AUTHORHM WARD

Money. Power. Sex.

Guilt ravages me,
swallowing me whole.

It steals my sleep and
knots my stomach. I

was the princess, the
perfect Granz heiress,

but no longer. That

part of my life went up

in flames, taking my

future with it. What

remains is a shadow, a
girl with no future and

a terrible secret.

There's only one soul

who knows the extent

of my sins, and I can't

shake his beautiful

face from my mind.

The memories of being near him that night are charged. They linger, but going after Pete is like trying to catch smoke in my hand. The pull toward this sexy man is unreal, and that's what I keep telling myself-the Pete Ferro I saw that night doesn't exist. There is no poet, no philosopher, no artist. He's a player and I'm his newest toy. "Genre: New Adult Romance This story unfolds over multiple volumes Length: Approx. 130 pgs"

When Chloe Davis was twelve, six teenage girls went missing in her small Louisiana town. By the end of the summer, her own

father had confessed to the crimes and was put away for life, leaving Chloe and the rest of her family to grapple with the truth and try to move forward while dealing with the aftermath. Now twenty years later, Chloe is a psychologist in Baton Rouge and getting ready for her wedding. While she finally has a fragile grasp on the happiness she's worked so hard to achieve, she sometimes feels as out of control of her own life as the troubled teens who are her patients. So when a local teenage girl goes missing, and then another, that terrifying summer comes crashing back. Is she paranoid, seeing parallels from her past that aren't actually

there, or for the second time in her life, is Chloe about to unmask a killer? From debut author Stacy Willingham comes a masterfully done, lyrical thriller, certain to be the launch of an amazing career. *Flicker in the Dark* is eerily compelling to the very last page.

They say there's a fine line between love and hate. There is. I fell in love with a monster. He used me. He destroyed me. He made a fool out of me. I didn't know it at the start. You never do. You think you have found the man of your dreams. You think nothing could break you apart. How wrong you are. I loved Marcus Tandem with everything that was me. To him, I was just a business deal, a way to keep something he'd worked hard for. He never had any intentions of returning my affections. He never wanted me in his life. But I wanted him in mine. When you fall

in love with the devil,
you expect to get
burned. Marcus burned
me. He consumed me.
He devastated me.
Somewhere inside, I
knew he was no good. I
just prayed having me
in his life might be
enough. I hold onto
that small hope, that
maybe, just maybe,
somewhere deep down
in his soul, he might
love me too. Someday.

BOOK FOUR: THE
EVANGELIST AND HIS
ACCLAMATION
(1951-1954) William
Branham is a paradox
in modern history.
Beginning in 1946 his
ministry leaped from
obscurity to gain
national attention in
less than six months,
and in the process it
sparked a worldwide
faith-healing revival.

He accomplished this
feat with the help of a
unique gift - a
supernatural sign that
startled people into
taking notice. Soon
Christians around the
world were noticing.
Between 1951 and
1954, William Branham
conducted the largest
Christian meetings in
history up to that time
- around 300,000
people at one meeting
in Bombay, India. The
demand for his
services in American
and abroad seemed
insatiable. But William
Branham wasn't
satisfied. Something
seemed wrong. For a
long time he didn't
know what it was, but
by the end of 1954 he
knew. His ministry
would have to
change. BOOK FIVE:
THE TEACHER AND HIS
REJECTION
(1955-1960) William

Branham's international ministry had three main stages. First, he discerned diseases through a supernatural sign in his hand. Later, visions allowed him to discern sickness and more. Between 1946 and 1954, over 500,000 people accepted Jesus Christ as their Savior because of his preaching - and there was no way to estimate how many millions received healing because of his prayers. Discerning that the people were not accepting the spiritual depths and heights that God's Word and Spirit was offering unto them, William Branham felt the Spirit of God was calling him to do more. He knew that people came to his meetings for many reasons.

Some people came because they believed the Spirit of Jesus Christ was present. Others came for the novelty and excitement of it, just as when people flocked to see Jesus healing the sick and multiplying wine, bread, and fish. But, it was the teachings of Jesus that changed the history of the world. William Branham felt that God was calling him to teach more during his faith-healing campaigns. He believed his ministry could make a lasting, beneficial contribution to the Christian church. Starting in 1955, he not only taught Divine healing, but he also taught other aspects of God's Word. God gave him a vision of a new stage to his ministry - a "third pull" (to use the

angel's words) - which would surpass everything God had done through him in the past. Inevitably, he offended some people. *Supernatural - The Life of William Branham Volume II* Safari Media Africa

each person will feel

each person will hurt

 the only way they've
 been taught to love.
 not everyone will see
 things the way you do.
 feel things the way you
 do. and you can't force
 your beliefs on people
 either because that's
 not love. that's not
 having compassion for
 other people. we all
 have our own right to
 see the world with our
 own eyes, therefore,
 understanding is key.
 and I don't mean
 saying it, saying you
 understand someone
 without putting
 yourself in their shoes.
 without respecting
 their views. you have
 to really know yourself
 and your environment
 to understand why
 people are the way
 they are. you have to
 go through enough
 pain to keep your heart
 open. to be
 compassionate

towards other people. understanding is key and not everyone will understand you and that's okay. but the point is, to remember how all of us are different and try to understand that not all of us are meant to be the same. and you should never believe you understand it all because believe me, there will always be something to learn. there will always be something that will take your breath away. something that will make you question everything--your own beliefs and your own way of thinking. people, things and places, like life, are always evolving and you must evolve with them... if you ever want a fair shot in accepting your flaws and the flaws of other

people. and before I finish, I just want you to know... that the beauty of it all is this, the more you understand people the better you will understand yourself. from the known and to the depths of your soul... people will always shape you. all that you are is all you've experienced with them. and dont ever forget... that the people you love will always have a piece of your heart. they will always be with you... no matter what.

The Structures of the Life-World is the final focus of twenty-seven years of Alfred Schutz's labor, encompassing

the fruits of his work between 1932 and his death in 1959. This book represents Schutz's seminal attempt to achieve a comprehensive grasp of the nature of social reality. Here he integrates his theory of relevance with his analysis of social structures. Thomas Luckmann, a former student of Schutz's, completed the manuscript for publication after Schutz's untimely death.
