Fallen Dragon Chronicle of the Fallers

The ancient menace has finally escaped from Lalonde, shattering the Confederation's peaceful existence. Those who succumbed to it have acquired godlike powers, but now follow a far from divine gospel as they advance inexorably from world to world. On planets and asteroids, individuals battle for survival against the strange and brutal forces unleashed upon the universe. Governments teeter on the brink of anarchy, the Confederation Navy is dangerously over-stretched, and a dark messiah prepares to invoke his own version of the final Night. In such desperate times the last thing the galaxy needs is a new and terrifyingly powerful weapon. Yet Dr. Alkad Mzu is determined to retrieve the Alchemist -- so she can complete her thirty-year-old vendetta to slay a star. Which means Joshua Calvert has to find Dr Mzu and bring her back before the Alchemist can be reactivated. But he's not alone in the chase, and there are people on both sides who have their own ideas about how to use the ultimate doomsday device. THE

NEUTRONIUM ALCHEMIST is the second novel in the Night's Dawn Trilogy, an extraordinary feat of storytelling on a truly epic scale.

The Secret Throne Del Rey

The Secret Throne is the first ever children's fantasy title from the UK's favourite sci-fi author, Peter F. Hamilton. Featuring black and white illustrations, this is the first book in the exciting Queen of Dreams series. Taggie and her younger sister, Jemima, are just like any other girls their age. They live with their mum, go to school, play sports and spend their holidays with their dad in the countryside. But one day, everything changes . . . when a white squirrel wearing purple glasses turns up in their lives. The next thing the sisters know, their dad has been kidnapped, and it's up to the girls to get him back. But it seems their father has been keeping some very large secrets from his young daughters, for their dad is no ordinary man. He is an otherworldly prince in exile, and the land he should be ruling, the First Realm, has been overthrown by the King of Night. Can Taggie and Jemima find their way between the worlds to save their father, and what other secrets has he been hiding? Before long, the sisters realize that it is not just their dad's life at stake. It's the future of a whole world. Continue the adventure with The Hunting of the Princes and A Voyage Through

Air.

The Evolutionary Void (with bonus short story If At First...) Del Rey

The Confederation is starting to collapse politically and economically, allowing the `possessed' to infiltrate more worlds. Quinn Dexter is loose on Earth, destroying the giant arcologies one at a time. As Louise Kavanagh tries to track him down, she manages to acquire some strange and powerful allies whose goal doesn't quite match her own. The campaign to liberate Mortonridge from the possessed degenerates into a horrendous land battle, the kind which hasn't been seen by humankind for six hundred years; then some of the protagonists escape in a very unexpected direction. Joshua Calvert and Syrinx fly their starships on a mission to find the Sleeping God -- which an alien race believes holds the key to overthrowing the possessed. THE NAKED GOD is the brilliant climax to Peter F. Hamilton's awe-inspiring Night's Dawn Trilogy.

Salvation Lost Random House

Reviewers exhaust superlatives when it comes to the science fiction of Peter F. Hamilton. His complex and engaging novels, which span thousands of years—and light-years—are as intellectually stimulating as they are emotionally fulfilling. Now, with *The Dreaming Void*, the first

volume in a trilogy set in the same far-future as his acclaimed Commonwealth saga, Hamilton has created his most ambitious and gripping space epic yet. The year is 3589, fifteen hundred years after Commonwealth forces barely staved off human extinction in a war against the alien Prime. Now an even greater danger has surfaced: a threat to the existence of the universe itself. At the very heart of the galaxy is the Void, a self-contained microuniverse that cannot be breached, cannot be destroyed, and cannot be stopped as it steadily expands in all directions, consuming everything in its path: planets, stars, civilizations. The Void has existed for untold millions of years. Even the oldest and most technologically advanced of the galaxy's sentient races, the Raiel, do not know its origin, its makers, or its purpose. But then Inigo, an astrophysicist studying the Void, begins dreaming of human beings who live within it. Inigo's dreams reveal a world in which thoughts become actions and dreams become reality. Inside the Void, Inigo sees paradise. Thanks to the gaiafield, a neural entanglement wired into most humans, Inigo's dreams are shared by hundreds of millions—and a religion, the Living Dream, is born, with Inigo as its prophet. But then he vanishes. Suddenly there is a new wave of dreams. Dreams broadcast by an unknown Second Dreamer serve as the inspiration for a massive Pilgrimage into the Void. But there is a chance that by attempting to enter the Void, the pilgrims will trigger a catastrophic expansion, an accelerated devourment phase that will swallow up thousands of worlds. And thus begins a desperate race to find Inigo and the mysterious Second Dreamer. Some seek to prevent the Pilgrimage; others to speed its progress—while within the Void, a supreme entity has turned its gaze, for the first time, outward. . . . **BONUS:** This edition includes an excerpt from Peter F. Hamilton's *The Temporal Void*.

The Dreaming Void Pan Macmillan

Set in the near-future, over three hundred years before Pandora's Star and Judas Unchained, Peter F. Hamilton's *Misspent Youth* is a gripping introduction to the world of the Commonwealth Saga. Jeff Baker is granted the gift of eternal youth. However, it's not all it seems. . . . It is 2040 and, after decades of research, we can finally rejuvenate a human being. At seventy-eight years old, Jeff Baker – renowned inventor and philanthropist – has given the world much of his creative genius. He's therefore selected as first choice for this gift. At first, rejuvenation feels like a miracle, until the glow begins to fade. Personal relationships start to break down and the world waits for more brilliant new work. Living the dream will come at a cost, but can Jeff pay the price? NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning *The Daily Show* with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, *The Daily Show* with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers-including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell – plus some of *The Daily Show*'s most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics—a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, *The Daily Show* has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

This addition to the well-received Brazos Theological Commentary on the Bible offers a theological exegesis of 1 & 2 Peter. This commentary, like each in the series, is designed to serve the church--through aid in preaching, teaching, study groups, and so forth--and demonstrate the continuing intellectual and practical viability of theological interpretation of the Bible. "The Brazos Theological Commentary exists to provide an accessible authority so that the preacher's application will be a ready bandage for all the hurts of life. The Brazos Commentary offers just the right level of light to make illuminating the word the joy it was meant to be."--Calvin Miller, author of *A Hunger for the Holy and Loving God Up Close*

Suffering and the Sovereignty of God Macmillan

Perhaps of all the apostles, most Christians find themselves most readily drawn to Simon Peter. His failure, restoration and subsequent usefulness provide hope for those who face testing and temptation. Despite that, Peter's twin epistles are probably given less attention than many other sections of the New Testament. But they continue to speak with power and relevance. They provide encouragement and assurance from one who himself needed both; they give basic instruction in Christian living; they also provide clear teaching on false doctrine. They are therefore essential letters for Christians today. Nisbet's outstanding practical treatment is an ideal aid for preachers, teachers, group leaders and all students or readers of the Bible.
