Toronto Press

Detective Jake Porter's life was shattered when his wife was killed by a hit-and-run driver nearly four years ago. Since then, he has been building a new life piece by piece, but this is rocked when evidence comes to light that might finally lead him to her killer. At the same time, he and his partner DS Nick Styles have a volatile case to juggle. Ross Henderson was a vlogger rallying against the growing tide of the far-right. As his audience tuned in to his latest live broadcast, they watched in horror as

he was brutally murdered. While struggling to prevent full-blown riots in the wake of the atrocity, following the trail to his wife's killer will take its toll. Porter will have to act like a criminal in order to take down the personal responsible, but there's no guarantee he will come out the other side alive. 'In End of The Line, professional and the personal worlds collide in a bruising, enthralling, high-stakes offering of top-level crime thrills... A triumphant addition to the already brilliant Porter and Styles series' Rob Parker, author of A

Wanted Man 'Explodes with no nonsense crime writing' Peterborough Telegraph
 'End of the Line is everything a police procedural should be: a chilling crime, emotionally compromised cops, and a thrilling race to the finish' Louisa de Lange, author of *The Dream Wife*
 'Meticulously crafted and dripping with menace, End of the Line is high stakes noir at its best. Robert Scragg's Porter and Styles series just keeps getting better' Victoria Selman, author of *Blood for Blood*

End of the Line - The Moorgate Disaster

End of the Line
 It's the winter of 1883, and five hundred rail workers have halted their push through the Rockies at Holt City, an isolated shantytown in the shadow of the Continental Divide. The men are tired and cold, and patience is as scarce as the rationed food. Then, Deek Penner, a CPR section boss, is brutally murdered at the end of the track. Durrant Wallace, a veteran of the celebrated March West by the North West Mounted Police a decade earlier, is returned to active duty to investigate the murder. Durrant lost his leg in a gun battle with whiskey traders three years earlier, and he struggles with

being a Mountie who cannot ride. When Durrant arrives, Holt City is packed with possible suspects: illegal whiskey smugglers, spies for rival railways, explosive dealers, and a mysterious Member of Parliament who insists on getting his bureaucratic fingers into everything. Durrant is most concerned with the amount of illegal explosive trading-explosives that are meant for railroad blasting, but are instead being sold to those outside the trade. With little in the way of forensic science to draw upon, Durrant must use his cunning and determination to soothe the charged situation before it turns explosive, literally. After the death of leading haematologist Professor Anstruther, antiquarian book dealer Anthony Sparrow is tasked with clearing out his mansion of its books and papers. He soon begins to question the real circumstances of the old man's death: was he in fact murdered, and if so, who was responsible? The answer might be found in the personal diaries and letters

which Sparrow unearths. But as he closes in on the answer, the perspective suddenly shifts and everything which he was sure about dissolves into darkness and shadows.

 A page-turning thriller and ultimate escape game, this book is about Justin Wayne, a whiz kid who is kidnapped and entrapped on a speeding train. A forcefield and metal monsters, they call Screamers keep them from escaping. Can the players keep their secrets? Will the teens get to the Hidden End of the Line alive? Will the nightmare of The Beast that has them on board ever be over?

The End of the Line Black Flame

Unlike books that focus solely on methods, *The Craft of Collaborative Planning* provides a detailed guide to designing and managing all aspects of the collaborative process, advocating for making collaborative work the norm. Beginning with a discussion of the political and legal context of collaborative practice in UK land use planning systems, *The Craft of Collaborative Planning* tracks a path through the challenging task of process

design and working with various groups and individuals. Taking into account the great need for coherent organizational approaches, Bishop outlines evaluation and learning from the collaborative process for the future. Jeff Bishop brings to his writing an exemplary career focused on bringing various parties together to generate creative and widely supported plans and projects. With its focused discussion of UK engagement practices, and detailed outline for making a better collaborative process, *The Craft of Collaborative Planning* is an essential read for practitioners and decision-makers seeking to bring communities together with creative solutions to spatial planning, design, and development.

"Wholly addictive, entirely magical series, set in Sicily and starring a detective unlike any other in crime fiction... altogether transporting."--A.J. Finn, #1 New York Times bestselling author A WASHINGTON POST BEST MYSTERY OF 2019 A BEST BOOK OF 2019, NPR's Book Concierge A wave of refugees has arrived on the

Sicilian coast, and Inspector Montalbano and his team have been stationed at port, alongside countless volunteers, to receive and assist the newcomers. Meanwhile, Livia has promised their presence at a friend's wedding, and the inspector, agreeing to get a new suit tailored, meets the charming master seamstress Elena Biasini. But while on duty at the dock one late night, tragedy strikes, and a woman is found gruesomely murdered. Between managing the growing crowds at the landing, Montalbano delves into the world of garments, in the company of an orphaned cat, where he works to weave together the loose threads of the unsolved crimes and close the case.

