, honest man. But when irrefutable evidence to the contrary is found in an old journal, his memories

are reawakened and Derek is forced to confront--and try to understand--his role in a significant act of deception from his past. Using his youthful notebook entries as a road map, Derek embarks on a soulful, often funny, sometimes dark journey, retracing the path that led him to a world populated by charlatans, card cheats, and con artists. As stories are peeled away and artifices are revealed, Derek examines the mystery behind his father's vanishing act, the secret he inherited from his mother, the obsession he developed with sleight-of-hand that shaped his future, and the affinity he felt for the professional swindlers who taught him how to deceive others. And once he finds himself working as a crooked dealer in a big-money Hollywood card game, Derek begins to question his own sense of morality, and discovers that even a master of deception can find himself trapped inside an illusion. **A M O R A L M A N** is a wildly engaging exploration of the fictions we live as truths. It is ultimately a book about the lies we tell ourselves and the realities we manufacture in others.

America's First

Multimillionaire The Hustlers Gambling, Greed and the Perfect Con
Invitations to John Aspinall and John Burke's illegal gambling parties were the most sought after in 1950s London - only the wealthy and well-connected were allowed past their door. When the police finally arrested them, Aspinall and Burke challenged the law - and won. As a result gambling was legalised. Which interested crime boss Billy Hill and his lieutenant Bobby McKew, because suddenly clubs sprang up everywhere and Billy had a foolproof way of fixing the cards. He also had his eye on the ultimate prize, Aspinall's exclusive new club, The Clermont...
Revealing for the first time how Aspinall and Hill plotted to steal a fortune, based on testimony from Burke and McKew, *The Hustlers* is a riotous journey back to 50s and 60s London. With a cast of characters that ranges from safecracker Eddie Chapman to the reckless Earl of Derby, from croupier Louis the Rat to unlucky Lord Lucan, it vividly recreates the exploits of the gamblers and gangsters whose lives collided in the clubs and pubs of Mayfair.  The true story behind the Martin Scorsese film: A "riveting . . . account of how organized crime looted the casinos they controlled" (Kirkus Reviews). Focusing on Chicago bookie Frank "Lefty" Rosenthal and his partner, Anthony Spilotro, and drawing on extensive, in-depth interviews, the #1 New York Times—bestselling author of the Mafia classic *Wiseguy*—basis for the film *Goodfellas*—Nicholas Pileggi reveals how the pair worked together to oversee Las Vegas casino operations for the mob. He unearths how Teamster pension funds were used to take control of the Stardust and Tropicana and how Spilotro simultaneously ran a crew of jewel thieves nicknamed the "Hole in the Wall Gang." For years, these gangsters kept a stranglehold on Sin City's brightly lit nightspots, skimming millions in cash

for their bosses. But the elaborate scheme began to crumble when Rosenthal's disproportionate ambitions drove him to make mistakes. Spilotro made an error of his own, falling for his partner's wife, a troubled showgirl named Geri. It would all lead to betrayal, a wide-ranging FBI investigation, multiple convictions, and the end of the Mafia's longstanding grip on the multibillion-dollar gaming oasis in the midst of the Nevada desert. Casino is a journey into 1970s Las Vegas and a riveting nonfiction account of the world portrayed in the Martin Scorsese film of the same name, starring Robert DeNiro, Joe Pesci, and Sharon Stone. A story of adultery, murder, infighting, and revenge, this "fascinating true-crime Mob history" is a high-stakes page-turner (Booklist).

 A hardened ex-cop, Tony Valentine now nabs hustlers who rob casinos, and the Micanopy Indian Reservation Casino in South Florida desperately needs his expertise. A blackjack dealer has

rigged a game, dealt a player eighty-four winning hands in a row, and then disappeared. But the missing dealer is part of an even bigger, far deadlier scheme.

Valentine's trail leads him to Rico Blanco, a ruthless gangster who once worked for John Gotti; his shady, elusive partner-in-crime, Victor Marks; and a bombshell named Candy Hart, a hooker with dreams of love—a combination tailor-made to double-cross. It appears they have a con going down involving a cocky, filthy-rich Brit and his millions of dollars. Valentine's challenge: to figure out how all the pieces of the seamy puzzle fit together . . . before his luck runs out and his life goes bust.

