I can see her through the glass door. She's smaller in real life than I expected. She looks the exact opposite of the type of woman that might murder her husband. Everyone's heard of Simone Fischer. The young mother accused of killing her husband in cold blood, one sunny afternoon, while their son played in the room next door. So when journalist Esme secures an exclusive interview with her it feels like the opportunity of a lifetime. Simone has remained silent since her husband's death but after a decade in prison, she is willing to talk to Esme. And Esme, recently freed from her own toxic marriage, is confident she can

get Simone to open up. At their first meeting, when Esme sees Simone sitting across the table from her in jeans and a lemon tunic top, she is stuck by her ordinariness. Then Simone begins to tell her story of an abusive relationship where she was a prisoner in her own home, and Esme decides that the truth needs to come out. But not everyone is pleased that Esme is telling Simone's story. And when Esme's beloved sister is left for dead in a nearby wood, Esme's life begins to unravel. Forced to question what Simone has told her, she can't help but wonder if murder was the only way out of Simone's marriage. Why has it taken Simone so long to tell the world the truth? And will the consequences be devastating for Esme? An utterly addictive and jaw-dropping read from bestselling author K.L. Slater about the darkness behind closed doors. NEW YORK TIMES BESTSELLER • Psychologist Alex Delaware and detective Milo Sturgis search for answers to a brutal, decades-old crime in this electrifying psychological thriller from the master of suspense. LAPD homicide lieutenant Milo Sturgis is a master detective. He has a near-perfect solve rate and he's written his own rule book. Some of those successes—the toughest ones—have involved his best friend, the brilliant psychologist Alex Delaware. But Milo doesn't call Alex in unless cases are "different." This murder warrants an immediate call. Milo's independence has been compromised as never before, as the department pressures him to cater to the demands of a mogul: a hard-to-fathom, megarich young woman who is obsessed with reopening the coldest of cases—the decades-old death of the mother she never knew. The facts describe a likely loser: a mysterious woman found with a bullet in her head in a torched Cadillac that has overturned on infamously treacherous Mulholland Drive. No physical evidence, no witnesses, no apparent motive. And a slew of detectives have already worked the case and failed. But as Delaware and Sturgis begin digging, the mist begins to lift. Too many coincidences. Facts turn out to be anything but. And as they soon discover, very real threats lurking in the present. This is Delaware/Sturgis at their best: traversing the beautiful but forbidding place known as Los Angeles and exhuming the past in order to bring a vicious killer to justice.

The true-crime cult classic that inspired an upcoming Netflix docuseries and companion podcast, *The Ultimate Evil* follows journalist Maury Terry's decades-long investigation into the terrifying truth behind the Son of Sam murders. On August 10, 1977, the NYPD arrested David Berkowitz for the Son of Sam murders that had terrorized New York City for over a year. Berkowitz confessed to shooting sixteen people and killing six with a .44 caliber Bulldog revolver, and the case was officially closed. Journalist Maury Terry was suspicious of Berkowitz's confession. Spurred by conflicting witness descriptions of the killer and clues overlooked in the investigation, Terry was convinced Berkowitz didn't act alone. Meticulously gathering evidence for a decade, he released his findings in the first edition of *The Ultimate Evil*. Based upon the evidence he had uncovered, Terry theorized that the Son of Sam attacks were masterminded by a Yonkers-based cult that was responsible for other ritual murders across the country. After Terry's death in 2015, documentary filmmaker Josh Zeman (*Cropsey*, *The Killing Season*, *Murder Mountain*) was given access to Terry's files, which form the basis of his docuseries with Netflix and a companion podcast. Taken together with *The Ultimate Evil*, which includes a new introduction by Zeman, these works reveal the stunning intersections of power, wealth, privilege, and evil in America—from the Summer of Sam until today.

