## CARDENAS LEWIS

Italian Self-taught Apa Publications (UK) Limited

Frank, out of work, lives in a basement apartment with Mara, a fortuneteller, or as he likes to say, a misfortuneteller. Mara's problem is that she is too good and too

honest; not only can she actually know someone's future, but she always tells them the truth no matter how grim. Her clients invariably leave extremely upset and without paying. Their only income comes from the sale of the lucky charms Mara fashions with feathers plucked from the tail of their pet hen, McNugget. Mara and Frank quarrel and Mara storms out. Now Frank has nothing. In desperation, he tries to kill himself by sticking his head in the gas oven and striking a match, but

only manages to singe himself in the explosion. Dazed and covered in soot, he looks up to find McNugget speaking to him.

La Bohème BoD - Books on Demand (Unlocking the Masters). Mozart was the first composer whose operas have never left the international repertoire, and for many he remains one of the finest vocal composers who ever lived. In a sense, all of his music is vocal music, depending as it does on arresting, singable melodies, but in his great operas, single arias and sacred works, Mozart put his melodic gift to work, revealing the subtleties and expressive potential of a wide range of texts in languages ranging from Italian to Latin to German. In every case, he created masterpieces, from operas such as *The Marriage of Figaro*, *Don Giovanni*, and *The Magic Flute* to the sacred choral motet *Ave Verum Corpus* and, of course, the unfinished *Requiem*, his final project. This second *Getting the Most Out of Mozart* volume in our *Unlocking the Masters* series focuses on Mozart's great operas and other vocal works, but also discusses numerous lesser-known compositions, from operas he wrote as a child to "insertion arias" for favorite singers or operas by other composers. In each case, David Hurwitz describes how the musical setting and choice of instruments supports the text. He takes readers through the seven major operas aria by aria, showing how Mozart uses vocal style and orchestration to create believable and moving characters that remain the standard for characterization in music to which all composers and dramatists aspire. The accompanying CD from Telarc Records includes 14 works.
