 Peek inside the mind of Dexter Morgan—police forensic analyst, family man, serial killer, and the star of Showtime's most-watched series—with

essays from seventeen psychologists and avid fans. Aimed at Dexter devotees and armchair psychologists, *The Psychology of Dexter* takes on the psychological complexities of the popular series with an eye towards insight and accessibility. It analyzes not just the title character, but his family, coworkers, and even his viewers. What makes Dexter tick? What makes a show about a serial killer so appealing to those of us at home. And do we need to be worried about our own Dark Passengers? From the implications of faking normalcy (could it be behind Dexter's still-in-progress emotional growth?) to where the show weighs in on the psychological debate between nature and nurture, this book gives fans a peek inside Dexter's psyche. Think you know Dexter? The

Psychology of Dexter will make you think again.

Pearson Education India

Welcome to Pava, a city where miniaturized show-dragons are pitted against each other in secret, forbidden tournaments, and magic has been outlawed by a cruel child dictator. Here lives Petra K, the daughter of a shut-in mother, who becomes the master of a dragonka everyone wants to get their hands on. In a complicated world of sorceresses, gypsies, child gangs, and secret police, Petra K needs to decide whom to trust, and whom to betray in order to keep herself and her pet safe. But revolution is in the air, and she too is caught up in its pull. Only the Blackhearts, a gang of orphan children, dare to defy the new dictator's rule, selling potions to survive. Along with the Blackhearts, Petra K faces a murderous pack of mechanical dragonka, a phantom secret agent—and, most harrowing, her own weaknesses. Will the Blackhearts' adventures and courage inspire the terrified population to rise up again, and return Pava to a place of prosperity, where dragonka run free? Petra K and the Blackhearts is the first thrilling book of a trilogy by M. Henderson Ellis, whose previous novel Booklist called "a wild, manic ride . . . thoroughly enjoyable." From the Trade Paperback edition.

Good Manners for Nice People Who Sometimes Say F*ck Random House Books for Young Readers

When the residents of Walden, Virginia, wake up to find that the rest of the world is gone and they are unable to leave their town, which is now surrounded by a mysterious barrier, some are willing to risk death to escape the situation.

Brief Edition Macmillan

This classic Berenstain Bears story is a

perfect way to teach children about money and responsibility! Come for a visit in Bear Country with this classic First Time Book® from Stan and Jan Berenstain. Papa thinks it's time to teach Brother and Sister how to budget their money, but will the cubs come to understand the value of a dollar, or will their pockets continue to be empty? Includes over 50 bonus stickers!

Objective General Knowledge BenBella Books

Combining science with humor, this in-your-face modern guide to manners for regular people provides a new set of rules for our 21st century lives that show us how to avoid being rude and stand up to those who are. Original. 50,000 first printing.

Darkness on the Edge of Town Good Manners for Nice People Who Sometimes Say F*ck

This interactive book introduces young children to the world of the farm. Vibrantly illustrated background, stickers, and punch-outs come together to provide hours of imaginative fun. The background scene, a stand-up panorama of the farmyard and stable, is perfect for stickering as the child envisions his very own farm, and then serves as the backdrop to punch-out playtime. The sturdy punch-outs are perfectly sized for little hands, and include boy and girl farmers, animals, and machinery. Use stickers to keep chickens in their coop, horses grazing near the stable, or lead the cows to pasture. All together, Sticker, Punch-out, & Play!: On the Farm makes for interactive play and limitless fun.

Every California schoolchild's first interaction with history begins with the missions and Indians. It is the pastoralist image, of course, and it is a lasting one. Children in elementary school hear how Father Serra and the priests brought civilization to the groveling, lizard- and acorn-eating Indians of such communities as Yang-na, now Los Angeles. So edified by history, many of those children drag their parents to as many missions as they can. Then there is the other side of the missions, one that a mural decorating a savings and loan office in the San Fernando Valley first showed to me as a child. On it a kindly priest holds a large cross over a kneeling Indian. For some reason, though, the padre apparently aims not to bless the Indian but rather to bludgeon him with the emblem of Christianity. This portrait, too, clings to the memory,

capturing the critical view of the missionization of California's indigenous inhabitants. I carried the two childhood images with me both when I went to libraries as I researched the missions and when I revisited several missions thirty years after those family trips. In this work I proceed neither to dubunk nor to reconcile these contrary notions of the missions and Indians but to present a new and, I hope, deeper understanding of the complex interaction of the two antithetical cultures.