The ninth edition of Last's Anatomy examines the anatomy of the human body on a regional basis. It emphasises the clinical and applied aspects of the subject for undergraduates and postgraduate trainees in medicine, surgery and dentistry. Beginning with an introduction to regional anatomy it covers the upper and lower limbs, thorax, abdomen, head,

neck, spine, central nervous system and osteology of the skull.

The Rise and Coming Fall of the Global Corporation Samuel French, Inc.

At one time, sardines were an inexpensive staple for many Americans. The 212 photographs in this elegant volume offer a striking document of this now vanished industry. Generations of workers in Maine have snipped, sliced, and packed the small, silvery fish into billions of cans on their way to Americans' lunch buckets and kitchen cabinets. On April 15, 2010, Stinson's Seafood, once the home of Beach Cliff Sardines, shut down the packing line that had made the name world famous. Begun in 1927, Stinson's empire eventually included sardine canneries spread along the Maine coast and a fleet of ships to supply them. With this closing, however, the end of the entire sardine industry in Maine had finally arrived. Photographer Markham Starr was privileged to spend several days at the Stinson factory in Prospect Harbor, one month before it was dismantled, emerging with a collection of remarkable images that transform the parts of the cannery into works of art and capture the resilience

of the workers faced with the loss of jobs many had held for decades. This book includes a short essay, and shows the heartland of Maine at its finest.

A Novel Lulu.com

The fourth and final eBook in POLITICO's Playbook 2012 series once again provides an unprecedented minute-by-minute account of the race for the presidency. The End of the Line follows President Barack Obama and Republican challenger Mitt Romney as their campaign teams go all-in to win in the critical final weeks of the 2012 election. From Mitt Romney's "47 percent" video to Clint Eastwood's speech to an empty chair, the 2012 presidential campaign did not lack for memorable moments. In *The End of the Line*, POLITICO senior White House reporter Glenn Thrush and senior political reporter Jonathan Martin chronicle every hairpin turn in a race that defied the predictions of pundits and prognosticators. While some political observers considered Barack Obama's reelection far from a sure thing, the president and his team remained resolute in their belief that they would prevail. In Boston, Mitt Romney's advisers were just as confident that their man was headed

for a smashing victory. In the end, only one of those views would be validated by events. The outcome of this election was never foreordained, however, and would ultimately be determined by two candidates, three debates, and a thousand small but critical strategic decisions. With an eye toward writing a "first draft of history," Thrush and Martin report on the intense internal debates over ad strategy that defined the parameters of the fall campaign—including a crucial late-May decision by the Obama campaign that may have tipped the scales in the president's favor. They provide a behind-the-scenes look at the candidates' debate preparation sessions, and they reveal why Romney's campaign was so confident they were going to win. The action climaxes on election night, as the opposing camps huddle nervously in their hotel suites to await the verdict of the voters. *The End of the Line* reveals for the first time what the Obama brain trust really thought about the agonizingly long wait for Romney's official concession—and what happened after Obama put the telephone to his ear and heard the words "Hello, Mr. President, it's Mitt Romney." No one could have

predicted all the twists and turns of the 2012 election—and no one was better equipped to chronicle them than the POLITICO team. *The End of the Line* is frontline campaign reporting at its finest, meticulously reported and compulsively readable.

People working together to shape creative and sustainable places W. W. Norton & Company

You live. You love. You Die. Now RUN. *ReMade* is a thrilling sci-fi adventure that will take readers past the boundaries of time, space, and even death. This is the 8th episode of *ReMade*, a 15-episode serial from Serial Box Publishing. This episode was written by E.C. Myers. After a twitchy trigger finger leaves the train without a driver, the group scrambles to find a way off their runaway getaway. With food running out and still no idea where they are headed, it's hard to imagine things could get worse... *ReMade Season One*: In one moment the lives of twenty-three teenagers are forever changed, and it's not just because they all happen to die. "ReMade" in a world they barely recognize - one with robots, space elevators, and unchecked jungle - they must work

together to survive. They came from different places, backgrounds, and families, and now they might be the last people on earth. Lost meets *The Maze Runner* in this exciting serial adventure. *The End of the Line* Penguin
 #1 NEW YORK TIMES BESTSELLER
 SELECTION OF THE REESE WITHERSPOON BOOK CLUB A HIGHLY ANTICIPATED, BEST BOOK OF SUMMER SELECTED BY * VOGUE * USA TODAY * ENTERTAINMENT WEEKLY * CNN * TOWN & COUNTRY * PARADE * BUSTLE * AND MORE! A “gripping” (Entertainment Weekly) mystery about a woman who thinks she’s found the love of her life—until he disappears. Before Owen Michaels disappears, he smuggles a note to his beloved wife of one year: Protect her. Despite her confusion and fear, Hannah Hall knows exactly to whom the note refers—Owen’s sixteen-year-old daughter, Bailey. Bailey, who lost her mother tragically as a child. Bailey, who wants absolutely nothing to do with her new stepmother. As Hannah’s increasingly desperate calls to Owen go unanswered, as the FBI arrests Owen’s boss, as a US marshal and federal agents arrive at her Sausalito home unannounced, Hannah

quickly realizes her husband isn’t who he said he was. And that Bailey just may hold the key to figuring out Owen’s true identity—and why he really disappeared. Hannah and Bailey set out to discover the truth. But as they start putting together the pieces of Owen’s past, they soon realize they’re also building a new future—one neither of them could have anticipated. With its breakneck pacing, dizzying plot twists, and evocative family drama, *The Last Thing He Told Me* is a riveting mystery, certain to shock you with its final, heartbreaking turn.

