that stretch beyond its bounds. And within its walls, certain objects begin to display strange signs of life. Young Clod Iremonger is about to be "trousered" and betrothed (unwillingly) to his cousin Pinalippy when he meets the plucky orphan servant Lucy Pennant, with whose help he begins to uncover the dark secrets of his family's empire. Mystery, romance and the perils of the Heaps

await! Gorgeously (and ghoulishly) illustrated by the author, Heap House is peopled with unforgettable characters with delightfully skewed names-- anxious, animal-loving Tummis with his pet seagull; menacing cousin Moorcus; dreadful Aunt Rosamud and more. As Carey writes, "Every life is thick with rubbish, but the Iremongers did it with a

difference." The Life and Work of Mervyn Peake Methuen Publishing Mervyn Peake (1911-1968) was a painter, poet, illustrator, dramatist, and most famously the creator of the Gormenghast trilogy. Very much his own man, and charmingly so, neither as an artist nor as a painter did he belong to any school or movement; his work was distinctive and peculiar to him. He was not a loner though, his

friends included Graham Greene, Augustus John, Dylan Thomas and Walter de la Mare. His marriage to one of his students, Maeve Gilmore was a happy one, too. Parkinson's disease tragically curtailed his life. Malcolm Yorke's biography was written with the full co-operation of the Peake family who granted him access to letters, photographs

and drawings never previously published. 'Yorke, aware of the many interpretations that have been imposed on Peake's trilogy, does not burden the reader with more. He catches, instead, through apt summary, the wide range of opinion on Peake's achievement, as poet, novelist, painter and illustrator.' Frances Spalding, Times Literary Supplement 'But his book goads the

reader to search out Peake, and what more could that unique man or his family ask?' John McEwen, Spectator 'Most valuably, the book is generously illustrated with examples of the works discussed. There will never be a clearer explication of Peake's progress as a visual artist.' Michael Swanwick, Washington Post *Black Dog: The Dreams of Paul Nash*

(*Second Edition*) Harry N. Abrams New edition with bonus material by Dave McKean! Dark Horse proudly presents a new, second edition, of the graphic novel by legendary artist Dave McKean, based on the life of Paul Nash, a surrealist painter during World War 1. *The Dreams of Paul Nash* deals with real soldier's memoirs and all the stories add up to a moving piece about how war and extreme

situations change us, how we deal with that pain, and, in Nash's case, how he responded by turning his landscapes into powerful and fantastical psychoscapes. The second edition of *Black Dog: The Dreams of Paul Nash* features a new cover by Dave McKean, along with 15 pages of new bonus material examining the creation of the book. Dawn's Early Light Abrams "I can be quite obscure and practically

marzipan, " Mervyn Peake once wrote, and this small book certainly confirms that. From the macabre to the brilliantly off-beat, Peake's nonsense verse can be enjoyed by young and old. This collection, assembled by his widow, Maeve Gilmore, who also did the Introduction, includes poems and other pieces, from "The Dwarf of Battersea" to the unfinished "Adventures of Footfruit, "

written over a period of thirty-five years. Peake was attracted by the absurdities in human behavior, seeing the kinship between men and women, between humans and animals -- or even natural objects. Words were shapes and sounds to him, and by blending his strong visual sense with his love of the ridiculous he brought a magical quality to his writing.

Vintage Canada Observatory Mansions was once the Orme family's ancestral home, a magnificent residence with beautiful grounds. Now it is a crumbling apartment block, stranded on a roundabout and inhabited by eccentrics. Francis Orme, an odd little man who makes a living as a human statue in the centre of the decaying city, lives in Observatory Mansions with his parents

and the other equally maladjusted misfits, all of them taking comfort in their solitude and curious harmony. In the cellar is Francis' treasured Exhibition. Carefully catalogued are all the items he has ever stolen. But the arrival of a new resident upsets the delicate balance of Observatory Mansions and Francis finds himself taking drastic measures to protect the secrets of his

past and the sanctity of his collection.

 A New Novel From Award-Winning Master of Fantasy and Science Fiction Tim Powers. A modern ghost story as only Tim Powers can write it. Something weird is happening to the Los Angeles freeways—phantom cars, lanes from nowhere, and sometimes unmarked offramps that give glimpses

of a desolate desert highway—and Sebastian Vickery, disgraced ex-Secret Service agent, is a driver for a covert supernatural-evasion car service. But another government agency is using and perhaps causing the freeway anomalies, and their chief is determined to have Vickery killed because of something he learned years ago at a halted Presidential motorcade.

Reluctantly aided by Ingrid Castine, a member of that agency, and a homeless Mexican boy, and a woman who makes her living costumed as Supergirl on the sidewalk in front of the Chinese Theater, Vickery learns what legendary hell it is that the desert highway leads to—and when Castine deliberately drives into it to save him from capture, he must enter it himself to get her out.

Alternate Routes is a fast-paced supernatural adventure story that sweeps from the sun-blinded streets and labyrinthine freeways of Los Angeles to a horrifying other world out of Greek mythology, and Vickery and Castine must learn to abandon old loyalties and learn loyalty to each other in order to survive as the world goes mad around them. About Alternate Routes: “Powers

continues his run of smashing expectations and then playing with the pieces in this entertaining urban fantasy. . . . this calculated, frenetic novel ends with hope for redemption born from chaos. Powers’ work is recommended for urban fantasy fans who enjoy more than a dash of the bizarre.”—Publishers Weekly

It's magic.' Peake (1911-68) is one of the great English nonsense poets, in the tradition of

Lewis Carroll and Edward Lear. His verses lead the reader into places where cause is cut free of effect and language takes on a giddy life of its own. Malicious bowler hats threaten their owners, a cake is chased across an ocean by a rakish knife, aunts become flatfish or live on sphagnum moss. Fully annotated, with a detailed introduction, *Complete Nonsense* contains all the poems and illustrations from Peake's *Book of Nonsense* (1972), with forty unpublished poems discovered in manuscripts and thirty from uncollected sources, including all the nonsense verses from his novels. It reprints complete - for the first time and in colour - the words and images from *Rhymes without Reason* (1944), and Peake's comic masterpiece *Figures of Speech* (1954). All the poems have been newly edited, often from Peake's manuscripts, by Robert Maslen, editor of Peake's *Collected Poems* (Carcanet), and Peter Winnington, the leading Peake scholar and biographer.
