Compendium Publishing &  
Communications  
Cloud native infrastructure is more than  
servers, network, and storage in the  
cloud—it is as much about operational  
hygiene as it is about elasticity and  
scalability. In this book, you'll learn  
practices, patterns, and requirements for

creating infrastructure that meets your  
needs, capable of managing the full life  
cycle of cloud native applications. Justin  
Garrison and Kris Nova reveal hard-earned  
lessons on architecting infrastructure from  
companies such as Google, Amazon, and  
Netflix. They draw inspiration from  
projects adopted by the Cloud Native  
Computing Foundation (CNCf), and  
provide examples of patterns seen in  
existing tools such as Kubernetes. With  
this book, you will: Understand why cloud  
native infrastructure is necessary to  
effectively run cloud native applications

Use guidelines to decide when—and  
if—your business should adopt cloud  
native practices Learn patterns for  
deploying and managing infrastructure  
and applications Design tests to prove that  
your infrastructure works as intended,  
even in a variety of edge cases Learn how  
to secure infrastructure with policy as  
code

Juliette Cai, heir of the Scarlet Gang, and  
her first love-turned-rival Roma Montagov,

leader of the White Flowers, must work together when mysterious deaths threaten their city.

**Aum Golly: Poems on Humanity by an Artificial Intelligence** O'Reilly Media

What does AI know about love, happiness and making a difference? Aum Golly is a book of poems written in 24 hours. It was made possible by GPT-3 - an advanced autoregressive language model published in 2020 by OpenAI. "... a collection that surprises with humor and delicateness..." - Goodreads review "... I have to say reading it was a pleasure..." - Finnish radio host Ruben Stiller on Yle "... a beautiful dialogue between man and machine..." - a review of the Finnish audiobook The deep learning model can generate text that is virtually indistinguishable from text written by humans: poems, recipes, summaries, legal text and even pieces of code. GPT-3 is autofill on steroids. Good poetry makes us feel something and see the world differently. Despite the gut reaction some of us may have towards AI-enhanced creativity, Aum Golly is a book like any other. You will love some of the poems. You will hate others. Some will make you wonder, but all of them will

make you think. Award-winning writer and TEDx speaker Jukka Aalho has guided the AI and chosen the poems for the collection.

Laravel: Up & Running Penguin

Celebrated scientists Nicholas Christakis and James Fowler explain the amazing power of social networks and our profound influence on one another's lives. Your colleague's husband's sister can make you fat, even if you don't know her. A happy neighbor has more impact on your happiness than a happy spouse. These startling revelations of how much we truly influence one another are revealed in the studies of Dr. Christakis and Fowler, which have repeatedly made front-page news nationwide. In *Connected*, the authors explain why emotions are contagious, how health behaviors spread, why the rich get richer, even how we find and choose our partners. Intriguing and entertaining, *Connected* overturns the notion of the individual and provides a revolutionary paradigm-that social networks influence our ideas, emotions, health, relationships, behavior, politics, and much more. It will change the way we think about every aspect of our lives.

Leaving Wishville Penguin

\*A People Top 10 Book of 2018\* The New York Times essayist and author of *We Learn Nothing*, Tim Kreider trains his singular power of observation on his (often befuddling) relationships with women. Psychologists have told him he's a psychologist. Philosophers have told him he's a philosopher. Religious groups have invited him to speak. He had a cult following as a cartoonist. But, above all else, Tim Kreider is an essayist—one whose deft prose, uncanny observations, dark humor, and emotional vulnerability have earned him deserved comparisons to David Sedaris, Sarah Vowell, and the late David Foster Wallace (who was himself a fan of Kreider's humor). "Beautifully written, with just enough humor to balance his spikiness" (Booklist), *I Wrote This Book Because I Love You* focuses Tim's unique perception and wit on his relationships with women—romantic, platonic, and the murky in-between. He talks about his difficulty finding lasting love and seeks to understand his commitment issues by tracking down the John Hopkins psychologist who tested him for a groundbreaking study on attachment

when he was a toddler. He talks about his valued female friendships, one of which landed him on a circus train bound for Mexico. He talks about his time teaching young women at an upstate New York college, and the profound lessons they wound up teaching him. And in a hugely popular essay that originally appeared in The New York Times, he talks about his nineteen-year-old cat, wondering if it's the most enduring relationship he'll ever have. "In a style reminiscent of Orwell, E.B. White and David Sedaris" (The New York Times Book Review), each of these pieces is "heartbreaking, brutal, and hilarious" (Judd Apatow), and collectively they cement Kreider's place among the best essayists working today.

