World Religions 101 (Revised Edition)

Harvest House Publishers Religions of the Far East like Hinduism, Buddhism, and New Age have been gaining a foothold in the Western world. We even see witchcraft on the rise and paganism infiltrating the minds of the next

generation—even in Christian homes! Why is that? How can a Christian respond? We already know how the one true God has responded, and in this title you will learn: □How a Christian can effectively witness for ChristHow to refute these false religionsWhat it truly is that these religions teach and why The Christ follower should be set at ease knowing that all other gods are false as the all-knowing God

of Scripture has revealed that He is the only God. Therefore, this volume dives into these styles of religions and looks at their origins and their basic tenets as well as why they fall so short. Understanding the basic tenets of these religions helps the Bible believer see the flaws in these philosophies. In this way one can better discern how to be an effective witness for Jesus Christ while standing

on the authority of the Bible. Legal, Medical, and Social Perspectives Crossway Examines the complex realities of religious belief, practice and institutions, ranging from the high growth rates of successful minority religious movements such as Mormons and Jehovah's Witnesses, to the phenomenal rise of Pentecostalism, the challenge of

'fundamentalism' and the apparent turn from religion to spirituality. *Mormonism 101* Harvest House Publishers You may probably be wondering why another book on leadership training has been published. It is true you may have read or even written hundreds of books on leadership training. But this book is unique. It is not like any other book you may have read or written! Other

books write about the need for leadership training and offer the same old courses which have been in use for years. Yesterday's methods may not always produce the results they used to. The methods of yesterday may not always accommodate all the generations living in the world today. This book discusses the benefits of leadership training and suggests nine areas of

training which can comfortably benefit the premodern, modern, and the postmodern mindsets. Some people in this generation may be premodern, modern, or postmodern due to various reasons. Probably they were born during the time when those generations were in existence, or probably they have been shaped into those generations by the

education system or by influence of others from across the world due to the ease of communication made possible by the internet. This book first discusses the general views held by people concerning whether training of Christian leaders is important or not. Some few people feel that it is not important because the Holy Spirit is their only teacher! Majority of people acknowledge

the work of the Holy Spirit but believe that training is important and can make leaders more effective. The Holy Spirit uses people to accomplish his desire to have others trained. Second, the book discusses the benefits of leadership training which affirm the need to have leaders trained for God's own glory. Finally, the book discusses nine areas of training which have been tested and found to be

effective in equipping Christian leaders for more successful work of ministry and leadership in the church and its organizations. *Teaching New Religious Movements* Harvest House Publishers With all of the different religions, sects, denominations , and belief systems out there, it can be difficult to separate the facts from mere opinion, especially if one is relying solely on

online sources which may or may not be vetted and which often have an ideological or political slant to them. How can we truly understand if we cannot even be sure we are getting the facts straight? In this comprehensive resource, more than 75 evangelical scholars offer a thoroughly researched guide to Christianity, other world religions, and alternative religious views, including

entries on movements, theological terms, and major historical figures. Perfect for pastors, students, and anyone who wants ready access to information on today's religious landscape. **Knowing the Bible 101** Harvest House Publishers Religions in today's culture seem to be multiplying. Have you ever wondered why certain religions believe and practice what

they do? Or how they view the Bible? This volume delves into these and other engaging questions, such as: How can a Christian witness to people in these religions? Do these other religions believe in creation and a Creator? How do we deal with these religions from a biblical authority perspective? Many religions and cults discussed in this first volume openly affirm that the

Bible is true, but then something gets in their way. And there is a common factor every time—man’s fallible opinions. In one way or another the Bible gets demoted, reinterpreted, or completely ignored. Man’s ideas are used to throw the Bible’s clear teaching out the window while false teachings are promoted. This book is a must for laymen, church leaders, teachers, and

students to understand the trends in our culture and around the world where certain religions dominate, helping you discern truth and guard your faith. When you understand a religion’s origins and teachings, you are in a better position to know how to proclaim the gospel of Jesus Christ as you take the good news to those in false religions.
An Overview for Teens
Harvest House Publishers

Free. Unearned. A gift. God's acceptance comes with no strings attached as you trust in His Son, Jesus. This is the whole gospel. But for 2000 years, Christians- including the first-century Galatians- have often believed they must add performance requirements to the gospel in order to truly earn God's approval. Listen in as the apostle Paul blows the lid off this selfdeception	by explaining...: why the Good News becomes bad news when you mix it with rules, how to sniff out people who are promoting a false, "rules-added" gospel, why adding requirements to God's grace actually subtracts from your enjoying Christ, why trust is the only thing needed to receive God's grace and live in it day to day, Galatians shows you that life in God's Spirit, through His	grace, is still His plan for freedom-so you can live out your full potential as His child. It's Christians I Can't Stand</i> Cambridge University Press Family Violence: Legal, Medical, and Social Perspectives examines the entire spectrum of family violence, focusing on social processes and social relationships. The eighth

edition is a multidisciplinary introduction to the study of domestic violence that guides readers to a better understanding of the challenges involved in reducing or eliminating violence. The new edition includes more information on PTSD and head trauma, a new section in children witnessing domestic violence, more international perspectives, which allow students to understand that family

violence crosses borders and cultures, and a series of Promising Practices boxes that bring professional knowledge and accomplishments into the classroom. A *Comprehensive Introduction to the Religions of the World* John Wiley & Sons In the new edition of this widely praised text, Alan Aldridge examines the complex realities of religious belief,

