2006: the Pearson Edexcel International
GCSE in Mathematics (Specification A) is a
linear qualification. It consists of two
examinations available at Foundation and
Higher Tier. Both examinations must be
taken in the same series at the end of the
course of study. Edexcel International
Advanced Level Mathematics is essentially
a holistic subject and, as such, should be
taught in this way with connections being
made across different content areas. The
assessment is designed to meet the
requirement for greater challenge for the
most able through some questions with a
significant problem solving element and
others which will require candidates to use
and apply knowledge in novel and abstract
... Legacy GCSE Question Papers - AQA All
About Maths GCSE Mathematics has a
Foundation tier (grades 1 – 5) and a Higher
tier (grades 4 – 9). Students must take

three question papers at the same tier. All
question papers must be taken in the
same series. The information in the table
below is the same for both Foundation and
Higher tiers. AQA | GCSE | Mathematics |
Specification at a glance Our Pearson
Edexcel International GCSE (9-1)
Mathematics A specification and support
materials have been developed with the
help of teachers, higher education
representatives and subject expert groups.
The qualification supports progression to
further study, with up-to-date content
reflecting the latest thinking in the
subject. Edexcel International GCSE
Mathematics A (2016) | Pearson ... The
Pearson Edexcel Level 1/Level 2 GCSE (9
to 1) in Mathematics is a tiered
qualification. There are two tiers: ● Higher
tier grades – 4 to 9 available (grade 3
allowed). The assessment for each tier of
entry consists of three externally-
examined papers, all three must be from
the same tier of entry. GCSE (9-1)