**Modern Fortran** Andrews McMeel Publishing

This is the truth of you. Because you are all I see. Because you are all I breathe. Because when I cannot find you, I am lost. Because when I'm with you, I am found. Because you have the fire of the universe in you, and sometimes you forget. So this book is here to remind you. Dear You, I want you to know that I see you. I want you to know that even if no one else does,

even if you are a ghost in this bookshop, or just the static floating across the screen of your computer, wherever you're reading this, I see you. I see you in the dark and I see you in the grey. I see you as a story, as words I have spoken or may yet speak. Maybe only in a memory or a dream. I see your hands and your arms and your body and your legs and your face and I see what you have been and what you will be. I see you and in looking at you, I want you to know that whoever you've had to be to survive all this, I will not look away. I want you to know that there's a space inside this book for you. So if you have the time and the inclination, you can sit here with me, just for a while. And perhaps between us, we can see everything that matters. - pleasefindthis

Dad, I Wrote a Book about You Kertojan Aani

Ten years ago, I started writing this for you. I wrote it for you and only you. Since then, millions of other people have read it, but none have understood it the way you understand it. I set out to find you a long time ago and today, I'm so glad I finally have. Thank you for reading these words. I Know This Much Is True Compendium

Publishing & Communications

This imaginative companion to the New York Times bestselling Secret Series teases, prompts, and leads readers through the steps of writing a story. Bosch's signature rip-roaring voice delivers an engaging narrative (for the reader to help complete!) and interactive puzzles and games. Readers get the chance to create their own story while enjoying a satisfying mystery as well. Here's a note from our fearless "author": I feared this might happen. I knew reading was a dangerous business, but now it's not safe for writers either! You see, the author of this book is missing. Well, maybe not "missing." A certain author whom I won't name (okay, me) has abandoned his book and has left his readers hanging out to dry. This is a crime, I admit, but there it is. Most of this book, well, I just haven't written it. And I'm not going to, either. Why? Oh, I have my reasons. Big. Grown up. Author. Reasons. Unfortunately, I can't reveal them yet. Let's just say a life is at stake (mine) and leave it at that. So will you do it? Pretty please? You'll do it? Thank you! But please hurry! Time is of the essence and you can't wait any longer.

You must WRITE THIS BOOK!

*Churchill and Orwell* Andrews McMeel Publishing

From the New York Times bestselling author Kristin Hannah comes a powerful novel of love, loss, and the magic of friendship. . . . now a #1 Netflix series! In the turbulent summer of 1974, Kate Mularkey has accepted her place at the bottom of the eighth-grade social food chain. Then, to her amazement, the "coolest girl in the world" moves in across the street and wants to be her friend. Tully Hart seems to have it all---beauty, brains, ambition. On the surface they are as opposite as two people can be: Kate, doomed to be forever uncool, with a loving family who mortifies her at every turn. Tully, steeped in glamour and mystery, but with a secret that is destroying her. They make a pact to be best friends forever; by summer's end they've become TullyandKate. Inseparable. So begins Kristin Hannah's magnificent new novel. Spanning more than three decades and playing out across the ever-changing face of the Pacific Northwest, *Firefly Lane* is the poignant, powerful story of two women and the friendship that becomes the

bulkhead of their lives. From the beginning, Tully is desperate to prove her worth to the world. Abandoned by her mother at an early age, she longs to be loved unconditionally. In the glittering, big-hair era of the eighties, she looks to men to fill the void in her soul. But in the buttoned-down nineties, it is television news that captivates her. She will follow her own blind ambition to New York and around the globe, finding fame and success . . . and loneliness. Kate knows early on that her life will be nothing special. Throughout college, she pretends to be driven by a need for success, but all she really wants is to fall in love and have children and live an ordinary life. In her own quiet way, Kate is as driven as Tully. What she doesn't know is how being a wife and mother will change her . . . how she'll lose sight of who she once was, and what she once wanted. And how much she'll envy her famous best friend. . . . For thirty years, Tully and Kate buoy each other through life, weathering the storms of friendship---jealousy, anger, hurt, resentment. They think they've survived it all until a single act of betrayal tears them apart . . . and puts their courage and

friendship to the ultimate test. *Firefly Lane* is for anyone who ever drank Boone's Farm apple wine while listening to Abba or Fleetwood Mac. More than a coming-of-age novel, it's the story of a generation of women who were both blessed and cursed by choices. It's about promises and secrets and betrayals. And ultimately, about the one person who really, truly knows you---and knows what has the power to hurt you . . . and heal you. *Firefly Lane* is a story you'll never forget . . . one you'll want to pass on to your best friend.

