When Linda boarded the train that would take her to London and freedom, she was penniless and alone. A polite offer of help from the stranger in the seat opposite was the last thing she expected. Life with Rowley Frobisher was everything she had ever dreamed of: fast, sophisticated – and expensive. In a few months the rough country girl had changed beyond recognition. But then Rowley has a fatal heart

attack – and once again Linda must take desperate action to survive.

The tales featured in Strange New Worlds rocket readers across the length and breadth of Federation time and space, from Captain Jonathan Archer's first exploration of the galaxy on board the very first Starship Enterprise through to Captain Picard's tenure on the USS Enterprise 1701-D -- and

beyond. Here you can read a fresh and original take on Captain Benjamin Sisko's role on Deep Space Nine, Captain Kathryn Janeway's homeward journey with the crew of the Starship Voyager, Captain Archer's encounters with the Xindi -- and many more ports of call along the way. *Strange New Worlds 9* includes stories from all five Star Trek incarnations: Star Trek: The Original Series Star Trek: The Next Generation Star Trek: Deep Space Nine Star Trek: Voyager

and Star Trek: Enterprise. *The Athenaeum* Simon and Schuster The "original, first-rate, serious, and beautiful" short fiction (New York Times Book Review) that introduced J. D. Salinger to American readers in the years after World War II, including "A Perfect Day for Bananafish" and the first appearance of Salinger's fictional Glass family. Nine exceptional stories from one of the great literary voices of the twentieth century. Witty, urbane, and frequently affecting, *Nine Stories* sits

alongside Salinger's very best work--a treasure that will be passed down for many generations to come. The stories: A Perfect Day for Bananafish Uncle Wiggily in Connecticut Just Before the War with the Eskimos The Laughing Man Down at the Dinghy For Esmé--with Love and Squalor Pretty Mouth and Green My Eyes De Daumier-Smith's Blue Period Teddy *Illustrated by Engravings* Bloomsbury Publishing Like Letters in Running Water explores ways in which fiction (prose, drama, poetry, myth,

fairytale) yields transformative insights for educational theory and practice. Through a series of intensely original, powerful essays drawing on curriculum theory, literary analysis, psychology, and feminist theory and practice, Doll seeks to confront a commonly held bias that reading literary fictions is "mere" entertainment (not a learning experience). She suggests that fiction has immense teaching power because it connects readers with their alliances within

themselves and this connection attends to social, outer issues addressed by traditional pedagogies with greater, deeper awareness. Her elaboration in this book of the concept of currere--the lived experience of curriculum--through literature, drama, and myth is a major contribution to the field of curriculum theory. *The Saturday Review of Politics, Literature, Science, Art, and Finance* Belford Bros. Rebellng against a century of Old Testament

scholarship, Isaac M. Kikawada and Arthur Quinn persuasively argue that the first eleven chapters of Genesis are not a literary patchwork by different editors as widely supposed, but are the work of one author of extraordinary subtlety and skill. Comparing Genesis 1-11 with primeval histories from the ancient Near East, Kikawada and Quinn urge their readers to appreciate the ingenuity of Genesis's author: "When we think we find this author napping, we

had better proceed very carefully. As with Homer or Shakespeare, when you think you have seen something wrong, there may well be something wrong with your own eyes. You are more likely to be wrong than either of them." Providing a solid case for the unity of Genesis's first eleven chapters, Kikawada and Quinn move on to show how these chapters provide a formal structure for other Old Testament histories. Destined to have lasting impact on biblical scholarship,

Before Abraham Was will give scholars, clergy, and students a new appreciation of critical biblical studies and a new hypothesis for the formation of Genesis. *A Mythopoeitics of Curriculum* Wildside Press LLC  
 One civil rights-era law has reshaped American society—and contributed to the country's ongoing culture wars Few laws have had such far-reaching impact as Title IX of the Education Amendments of 1972. Intended to give girls and

women greater access to sports programs and other courses of study in schools and colleges, the law has since been used by judges and agencies to expand a wide range of antidiscrimination policies—most recently the Obama administration's 2016 mandates on sexual harassment and transgender rights. In this comprehensive review of how Title IX has been implemented, Boston College political science professor R. Shep Melnick analyzes how

interpretations of "equal educational opportunity" have changed over the years. In terms accessible to non-lawyers, Melnick examines how Title IX has become a central part of legal and political campaigns to correct gender stereotypes, not only in academic settings but in society at large. Title IX thus has become a major factor in America's culture wars—and almost certainly will remain so for years to come.

