HarperCollins UK
A thrilling new series soars above the competition and redefines middle-grade fantasy fiction for a new generation!Th

e seven dragon tribes have been at war for generations, locked in an endless battle over an ancient, lost treasure. A secret movement called the Talons of Peace is determined to bring an end to the fighting, with the help of a prophecy -- a foretelling that calls for great sacrifice. Five dragonets are collected to fulfill the prophecy, raised in a hidden cave and enlisted, against their

will, to end the terrible war. But not every dragonet wants a destiny. And when the select five escape their underground captors to look for their original homes, what has been unleashed on the dragon world may be far more than the revolutionary planners intended . . . *Death-bringer* Turtleback Books The Akakies, a peaceful, technologically advanced alien species

known as "the galaxy's pranksters," are under attack by the Xortaags, a vicious military race bent on conquering the universe. The Xortaags are deadly, but Tarq, the Akakies' chief strategist and legendary shadow master, has a plan. Meanwhile on Earth, Jim, a wise-cracking, movie-quoting, OCD-suffering fighter pilot, is about to propose to his girlfriend Liz when his childhood

friend Kurt shows up at his house, injured and covered in blood. Kurt is a freedom fighter/super-assassin hunted by a brutal military dictatorship's security forces. Soon after, Jim, Liz and Kurt's lives are set to crash with a galactic war that threatens the very existence of the human race. Can our heroes save humanity from the wrath of an overwhelming enemy? The Crimson Deathbringer

seamlessly blends breathtaking action sequences with mischievous humor. Souls of Fire and Steel

Harper Collins Kristen Ciccarelli's distinct brand of lyrical, haunting fantasy continues in the companion to her bestselling debut, *The Last Namsara*. Perfect for fans of Kristin Cashore and Renee Ahdieh. Once there were two sisters born with a bond so strong that it

forged them together forever. Roa and Essie called it the hum. It was a magic they cherished—until the day a terrible accident took Essie's life and trapped her soul in this world. Dax—the heir to Firgaard's throne—was responsible for the accident. Roa swore to hate him forever. But eight years later he returned, begging for her help. He was determined to dethrone his cruel father,

under whose oppressive reign Roa's people had suffered. Roa made him a deal: she'd give him the army he needed if he made her queen. Only as queen could she save her people from Firgaard's rule. Then a chance arises to right every wrong—an opportunity for Roa to rid herself of this enemy king and rescue her beloved sister. During the Relinquishing, when the spirits of the

dead are said to return, Roa discovers she can reclaim her sister for good. All she has to do is kill the king. [Poole's Index to Periodical Literature](#) Turtleback Books Can a time machine be used to save the galaxy? Before teaming up with Tarq, Xornaa was a spy/mercenary with a terrible reputation. After finishing a successful mission, she receives a mysterious offer, one that involves a lot

of money for a seemingly easy job. But she's gone through the wringer several times in the past, so she has her suspicions, especially when she finds out the Akakies are involved. The femme fatale mercenary soon realizes that things aren't as they seem, and her actions could have world-ending consequences. Can a Xortaag spy with a shady past and questionable motives end up being a

force for good in order to save the galaxy? Pick up *The Scarlet Queen*, the prequel to the blockbuster *The Crimson Deathbringer* series, and find out for yourself! *Soul Sucker* DC Comics Supernatural Branch of Law Enforcement empath Ella Walsh sucks memories from people's heads. The job fills her mind with others' nightmares and leaves her with little time for love, but if she doesn't pair off with a mate of the

government's choosing soon, the psychic blowback will destroy her powers and her sanity. The last time shapeshifting SBLE superstar Vadim Morosov worked with an empath, he got her killed and himself assigned to a desk. He worries about taking on another partner, but helping Ella track down an empath killer might be his only chance to save his career. Naturally, the

government decides to throw them together. They resist at first, but they can't deny the simmering heat between them. As the killer's strikes grow closer to home, their bond gets tighter. And when the murderer finally traps Ella, her developing link with Vadim might be the only thing that can save her. 86,000 words **Dark Days** HarperCollins UK Large Print  increased font size and wider