*I Wrote This Book Because I Love You*  
Algonquin Books

Brenda Ueland was a journalist, editor, freelance writer, and teacher of writing. In *If You Want to Write: A Book about Art, Independence and Spirit* she shares her philosophies on writing and life in general. Ueland firmly believed that anyone can write, that everyone is talented, original, and has something important to say. In this book she explains how find that spark that will make you a great writer. Carl Sandburg called this book the best book ever written about how to write. Join the millions of others who've found inspiration and unlocked their own talent.

**The Truth of You** Crossway Bibles  
 I Wrote This For You: Just The Words presents twice the number of entries with over 400 works from the internationally acclaimed poetry and photography project; including several new and never before seen poems. While focusing on the words from the project, new photography launches each section which speaks to the reader's journey through the world: Love Found, Being In Love, Love Lost, Hope, Despair, Living and Dying.

**I Wrote This for You** St. Martin's Press  
 They are memoirs like you've never read before. As broadcaster and pitchman, John Madden has been inside the locker rooms, broadcasts booths, and in front of the camera doing what he does best--being himself. He's seen an awful lot and he wrote a book to prove it. Hey, wait a minute, you'll love it!

*Look! I Wrote a Book! (And You Can Too!)*  
 Penguin

The first person who breaks your heart will always teach you the importance of love.  
 1. People come and go and only a handful of them are willing to stay. So it is best to give them your promises. 2. You have to go through pain every once in a while.

That's how it works. Pain is inevitable. Pain is relative. Pain brings people closer together. So it is best to give the people you love your sorrow. They will make flowers out of them. Believe it. And 3. Somewhere down the line a revelation will hit you like a comet and when it does you will think of the first time you got your heart broken. And the second and maybe even the third. And you will finally realize the importance of it all. And you will thank them for the experiences. And you will finally bring down your walls and learn how to move on. How to forgive. How to properly heal. And you will do all of these marvelous things but also, you will never forget the way they once made you feel. You will never forget the slow burn that brokenness brings. And you will remind yourself of it every now and then... and you will do so to remember the importance of letting go and etc. To remember why you should never search for love in the same place you lost it. Why you should never search for love in the same place where it left you broken. That's the importance of love. Of going through it-to have it and cherish it... but also, to not fall victim to the same people

and tragedies that made you feel even more alone. To not fall victim to all things that covered up the sun. Those lessons are valuable, therefore, it is best to learn as much as you can and love as much as you're willing to get hurt. Stay strong.  
*Trust Me, I'm Lying* Cambridge University Press

Based on our bestselling title *I Wrote a Book About You*, we've added two new options that offer charming, personalized ways to delight Mom and Dad. With fun yet meaningful prompts for you to complete (in under an hour!), *Mom, I Wrote a Book About You* lets you create a heartfelt gift as unique as your mother. Fill this lighthearted gift book with your favorite moments and shared experiences to remind Mom what she means to you.  
*Connected* "O'Reilly Media, Inc."

First published a decade ago, *A Writer's Book of Days* has become the ideal writing coach for thousands of writers. Newly revised, with new prompts, up-to-date Web resources, and more useful information than ever, this invaluable guide offers something for everyone looking to put pen to paper — a treasure trove of practical suggestions, expert

advice, and powerful inspiration. Judy Reeves meets you wherever you may be on a given day with: • get-going prompts and exercises • insight into writing blocks • tips and techniques for finding time and creating space • ways to find images and inspiration • advice on working in writing groups • suggestions, quips, and trivia from accomplished practitioners Reeves's holistic approach addresses every aspect of what makes creativity possible (and joyful) — the physical, emotional, and spiritual. And like a smart, empathetic inner mentor, she will help you make every day a writing day.

