language processing
(NLP).(PDF)
Introduction to Chinese
Natural Language
Processing The
following topics are
covered: a general
introduction to Chinese
NLP; Chinese
characters,
morphemes, and words
and the characteristics
of Chinese words that
have to be considered
in NLP applications;
Chinese word

segmentation;
unknown word
detection; word
meaning and Chinese
linguistic resources;
interword semantics
based on word
collocation and NLP
techniques for
collocation
extraction. Introduction
to Chinese Natural
Language Processing
... Abstract: This book
introduces Chinese
language-processing
issues and techniques
to readers who already
have a basic
background in natural
language processing
(NLP). Since the major
difference between
Chinese and Western
languages is at the
word level, the book
primarily focuses on
Chinese morphological
analysis and introduces
the concept, structure,
and interword
semantics of Chinese

words. Introduction to