Love and Honor in Las Vegas St. Martin's Press
In the early sixties, John Burke was running illegal gambling parties in Belgravia and his friend Bobby McKew was lieutenant to a notorious crime boss. Then, after the sensational court case in which their defence resulted in gambling being legalized, clubs sprang up everywhere, and both could see that there was money to be made. Finally able to tell their story, John and

Bobby describe the scam they called 'the big edge', an undetectable way to fix the cards. As John says, 'It was psychologically and mathematically brilliant. Einstein would have been proud of it.' It was the ultimate con, worth tens of millions of pounds. They stole from everyone - the rich and titled, movie moguls and the ordinary punter. Evoking London society in the 1950s and 60s, with fantastic characters from legendary safecracker Eddie Chapman and Great Train Robber Bruce Reynolds to Ian Fleming and the Maharaja of Baroda, *The Hustlers* is a gripping account of one of the twentieth century's most outrageous scams. 'What is so intriguing is how so many episodes, involving the rich, the dodgy, the outright criminal ... fit so neatly together to make up this Hogarthian tableau of a generation gone by' Daily Mail

America's economy is in meltdown. Banks have failed, foreclosures are sweeping the housing market, and stocks have suffered their worst losses since the Great Depression. Faced with a complex and spiraling crisis, the government has poured billions of taxpayer cash into a bailout with no end in sight. At every step of the way, *The Nation*, America's oldest weekly magazine, has tackled the most urgent questions facing the nation's leaders and its citizens with clarity and insight. *Meltdown* draws together nearly twenty years of the best of their coverage of the financial crisis and explores what steps President Obama and his

new administration must take to ensure a more secure future for everyone. Contributors include: William Greider on Alan Greenspan's flawed ideology Robert Sherrill on why the bubble popped Thomas Frank on the rise of market populism Christopher Hayes on the coming foreclosure tsunami Barbara Ehrenreich on the implosion of capitalism Kai Wright on how the subprime crisis is bankrupting black America Naomi Klein on Bush's final pillage Joseph E. Stiglitz on Henry Paulson's shell game Jesse Jackson on trickle-down economics Katrina vanden Heuvel and Eric Schlosser on why America needs a New New Deal *A Short History of Financial Scams* Pan Macmillan Today, we talk about Bernard Madoff, but in the early 20th century, they talked about George Graham Rice. Born Jacob Simon Herzig in 1870, he later changed his name - just as he would frequently change his swindles to make himself into one of the most colorfully successful villains in American history. T.D. Thornton now tells the story of Rice's life as it unfolded against the

dark rise of American greed in the early 20th century. In the early 1900s, Rice made market-manipulation killings valued at billions in today's dollars by inventing fictitious boom towns in Death Valley and flagrantly exaggerating worthless mining claims throughout the West. As a shameless racetrack tipster, Rice cultivated a national following of 100,000 daily subscribers who paid for the privilege of being tipped to bet on hopeless nags. Vilified by securities regulators as the "Jackal of Wall Street," Rice sparked riots in Manhattan's financial district by perfecting the art of "bucket shop" trading with the sole purpose of bilking the public blind. He was capable of pulling off everything from street corner rip-offs for pocket change to elaborately scripted gambling hoaxes, all while being vilified by old-guard profiteers like J.P. Morgan and befriended by gangsters like Arnold Rothstein. In *My Adventures With Your Money*, T.D. Thornton has given us a real-life version of *The Sting* with one of America's most colorful con men at it's center. *The Book of Proposition Bets* MSU Press

Now a major motion picture, written and directed by Aaron Sorkin and starring Jessica Chastain, Idris Elba, Kevin Costner, and Michael Cera—the true story of "Hollywood's poker princess" who gambled everything, won big, then lost it all. Molly Bloom reveals how she built one of the most exclusive, high-stakes underground poker games in the world—an insider's story of excess and danger, glamour and greed. In the late 2000s, Molly Bloom, a twentysomething petite brunette from Loveland Colorado, ran the highest stakes, most exclusive poker game Hollywood had ever seen—she was its mistress, its lion tamer, its agent, and its oxygen. Everyone wanted in, few were invited to play. Hundreds of millions of dollars were won and lost at her table. Molly's game became the game for those in the know—celebrities, business moguls, and millionaires. Molly staged her games in palatial suites with beautiful views and exquisite amenities. She flew privately, dined at exclusive restaurants, hobnobbed with the heads of Hollywood studios, was courted by handsome leading men,

and was privy to the world's most delicious gossip, until it all came

crashing down around her. Molly's Game is a behind the scenes look at Molly's game, the life she

created, the life she lost, and what she learned in the process.
