**Our Documentation | Python** Python Documentation StandardsThe Python standard library is conservative and requires limiting lines to 79 characters (and docstrings/comments to 72). The preferred way of wrapping long lines is by using Python's implied line continuation inside parentheses, brackets and braces. Long lines can be broken over multiple lines by wrapping expressions in parentheses.PEP 8 -- Style Guide for Python Code | Python.orgThe Python Standard Library¶. While The Python Language Reference describes the exact syntax and semantics of the Python language, this library reference manual describes the standard library that is distributed with Python. It also describes some of the optional components that are commonly included in Python distributions. Python's standard library is very extensive, offering a wide range ...The Python Standard Library — Python 3.8.1 documentationThe Python language has a substantial body of documentation, much of it contributed by various authors. The markup used for the Python documentation is reStructuredText, developed by the docutils project, amended by custom directives and using a toolset named Sphinx to post-process the HTML output.7. Documenting Python — Python Developer's GuideDocumenting your Python code is all centered on docstrings. These are built-in strings that, when configured correctly, can help your users and yourself with your project's documentation. Along with docstrings, Python also has the built-in function help() that prints out the objects docstring to the console. Here's a quick example:Documenting Python Code: A Complete Guide - Real PythonMost Python documentation is written with reStructuredText. It's like Markdown with all the optional extensions built in. It's like Markdown with all the optional extensions built in. The reStructuredText Primer and the reStructuredText Quick Reference should help you

familiarize yourself with its syntax.Documentation — The Hitchhiker's Guide to PythonPython's documentation, tutorials, and guides are constantly evolving.