[The Book of \(More\) Delights](#) Penguin  
A New York Times bestseller! A New York Times Book Review Notable Book of 2017  
A dual biography of Winston Churchill and George Orwell, who preserved democracy from the threats of authoritarianism, from the left and right alike. Both George Orwell and Winston Churchill came close to death in the mid-1930's—Orwell shot in the neck in a trench line in the Spanish Civil War, and Churchill struck by a car in New York City. If they'd died then, history would scarcely remember them. At the time, Churchill was a politician on the outs, his

loyalty to his class and party suspect. Orwell was a mildly successful novelist, to put it generously. No one would have predicted that by the end of the 20th century they would be considered two of the most important people in British history for having the vision and courage to campaign tirelessly, in words and in deeds, against the totalitarian threat from both the left and the right. In a crucial moment, they responded first by seeking the facts of the matter, seeing through the lies and obfuscations, and then they acted on their beliefs. Together, to an extent not sufficiently appreciated, they kept the West's compass set toward freedom as its due north. It's not easy to recall now how lonely a position both men once occupied. By the late 1930's, democracy was discredited in many circles, and authoritarian rulers were everywhere in the ascent. There were some who decried the scourge of communism, but saw in Hitler and Mussolini "men we could do business with," if not in fact saviors. And there were others who saw the Nazi and fascist threat as malign, but tended to view communism as the path to salvation. Churchill and Orwell, on the other hand,

had the foresight to see clearly that the issue was human freedom—that whatever its coloration, a government that denied its people basic freedoms was a totalitarian menace and had to be resisted. In the end, Churchill and Orwell proved their age's necessary men. The glorious climax of Churchill and Orwell is the work they both did in the decade of the 1940's to triumph over freedom's enemies. And though Churchill played the larger role in the defeat of Hitler and the Axis, Orwell's reckoning with the menace of authoritarian rule in *Animal Farm* and *1984* would define the stakes of the Cold War for its 50-year course, and continues to give inspiration to fighters for freedom to this day. Taken together, in Thomas E. Ricks's masterful hands, their lives are a beautiful testament to the power of moral conviction, and to the courage it can take to stay true to it, through thick and thin. *Churchill and Orwell* is a perfect gift for the holidays!

*I Wrote a Book about You* University of Chicago Press

The cult classic that predicted the rise of fake news—revised and updated for the post-Trump, post-Gawker age. Hailed as

"astonishing and disturbing" by the Financial Times and "essential reading" by TechCrunch at its original publication, former American Apparel marketing director Ryan Holiday's first book sounded a prescient alarm about the dangers of fake news. It's all the more relevant today. Trust Me, I'm Lying was the first book to blow the lid off the speed and force at which rumors travel online—and get "traded up" the media ecosystem until they become real headlines and generate real responses in the real world. The culprit? Marketers and professional media manipulators, encouraged by the toxic economics of the news business. Whenever you see a malicious online rumor costs a company millions, politically motivated fake news driving elections, a product or celebrity zooming from total obscurity to viral sensation, or anonymously sourced articles becoming national conversation, someone is behind it. Often someone like Ryan Holiday. As he explains, "I wrote this book to explain how media manipulators work, how to spot their fingerprints, how to fight them, and how (if you must) to emulate their tactics. Why am I giving away these secrets?"

Because I'm tired of a world where trolls hijack debates, marketers help write the news, opinion masquerades as fact, algorithms drive everything to extremes, and no one is accountable for any of it. I'm pulling back the curtain because it's time the public understands how things really work. What you choose to do with this information is up to you."

The Book in a Box Method: The New Way to Quickly and Easily Write Your Book (Even If You're Not a Writer) Andrews McMeel Publishing

You have plenty of ideas you want to put into a book, but you're stalled. Maybe you start, but can't find the time to continue. Or you're frustrated with the writing process. And when you seek advice, people tell you, "It's all about discipline," or they talk about what writing software to use. But that doesn't help you actually write your book. So you never finish your book, the world never gets the benefit of your wisdom, and you never get the benefits of being an author. Isn't there an easier way? Now there is. In "The Book In A Box Method," Tucker Max and Zach Obron show you the exact steps you can follow to go from idea to finished

manuscript, in an easy, quick way -- even if you're not a writer. Using the same methods, processes, and templates that they use for their authors at their company, Tucker and Zach show you exactly how to: Crystallize your book idea Create your book outline Create all the content for your book Edit that content into a great manuscript With "The Book In A Box Method," you'll be able to write a better book - in less time - than you ever thought possible.

From Lived Experience to the Written Word Compendium Publishing & Communications

A New York Times political cartoonist and writer presents a collection of his most popular essays and drawings about life and government hypocrisy, exploring the darkly comic aspects of such topics as falling in love with unlikeable people, managing a friend with outspoken political views and reacting to a long acquaintance's sex-change operation. By the creator of The Pain--When Will It End? Hell of a Book Little, Brown Spark Authors determine that The Book of Mormon is an adaptation of an obscure historical novel. Read about their findings.
