The Argumentative Indian Cambridge University Press

A venerable tiger, old and toothless now, looks back over his life from cubhood and early days roaming wild in the Indian jungle. Trapped into a miserable circus career as 'Raja the magnificent', he is then sold into films (co-starring with a beefy Tarzan in a leopard skin) until, finding the human world too brutish and bewildering, he makes a dramatic bid for freedom. R.K. Narayan's story combines Hindu mysticism with ripe Malgudi comedy, viewing human absurdities through the eyes of a wild animal and

revealing how, quite unexpectedly, Raja finds sweet companionship and peace.

Story of the Road Doing Business

In the novels of R. K. Narayan (1906-2001), the forefather of modern Indian fiction, human-scale hopes and epiphanies express the promise of a nation as it awakens to its place in the world. In *The Financial Expert*, a man of many hopes but few resources spends his time under a banyan tree dispensing financial advice to those willing to pay for his knowledge. As charming as it is compassionate, this novel provides an indelible portrait of India in the twentieth century.

"Why has the valley of Kashmir, famed for its beauty and tranquillity, become a major flashpoint, threatening the stability of a region of great strategic importance and challenging the integrity of the Indian state? This book examines the Kashmir conflict in its historical context, from the period when the valley was an independent kingdom right up to the struggles of the present day. Located on the borders of China, Central Asia and the Sub-Continent, the insurgency in the valley has also created serious tensions between India and Pakistan. Drawing upon research in India and Pakistan, as well as historical sources, this book traces the origins of the state in the 19th century and the controversial "sale" by the British of the predominantly Muslim valley to a Hindu Maharaja in 1846. Through an exploration of the implications for Kashmir of independence in 1947, it gives a

critical account of why, for Kashmir, self-determination may seem a more attractive option than affiliation to a larger multi-racial whole."--Bloomsbury Publishing.

A stunning facsimile of the 1919 first edition of William Butler Yeats's *The Wild Swans at Coole*: an elegant volume showcasing these poems as they would have first been read and a complement to facsimile editions *The Winding Stair* and *The Tower*. Published in 1919 during W.B. Yeats's "middle stage" and composed of poems written during World War I, *The Wild Swans at Coole* is contemplative and elegiac. This collection captures Yeats at a time when he was looking back on his life, coming to terms with the realities of modern war, reflecting on lost love, and defining his place in the world as a poet. It features forty poems, among them "The Fisherman," "In Memory of Major Robert Gregory," "The Wild Swans at Coole," and "On Being Asked for a War Poem." This facsimile of the original 1919 edition presents the reader with the work in its original form, with handsome old fashioned type, how readers and Yeats himself would have seen it in the early twentieth century. A great gift book and collector's item, *The Wild Swans at Coole* also includes an Introduction and notes by esteemed Yeats scholar George Bornstein.

A Nobel Laureate offers a dazzling new book about his native country India is a country with many distinct traditions, widely divergent customs, vastly different convictions, and a veritable feast of viewpoints. In *The Argumentative Indian*, Amartya Sen draws on a lifetime study of his country's history and culture to suggest the ways we must understand India today in the light of its rich, long argumentative tradition. The millenia-old texts and interpretations of Hindu, Buddhist, Jain, Muslim, agnostic, and atheistic Indian thought demonstrate, Sen reminds us, ancient and well-respected rules for conducting debates and disputations, and for appreciating not only the richness of India's diversity but its need for toleration. Though Westerners have often perceived India as a place of endless spirituality and unreasoning mysticism, he underlines its long tradition of skepticism and reasoning, not to mention its secular contributions to mathematics, astronomy, linguistics, medicine, and political economy. Sen discusses many aspects of India's rich intellectual and political heritage, including philosophies of governance from Kautilya's and Ashoka's in the fourth and third centuries BCE to Akbar's in the 1590s; the history and continuing relevance of India's relations with China more than a millennium ago; its old and well-organized calendars; the films of Satyajit Ray and the debates between Gandhi and the visionary poet Tagore about India's past, present, and future. The success of India's democracy and defense of its secular politics depend, Sen argues, on understanding and using this rich argumentative tradition. It is also essential to removing the inequalities (whether of caste, gender, class, or community) that mar Indian life, to stabilizing the now precarious conditions of a nuclear-armed subcontinent, and to correcting what Sen calls the politics of deprivation. His invaluable book concludes with his meditations on pluralism, on dialogue and dialectics in the pursuit of social justice, and on the nature of the Indian identity.