When Rabbit Howls Simon and Schuster

From the groundbreaking author of *Beauty Salon*, *The Large Glass*, *Jacob the Mutant*, Mario Bellatin delivers a rousing, allegorical novel following the widowed keeper of a mysterious garden. When art student Izu's teacher asks her to visit the famous collection of Mr. Murakami, she publishes a firm rebuttal to his curation. Instead of responding with fury, the rich man pursues her hand in marriage. When we meet her in the opening pages, Mrs. Murakami is watching the demolition of her now-dead husband's most prized part of the estate: his garden. The novel that follows takes place in a strange, not-quite-real Japan of the author's imagination. But who, in fact, holds the role of author? As Mr. Murakami's garden is demolished, so too is the narrative's authenticity, leaving the reader to wonder: did this book's creator exist at all? Mario Bellatin has revolutionized the state of Latin American literature with his experimental, shocking novels. With this brand-new, highly anticipated edition of *Mrs. Murakami's Garden* from lauded translator Heather Cleary, readers have access to a playful modern classic that transcends reality.

A God Called Father Bantam

'Fascinating' LA Times '[Keyes] has carried it off brilliantly, bringing not only a fine clarity but a special warmth and empathy' Washington Post NOW ON NETFLIX Billy Milligan was a man tormented by twenty-four distinct personalities battling for supremacy - a battle that culminated when he awoke in jail, arrested for the kidnap and rape of three women. In a landmark trial, Billy was acquitted of his crimes by reason of insanity caused by multiple personality disorder - the first such court decision in history. Among the twenty-four are: Philip, a petty criminal; Kevin, who dealt drugs; April, whose only ambition was to kill Billy's stepfather; Adalana, the shy, affection-starved lesbian who 'used' Billy's body in the rapes that led to his arrest; David, the eight-year-old 'keeper of the pain'; and the Teacher, the sum of all Billy's alter egos fused into one. In *The Minds of Billy Milligan*, Daniel Keyes brings to light the most remarkable and harrowing case of multiple personality ever recorded.

Freudian Fraud Bookouture

A groundbreaking tour of the human mind that illuminates the biological nature of our inner worlds and emotions, through gripping, moving—and, at times, harrowing—clinical stories "Poetic, mind-stretching, and through it all, deeply human."—Daniel Levitin, New York Times bestselling author of *The Organized Mind* Karl Deisseroth has spent his life pursuing truths about the human mind, both as a renowned clinical psychiatrist and as a researcher creating and developing the revolutionary field of optogenetics, which uses light to help decipher the brain's workings. In *Projections*, he combines his knowledge of the brain's inner circuitry with a deep empathy for his patients to examine what mental illness reveals about the human mind and the origin of human feelings—how the broken can illuminate the unbroken. Through cutting-edge research and gripping case studies from Deisseroth's own patients, *Projections* tells a larger story about the material origins of human emotion, bridging the gap between the ancient circuits of our brain and the

poignant moments of suffering in our daily lives. The stories of Deisseroth's patients are rich with humanity and shine an unprecedented light on the self—and the ways in which it can break down. A young woman with an eating disorder reveals how the mind can rebel against the brain's most primitive drives of hunger and thirst; an older man, smothered into silence by depression and dementia, shows how humans evolved to feel not only joy but also its absence; and a lonely Uighur woman far from her homeland teaches both the importance—and challenges—of deep social bonds. Illuminating, literary, and essential, *Projections* is a revelatory, immensely powerful work. It transforms our understanding not only of the brain but of ourselves as social beings—giving vivid illustrations through science and resonant human stories of our yearning for connection and meaning.

The book is a remarkable journey." —Essence From an author of rare, haunting power, a stunning novel about a young African-American woman coming of age—a deeply felt meditation on race, sex, family, and country Raised in Pennsylvania, Thandi views the world of her mother's childhood in Johannesburg as both impossibly distant and ever present. She is an outsider wherever she goes, caught between being black and white, American and not. She tries to connect these dislocated pieces of her life, and as her mother succumbs to cancer, Thandi searches for an anchor—someone, or something, to love. In arresting and unsettling prose, we watch Thandi's life unfold, from losing her mother and learning to live without the person who has most profoundly shaped her existence, to her own encounters with romance and unexpected motherhood. Through exquisite and emotional vignettes, Clemmons creates a stunning portrayal of what it means to choose to live, after loss. An elegiac distillation, at once intellectual and visceral, of a young woman's understanding of absence and identity that spans continents and decades, *What We Lose* heralds the arrival of a virtuosic new voice in fiction.
