Queers and trans people in the 1980s and early '90s were dying of AIDS and the government failed to care. Lovers, strangers, artists, and community activists came together take care of each other in the face of state violence. In revisiting these histories alongside ongoing queer and trans movements, this book uncovers how early HIV care-giving narratives actually shape how we continue to understand our genders and our disabilities. The queer and trans care-giving kinships that formed in response to HIV continue to inspire how we have sex and build chosen families in the present. In unearthing HIV community newsletters, media, zines, porn, literature, and even vampires, *Forget Burial* bridges early HIV care-giving activisms with contemporary disability movements. In refusing to bury the legacies of long-term survivors and of those we have lost, this book brings early HIV kinships together with ongoing movements for queer and trans body self-determination.

Emile Zola's reputation as a landmark European novelist is undisputed. His monumental achievement, the novel cycle *Les Rougon-Macquart: Histoire sociale et naturelle d'une famille sous le Second Empire (1871-1893)*, fixed his status as a major writer in the naturalist tradition. Is there any more to be said? Susan Harrow answers boldly in the affirmative, challenging the commonplace view that Zola's writing is predictable, prolix and transparent (what Barthes called 'readerly', for which read 'tedious'). Harrow exposes the modernist and postmodernist strategies which surface in the *Rougon-Macquart* novels, and reveals Zola's innovatory representation of the body captured here at work, at war, at play, at rest, and in arresting abstraction. Informed by critical thought from Barthes and Deleuze to Michel de Certeau and Anthony Giddens, *Zola, the Body Modern* offers a model for how we can revitalize our understanding of the canonical

nineteenth-century European novel, and learn to travel more flexibly between parameters of century, style and aesthetics.

THE NEW YORK TIMES BESTSELLER A deeply honest investigation of what it means to be a woman and a commodity from Emily Ratajkowski, the archetypal, multi-hyphenate celebrity of our time.

_____ 'This is the book for every woman trying to place their body on the map of consumption vs control, and every woman who wants to better understand her impulses. It left me much changed' - Lena Dunham 'I read these pages, breathless with recognition, and the thrill of reading a new voice telling it like it is' - Dani Shapiro 'Emily Ratajkowski's first essay collection needs to be read by everyone [...] both page-turning and moving as hell' - Amy Schumer 'A slow, complicated indictment of a profession and the people who propel it [...] it will deliver a more nuanced and introspective rendering of her interior than those who come to it with those surface interests might expect' - Vogue 'Dazzling' - Observer 'Ratajkowski brings nuanced insight to questions about empowerment versus commodification of women's bodies and sexuality. Blending cultural criticism and personal stories, *My Body is smart and*

powerful' - Time Magazine 'Raw, nuanced and beautifully written. A moving and enlightening experience to join a woman openly exploring such deep parts of her physical self via the written word. A truly impressive debut' - Emma Gannon 'Excellent [...]

Ratajkowski writes with curiosity, intellect and acute awareness' - Harper's Bazaar 'Superb [...] it feels revolutionary' - Telegraph 'I admire and envy her artistry' - Guardian _____ Emily Ratajkowski is an acclaimed model and actress, an engaged political progressive, a formidable entrepreneur, a global social media phenomenon, and now, a writer. Rocketing to world fame at age twenty-one, Ratajkowski sparked both praise and furor with the provocative display of her body as an unapologetic statement of feminist empowerment. The subsequent evolution in her thinking about our culture's commodification of women is the subject of this book. *My Body* is a profoundly personal exploration of feminism, sexuality, and power, of men's treatment of women and women's rationalizations for accepting that treatment. These essays chronicle moments from Ratajkowski's life while investigating the culture's fetishization of girls and female beauty, its obsession with and contempt for women's sexuality, the perverse dynamics of the fashion and film industries, and the grey area between consent and abuse. Nuanced, unflinching, and incisive, *My Body* marks the debut of a fierce writer brimming with courage and intelligence.

"In "Ichthyology," a young boy watches his father spiral from divorce to suicide. The story is told obliquely, often through the boy's observations of his tropical fish, yet also reveals his father's last desperate moves, including quitting dentistry for commercial fishing in the Bering Sea. "Rhoda" goes back to the beginning of the father's second marriage and the boy's fascination with his stepmother, who has one partially closed eye. This eye becomes a metaphor for the adult world the boy can't yet see into, including sexuality and despair, which feel like the key initiating elements of the father's eventual suicide. "A Legend of Good Men" tells the story of the boy's life with his mother after his father's death through the series of men she dates." "In "Sukkwan Island," an extraordinary novella, the father invites the boy homesteading for a year on a remote island in the southeastern Alaskan wilderness. As the situation spins out of control, the son witnesses his father's despair and takes matters into his own hands. In "Ketchikan," the boy is now thirty years old, searching for the origin of ruin. He tracks down Gloria, the woman his father first cheated with, and is left with the sense of "a world held in place, as it turned out, by nothing at all." Set in Fairbanks, where the author's father actually killed himself, "The

Higher Blue" provides an epilogue to the collection."--BOOK JACKET.