practice and institutions. Religion is a powerful and controversial force in the contemporary world, even in supposedly secular societies. Almost all societies seek to cultivate religions and faith communities as sources of social stability and engines of social progress. They also try to combat real and imagined abuses and excess, regulating cults that brainwash vulnerable people,

containing fundamentalism that threatens democracy and the progress of science, and identifying terrorists who threaten atrocities in the name of religion. The third edition has been carefully revised to make sure it is fully up to date with recent developments and debates. Major themes in the revised edition include the recently erupted 'culture war' between progressive

secularists and conservative believers, the diverse manifestations of 'fundamentalism' and their impact on the wider society, new individual forms of religious expression in opposition to traditional structures of authority, and the backlash against 'multiculturalism' with its controversial implications for the social integration of ethnic and religious minority communities. Impressive in

its scholarly analysis of a vibrant and challenging aspect of human societies, the third edition will appeal strongly to students taking courses in the sociology of religion and religious studies, as well as to everyone interested in the place of religion in the contemporary world. *Evidence for Faith 101* Zondervan Academic Free of clichés or rhetorical arguments, a primer on

Christian apologetics tackles vital questions people of all ages and beliefs are asking, presenting evidence from the world, history, and lives of people who have been changed by something bigger than themselves. Original. *Scripture Twisting* Harvest House Publishers How often have you encountered some bizarre doctrine only to be stunned to hear a Bible verse quoted to support it?

With new religious cults springing up almost daily and old ones growing rapidly, this is more and more common. How are they seemingly able to twist Scripture to mean something orthodox Christians have never believed it to mean in two thousand years? James Sire, author of *The Universe Next Door* and *How to Read Slowly*, has isolated twenty separate kinds of reading

errors which are characteristically made by cultists as they interpret the Bible. He covers the full range from simple misquotation to complex argumentation which links one slightly eccentric interpretation to another, mixes in a few orthodox readings and ends with a conclusion totally foreign to the biblical world view. Sire also handles twisted translation, overspecificati on, virtue by

association, ignoring the context and other flawed interpretations . A book to help us all become better readers of the Scriptures.

Since its inception around 1970, the study of New Religious Movements (NRMs) has evolved into an established multidisciplinary field. At the same time, both the movements and the scholars who

study them have been the subjects of intense controversy. In this volume, a group of senior NRM scholars who have been instrumental in the development of the field will offer pivotal essays that present the basics of NRM scholarship along with guidance for teachers on classroom use. The book is organized topically around subjects that are both central to the study of NRMs and likely to

be useful to non-specialists. Part I contains examinations of the definitional boundaries of the area of study, varying disciplinary perspectives on NRMs, unique methodological/ethical problems encountered in the study of NRMs, and the controversies that have confronted scholars studying NRMs and the movements themselves. Part II examines a series of topics central

to teaching about NRMs: the larger sociocultural significance of the movements, their distinctive symbolic and organizational features, the interrelated processes of joining and leaving NRMs, the organization of gender roles in NRMs, media and popular culture portrayals of the movements, the occurrence of corruption and abuse within movements, and violence

by and against NRMs. Part III provides informational resources for teaching about NRMs, which are particularly important in a field where knowing the biases of sources is crucial. With its interdisciplinary approach, the volume provides comprehensive, accessible information and perspectives on NRMs. It is an invaluable guide for instructors navigating this scholarly minefield.

Twenty-First Century Books Spirituality is an important aspect of occupational therapy theory and practice, yet it remains little understood. This timely book adds to the current debate by exploring the meaning of spirituality within occupational therapy and by outlining evidence which supports this area of practice. Beginning with the three stances surrounding spirituality for

the common good and the theology of occupation, throughout its 10 chapters the book goes on to cover topics such as: Spirituality of caring; Theories of spiritual development; Definition of spirituality from occupational therapy literature; Differences between assessing spirituality and religion; Spirituality and ethics; Spiritual and cultural diversity in the occupational

therapy clinic; Therapeutic self. By the end of the volume the reader will have the toolset required to consider spiritual concepts and their application to health principles. Occupational Therapy and Spirituality is written in an accessible format and is designed for occupational therapy and occupational science academics, researchers, and graduate students. *Making a Case*

for the Christian Faith AuthorHouse
Many Christians want to witness for their faith, but they are afraid they will not be able to answer questions that others may ask of them. First Peter 3:15 reminds believers to always be prepared to "make a defense to anyone who asks you for a reason for the hope that is in you." Norman Geisler and Chad Meister realize the fear of facing questions

about the Christian faith. Their book *Reasons for Faith* gives believers grounded biblical apologetics to help them defend their faith. By covering the importance of apologetics and then applying apologetics to popular culture and theological issues, these authors give all Christians the tools they need to stand firm in their faith and to be able to share that faith in today's society.

"If you remain in me and my words remain in you, ask whatever you wish, and it will be done for you." John 15:7
You've likely scratched your head over this verse, wondering how literally to take it. Could Jesus have been serious about His over-the-top declaration? Can you really ask for anything? If you think

these words can't possibly mean what they say, Craig Hazen wants to reveal the astonishing reality of this promise. You'll learn why Christians hesitate to embrace this powerful statement and how you can put it to work in your life for the sake of God's kingdom. According to the Lord himself, "asking" is the center point of prayer. He wants us to bring our fruit-bearing requests to

him boldly and for the wants to hear
with blessing of his our Fearless