NEW YORK TIMES BESTSELLER Soon to be a Hulu original series "If three characters were good in Big Little Lies, nine are even better in Nine Perfect Strangers."  
—Lisa Scottoline, The New York Times Book Review  
From the #1 New York

Times bestselling author of Big Little Lies Could ten days at a health resort really change you forever? In Liane Moriarty's latest page-turner, nine perfect strangers are about to find out... Nine people gather at a remote health resort. Some are here to lose weight, some are here to get a reboot on life, some are here for reasons they can't even admit to themselves. Amidst all of the luxury and pampering, the mindfulness and meditation, they know

these ten days might involve some real work. But none of them could imagine just how challenging the next ten days are going to be. Frances Welty, the formerly best-selling romantic novelist, arrives at Tranquillum House nursing a bad back, a broken heart, and an exquisitely painful paper cut. She's immediately intrigued by her fellow guests. Most of them don't look to be in need of a health resort at all. But the person that intrigues her most is the strange

and charismatic owner/director of Tranquillum House. Could this person really have the answers Frances didn't even know she was seeking? Should Frances put aside her doubts and immerse herself in everything Tranquillum House has to offer – or should she run while she still can? It's not long before every guest at Tranquillum House is asking exactly the same question. Combining all of the hallmarks that have made her writing a go-to for anyone looking for

wickedly smart, page-turning fiction that will make you laugh and gasp, Liane Moriarty's *Nine Perfect Strangers* once again shows why she is a master of her craft. [Herodotus: The Seventh, Eighth, and Ninth Books](#)

Lu Hsun (also known as Lu Xun), was the pen name of Zhou Shuren (1881–1936), a leading figure of modern Chinese literature. Writing in Vernacular Chinese as well as Classical Chinese, Lu Xun was a short story writer, editor, translator,

literary critic, essayist, and poet. In the 1930s he became the titular head of the League of Left-Wing Writers in Shanghai. Lu Xun was born into a family of landlords and government officials in Shaoxing, Zhejiang; the family's financial resources declined over the course of his youth. Lu aspired to take the imperial civil service exam; but, due to his family's relative poverty, was forced to attend government-funded schools teaching "Western education". Upon

graduation, Lu went to medical school in Japan, but later dropped out. He became interested in studying literature, but was eventually forced to return to China due to his family's lack of funds. After returning to China, Lu worked for several years teaching at local secondary schools and colleges before finally finding a job at the national Ministry of Education. After the 1919 May Fourth Movement, Lu Xun's writing began to exert a substantial influence on Chinese

literature and popular culture. Like many leaders of the May Fourth Movement, he was primarily a leftist and liberal. He was highly acclaimed by the Chinese government after 1949, when the People's Republic of China was founded, and Mao Zedong himself was a lifelong admirer of Lu Xun's writing. Though sympathetic to socialist ideas, Lu Xun never joined the Communist Party of China.

Horror comics were among the first comic books published—ghastly tales that soon developed an avid young readership, along with a bad reputation. Parent groups, psychologists, even the United States government joined in a crusade to wipe out the horror comics industry—and they almost succeeded. Yet the genre survived and flourished, from the 1950s to today. This history covers the tribulations endured by horror comics creators and the broader impact on the comics

industry. The genre's ultimate success helped launch the careers of many of the biggest names in comics. Their stories and the stories of other key players are included, along with a few surprises.

Acerbic dark humour meets hardcore science in this mind-boggling exploration of the nine worst ways the world could end Which will get us first? The supervolcano in Yellowstone National Park? An asteroid hurtling

through outer space? Black holes from CERN gobbling up the solar system? An army of deranged nanobots? Or – who knows – alien invasion? Armed with lavish illustrations and their one-of-a-kind “Catastrophometer”, Dr David Darling and Dr Dirk Schulze-Makuch introduce the disasters you never saw coming, unpicking the science that makes them genuine possibilities, and providing everything from survival tips to danger ratings. So sit back, face

the inevitable, and discover the delights of the nine oddest ways the world could end.

Devotees of Star Trek have always written stories about their favourite characters. They circulate in fanzines, at conventions, and latterly on the Internet. Now for the first time Star Trek fans have the chance to find their stories in print in an official Star Trek book. STRANGE NEW WORLDS is the result of a competition run by Pocket Books to

find new Star Trek authors, and out of thousands of entries the book includes the eighteen winning stories selected by top Star Trek author Dean Wesley Smith and the Pocket US editorial team. The quality of these stories is astounding and has won Strange New Worlds critical acclaim. Buy this book and find out what it takes to get into Star Trek print!

Baby Doll believed she could fly and leaped off

the side of Raise the Bar but, as usual, Al was there to catch her fall from grace. However, this time it lands Baby Doll in a psychiatric center for a thirty-day observation, along side her soon to be daughter-in-law, who's been depressed and not talking to anyone since Alan's death. With vengeance and anger raging through Baby Doll, she refuses to be counted among the broken, and wages war against all those who brought death at her doorstep; starting with her fiancé, Dip. Dip

went missing when Baby Doll didn't show up at Paulette's house for their wedding. He figured she'd gotten cold feet and ran off to New York, so he sought refuge in his PCP habit, liquor and Red until Paulette came with the news of Baby Doll's whereabouts. He couldn't believe she tried to kill herself, and wanted to go be by her side and rescue her away from the crazy house. The first thing on his agenda, marry Baby Doll before she disappears again. Now out, and married, Baby

Doll puts her plan into action and schemes to bring Dip down along with his cronies for the death of her beloved best friend. Baby Doll used Alan being a live to will Cleo back around, and she jumped on board after learning Caesar was the one who pulled the trigger. Dip's attempts to keep Baby Doll away from Al fell on deaf ears. And, when Dip catches Baby Doll and Al at Alan's house having sex, he knows now more than ever that Al must go! Tempers run high and blood shed occurs when

Dip experiences the one thing that could drive any man over the edge. Who will be left to live happily ever after?