The Craft of Collaborative Planning Disha Publications

In 1857 a Toronto-to-Hamilton train crashed on the Desjardins Canal bridge. Sixty people died, making it one of the worst railway disasters in North America. These are the stories of those associated with the bridge's construction and those who perished in the accident, capturing the ebullient economic confidence of pre-Confederation Canada.

Colonial policing and the imperial endgame 1945-80 Simon and Schuster
 Anna Jefferson travels from her home in London to a small town in America and a

place called Bear Ranch. Her plan is to enjoy a relaxing vacation, and learn how to ride. Stretching her legs after the long flight, she walks down to the nearby creek and comes across a local rancher resting his horse. Despite initial hesitation, Anna enters into conversation, and finds an unexpected rapport with the stranger. As their paths continue to cross, Anna starts to feel a connection, and is even more surprised that the interest seems to run both ways. It wasn’t something she expected; but in this case opposites attract and Anna finds herself careering into a reckless romance. She’s not too concerned. She’ll be headed home in three weeks, so what harm is a little fun? What started out as fun, however, turns complicated when ex-girlfriends, jealousy, awkward family dynamics and feelings get in the way. Can three weeks change a life? When it gets to the end of the line, what decision will Anna make?

The End of the Line Totally Entwined Group (USA+CAD)

This re-examination of the War Scroll (1QM) suggests it is a Hellenistic composition describing an eschatological, two-stage, conquest of the world,

subsequently updated in order to fit the new historical realities faced by the Qumran sectarians under Roman rule.

How Overfishing is Changing the World and what We Eat BRILL

Argues that if nothing is done to stop the squandering of fish stock, the ecological balance of life in the oceans will face collapse and millions of people could starve, and examines the causes and implications of the problem.

Beauty Meets the Beast Canelo

Bookworm David knows the difference between fantasy and reality...until he meets Alex. Orphan and loner David Greene has always found solace in the dark romance written by his great-grandmother. The book and a crumbling old house on the edge of town are all that remains of his ancestry and the family he never knew. But when David meets Alex, the new owner of the house, his world spins out of control. Alex is every bit of man and mystery David could have conjured in his wildest erotic dreams, and he is drawn into a strange romance where weirdness becomes the norm. He even begins to sense the spirit of Vincent, the novel's mysterious anti-hero, who issues a

warning about the dangers of involving himself with Alex. As Alex begins to manoeuvre and manipulate David's empty life, the question soon becomes not who is Alex, but what is Alex? And once the truth is out David discovers that the fictional world of his great-grandmother's novel was never quite so fictional after all.

The End of the Line Northwestern University Press

In September 1999, an earthquake devastated much of Taiwan, toppling buildings, knocking out electricity, and killing 2,500 people. Within days, factories as far away as California and Texas began to close. Cut off from their supplies of semiconductor chips, companies like Dell and Hewlett-Packard began to shutter assembly lines and send workers home. A disaster that only a decade earlier would have been mainly local in nature almost cascaded into a grave global crisis. The quake, in an instant, illustrated just how closely connected the world had become and just how radically different are the risks we all now face. End of the Line is the first real anatomy of globalization. It is the story of how American corporations created a global production system by

exploding the traditional factory and casting the pieces to dozens of points around the world. It is the story of how free trade has made American citizens come to depend on the good will of people in very different nations, in very different regions of the world. It is a story of how executives and entrepreneurs at such companies as General Electric, Cisco, Dell, Microsoft, and Flextronics adapted their companies to a world in which America's international policies were driven ever more by ideology rather than a focus on the long-term security and well-being of society. Politicians have long claimed that free trade creates wealth and fosters global stability. Yet Lynn argues that the exact opposite may increasingly be true, as the resulting global system becomes ever more vulnerable to terrorism, war, and the vagaries of nature. From a lucid explanation of outsourcing's true impact on American workers to an eye-opening analysis of the ideologies that shape free-market competition, Lynn charts a path between the extremes of left and right. He shows that globalization can be a great force for spreading prosperity and promoting peace—but only if we master its

complexities and approach it in a way that protects and advances our national interest.

Hidden End of the Line WestBow Press Presents a case of scandal, crime, and justice in medieval France, where a Norman knight returns from Scotland and

finds his wife accusing an old friend and fellow courtier of raping her, leading to a battle to the death.
