Tim Hartwell and the Magical Galon of Wales A&C Black

A devoted employee of the FIA (Federal Intelligence Agency), Eurian lives a comfortable and secure life, spanned with bureaucratic conflicts and desires for promotion. He will find himself thrust into an international conflict to track down and stop a subversive cyberterrorist movement. His desire for a foreign assignment will finally be met, but not in the way he expected.

Assigned to Kerploueck, a sleepy village at the far edge of the world, he will be forced to let go of the comfort and stability of his previous lifestyle. With

this temporary assignment, the complacent bureaucrat finds himself a spy-but with none of the excitement and adventure he had dreamed of. He now must find new objectives to survive this wholly uninteresting assignment. What happens to the FIA and to the success of the worldwide search for the subversive cyber-terrorists will slowly drift away from Eurian's mind. Interestingly enough, when this book was started, internet spying, hacking, and cyberterrorism were rhetorical discussions. Today, we live in a different reality. Truth and facts are not as important as swaying unmindful, gullible populations. George Orwell's "alternative facts" are common place and universally acceptable. With the ocean of information now accessible to anyone,

individuals, organizations, and even governments are scrambling to control its sources and promulgate their agendas. This is the essence of "The Happy Fools." Following Eurian and his unanticipated quest for truth, many topics of modern society will be discussed. This book also serves as a compendium of the latest technologies, sciences, ideas and movements. Focusing primarily on the most pertinent latest developments, each providing hope and insights that could change our lives. The underlying prerequisite of being happy is to avoid stress and the unknown. Therein lies a potential philosophical issue. Shutting the doors to outside turmoil, to world problems and issues, is a good safeguard for happiness. Close-mindedness brings

confidence, as the world's problems appear simple and the solutions two-sided. Inversely, knowledge creates a spirit of inquiry, a burning desire for more knowledge, spurring new questions that beg for answers, ultimately resulting in a loss of conviction and an understanding that we will never truly understand the world in its endless complexities. Do we choose closed-minded confidence, or a life dedicated to the pursuit of knowledge with the uncertainties, frustrations, and complexities that it yields?

 Killian knows all about vampires and aliens. They're not real. But when a handsome swimmer climbs into her storm-tossed boat an hour from her summer destination, the worlds of

fantasy and reality suddenly collide... Cuttylea Island has no mall, no social scene, and no action. But it does have a mysterious stone tower, ageless islanders, and a secret as astonishing as a mermaid's tale... Before the summer is through, Killian will find the truth of her family's past...and the role she is destined to play in a centuries-old curse. West Richardson Street A&C Black 'Life is one big road with a lot of signs, signs and more signs you've got to make up your mind to face reality all the time.' Badmarsh & Shri/Tenor Saw/Bob Marley Shiraz is a newly appointed Police Community Support Officer who discovers the body of an Asian prostitute Mandy in a skip in West Richardson Street, High Wycombe. The investigations lead him to a local taxi

driver Asif and a journalist Stacy who works for a local newspaper. Running alongside this is the story of Anna the daughter of a furniture worker in High Wycombe in 1913 and her adventures during these heady times in the town's history. In the background is the spectre of the Assassin whose agenda of racial terrorism drives the story to a profound climax. West Richardson Street is about the past and the present histories of High Wycombe. About lives lost over pieces of dirt and how particular roads and areas of the town resonate with dark and unspoken tales. It's about placing the arrival of Asian and African Caribbean people to Buckinghamshire in a historical context and making them part of this history rather than existing outside of it. West Richardson Street

looks at the town throughout the ages but in particular before the war where the furniture industry in High Wycombe was at its height, the early eighties where there were riots and finally 2007 and the paranoid times after the 2006 terror raids. 'The lie was powerful. It had wrapped itself over the Chiltern Hills and the fabric of the County. It was embedded into the DNA of the mighty and the powerful and covered up a multitude of sins.'

It's been called one of B.C.'s most bizarre drug cases in recent memory. A story with a cast of characters including

an oddball hippy, a pot-bellied pig, an overly friendly raccoon and twenty-four black bears. Oh, and a thousand pot plants, apparently guarded by the bears. The bust took place in August of 2010 near the Village of Christina Lake, British Columbia and the story travelled to all parts of the world, including the United States, Denmark, England, India and Russia, where a news anchor lady could not stop laughing as she read the story. The New York Post declared, "Don't Smokey near this bear." Today, Allen Piche, aka 'The Beardude', announced the release of his book, *The Beardude Story*, which chronicles his side of this strange tale.

A rich, funny and irresistible new story full of dragons, humour and romance, by the author of *Dragonskin Slippers* *Wednesdays in the Tower* Createspace Independent Publishing Platform
Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's

imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.

"Me and E: A Baseball Odyssey is a

reflection on parenting a highly skilled, nationally-ranked and difficult baseball prodigy, told through the author's eyes as he witnessed and participated in the successes and failures of his son playing baseball and growing up in Central Florida. It deals with the changing world of competitive youth sports, over-involved parents, fanatical coaches, the hypocrisies inherent in high school athletics, the college recruiting process and how we teach our kids to grow up and become decent human beings - despite ourselves. It involves well-known sports figures as well as local sports icons with traits and characteristics that everyone will recognize. It's a book about flawed parenting, about living vicariously through a gifted child and learning, finally, that being a good father

is as much about letting go as it is about being there. Call it Moneyball meets Everything I Know I Learned in Kindergarten.

As the Gypsies gather in the ancient village of Les-Saintes-Maries-de-la-Mer for the annual celebration honoring their patron saint, a mystical convergence of events brings four adolescents together at a haunted house and sets them on a perilous quest to locate a centuries-old manuscript that holds the power to release the devastating force of the Ancient Ones upon the Earth. Fifteen-year-old Sarah and her younger brother Luca are lonely Gypsy kids who travel about Europe with their parents. Forced by their Gypsy father to beg and pick pockets for money, Sarah and Luca find

it impossible to earn their father's approval. Fifteen-year-old Edgar cannot stand his parents (and the feeling is mutual) when the family moves from New Jersey to France so that his parents can live out their dream of being French aristocracy. Fourteen-year-old Aleck's world is turned upside down when his parents are killed in a car crash and his older sister decides that he would be better off in France with their Aunt and Uncle whose real concern is their own lavish lifestyle. Beset by their parents and guardians, the four young people must also survive the mercurial activities of a spirit haunting the house that holds clues to the location of the manuscript which is also sought by a secret society bent on locating it for their own purposes. In a frenzied chase that takes

them from the ancient villages of Provence through the blood-soaked quarries of Roussillon to the macabre catacombs of Paris, the four must put aside their differences and suspicions to outwit the evil forces who would stop at

nothing to get their hands on the ancient book. "From the Grave: The Prayer" is a classic tale of terror, suspense and intrigue set in southern France, written by the Master of the Macabre, William Castle.
