From setting appropriate goals for each type of fitness to learning how to feed both body and soul, this ground-breaking guide goes beyond the typical health mantras—eat right, exercise regularly, reduce stress—and explores the emotional and physical obstacles to corporeal and spiritual fitness. Based on

the immensely successful training of a six-time Ironman triathlete by a renowned Huichol Indian healer, this handbook seeks to remedy the conspicuous absence of spirituality in typical Western exercise regimens by explaining how to incorporate the divine into everyday exercises and why the two issues are inexorably linked. After years of respective training, both parties realized that the art of prayer and its signature mindfulness could increase not only one's physical abilities but also the mind, and that fitness wasn't just a matter of good cardiovascular health

and strong muscles. Whether training for intense competition or just reaching fitness goals, this indispensable resource discusses how to exceed mental limitations and become successful in any physical, emotional, or spiritual journey.

A dark attic. A light bulb. An imaginative little girl. Internationally acclaimed artist Suzy Lee uses these simple elements to create a visual tour de force that perfectly captures the joy of creative play and celebrates the power of imagination. Stunning in their simplicity, Lee's illustrations, in just two shades of

color, present an adventure that begins and ends with the click of a light bulb.

The November 1994 midterm elections were a watershed event, making possible a Republican majority in Congress for the first time in forty years. *Contract with America*, by Newt Gingrich, the new Speaker of the House, Dick Armey, the new Majority Leader, and the House Republicans, charts a bold new political strategy for the entire country. The ten-point program, which forms the basis of this book, was announced in late September. It received the signed support of more than 300 GOP candidates. Their pledge: "If we break this contract, throw us out". *Contract with America* fleshes out the

vision and provides the details of the program that swept the GOP to victory. Among the pressing issues addressed in this important book are: balancing the budget, stopping crime, reforming welfare, reinforcing families, enhancing fairness for seniors, strengthening national defense, cutting government regulations, promoting legal reform, considering term limits, and reducing taxes.

Turn-of-the-century Detective Isaac Bell takes on the upstart leader of a vicious crime organization in this novel in the #1 New York Times–bestselling series. It is 1906, and in New York City, the Italian

crime group known as the Black Hand is on a spree: kidnapping, extortion, arson. They like to take the oldest tricks and add dynamite. When a coalition of the Black Hand's victims hire out the Van Dorn agency to protect their businesses, their reputations, and their families, Detective Isaac Bell forms a crack squad and begins scouring the city for clues. And then he spots a familiar face. The stakes grow ever-higher, with the Black Hand becoming more ambitious, and their targets more political. If Bell can't determine the role played by the face from his past, the next life lost could be one of the most powerful men in the nation.

The ups, downs, and exploits of a group of British Catholics--for whom the sexual

revolution came a little later than it did for everybody else... In this bracing satire, a group of university students make their way through the fifties and into the turbulent sixties and seventies. We first meet Dennis, Michael, Ruth, Polly, and the others at the altar rail of Our Lady and St. Jude, but soon enough they get caught up in the alternately hilarious and poignant preoccupations of work, marriage, sex, and babies--not always in that order. A satirical comedy in the tradition of Evelyn Waugh, *Souls and Bodies* take an unblinking look at the sexual revolution and the contemporaneous upheavals in the Catholic Church. The result is as unsettlingly true as it is funny.

Ravenna was one of the most significant

administrative, political, and religious centres of the late antique period. This book focuses on the period between the transfer of the imperial court to Ravenna (402) and the last western emperor Romulus Augustus' deposition by the Germanic commander Odoacer (476), a period when Ravenna was the seat of western emperors. The book is premised on the author's conviction that individual surviving examples of architecture, along with their decoration, sarcophagi, ivory, and gold objects, can be best understood not only by examining their historical context and iconography, but also looking at the very material of these objects and how their production was organised. The book therefore focuses primarily on craftsmen and their traditions, and deliberate breaks with

tradition, and on the way workmen moved about the late antique world and thereby fostered the exchange and spread of technology and artistic models. It thus present Ravenna not as an isolated phenomenon (as Ravenna is very often presented in the literature) but as one of many players in the political, ecclesiastical, and social games of the late antique world.

Hailed as the most restrictive immigration bill in the nation, the Beason-Hammon Alabama Taxpayer & Citizen Protection Act (known as HB 56) went into effect in September 2011. Its intent was to create jobs for Alabamians by making the lives of undocumented immigrants in the state impossible, so

that they would self-deport. It failed. Here *We May Rest* offers a comprehensive explanation of how and why HB 56 came about and reports on its effects on immigrant communities. Author Silvia Giagnoni argues that the legislation was anti-immigrant, not merely "anti-illegal immigration" as its proponents claimed. Building a case against the legalistic framework through which the bill was promoted, Giagnoni dissects the role the media, and Fox News specifically, played in criminalizing immigrants as well as mainstreaming immigrant-haters, which created the xenophobic climate that paved the way for the Trump Presidency. The new immigrants of Alabama take center stage in the second part of the book, reclaiming their role in the cultural,

social, and economic development of the state. Giagnoni concludes with an appeal against any form of social segregation because only direct contact -- "massive,

prolonged, equal and intimate," as Howard Zinn argued -- will cure the stereotyping and prejudice that feed ignorance and foster fear.
