conocer a sus tres hermanastros, que ella supone que seran una lata. Pero entonces aparece el hermano mayor, Tyler, de diecisiete anos, odioso, irritante, problematico y francamente atractivo. La tension entre ambos hace muy dificil la convivencia. Pero esto no ha hecho mas que empezar."

I Wish You Were Mine Sourcebooks, Inc. "Loved this book! Great characters, great story, & so much swooning!" -Cindi Madsen, USA Today bestselling author Life loves a good curveball... Seventeen-year-old Annie Lucas's life is completely upended the moment her dad returns to the major leagues as the new pitching coach for the Kansas City Royals. Now she's living in Missouri (too cold), attending an all-girls school (no boys), and navigating the strange world of professional sports. But Annie has dreams of her own—most of which involve placing

first at every track meet...and one starring the Royals' super-hot rookie pitcher. But nineteen-year-old Jason Brody is completely, utterly, and totally off-limits. Besides, her dad would kill them both several times over. Not to mention Brody has something of a past, and his fan club is filled with C-cupped models, not smart-mouthed high school "brats" who can run the pants off every player on the team. Annie has enough on her plate without taking their friendship to the next level. The last thing she should be doing is falling in love. But baseball isn't just a game. It's life. And sometimes, it can break your heart...

Most people think that beauty revolves around such things as lipstick, sweet eyes,

or skinny jeans -- all those things that we can see (and obsess over) in the mirror. But the fact is that beauty isn't some superficial pursuit, and it's not some random act that you can thank (or curse) your ancestors for. There are, in fact, scientific standards to beauty. Beauty is purposeful, because it's how humans have historically communicated who we are to potential mates. Beauty, in fact, is really about your health and happiness. In this groundbreaking book, Dr. Michael F. Roizen and Dr. Mehmet C. Oz bust the myths and stereotypes about the way we view ourselves -- and how we define beauty. In these pages, you'll find out why beauty isn't as much about your vanity as it is about your humanity. The doctors take a scientific, informative, and entertaining look at the three levels of beauty and explain how they all work together to form a complete and authentic YOU. Those three levels of beauty are: Looking Beautiful: Your appearance influences your self-esteem and has major health implications. Here, the docs will tell you how you can look the way you want. Feeling Beautiful: So what if you have luscious lips or gorgeous locks if your joints creak and you have the energy of a rug? The docs will tell you how to improve your energy levels, beat back your life-altering aches and pains, and come to grips with some of life's toughest stresses. Being Beautiful: By improving your relationships with your loved ones as well as with others, you'll be well on your way to finding true happiness. That's the ultimate goal: Having all three levels of beauty working together so you can have a happy and healthy life. You'll start off by taking the ultra-revealing and validated YOU-Q Test to help you assess where you are on your own beauty scale and where you want to be. Take the test, see how well you do; then use the book to help you improve your score. With their usual candor and honesty, Dr. Roizen and Dr. Oz break down the mechanics of beauty and explain how little adjustments in your routine can help you become a happier, healthier person. You will learn about the biology of beauty, take YOU Tests to determine where you are on the beauty scale, get tons of YOU Tips to help you improve your life, as well as learn the secrets of the Ultimate Beautiful Day. From hair to toenails, Dr. Roizen and Dr. Oz go through every part of your body to explain how different foods, vitamins, creams, gels, and injections can really boost your looks. They scrutinize the beauty myths that bombard us every day and offer an unbiased perspective on which ones cause more harm than good.

You will be able to revamp your beauty regimen (or start a new one from scratch). They'll also take a close look at chronic pain, mood swings, low energy, and financial stresses. And they'll dive into the science of building relationships, finding happiness, and using spirituality to help you define your own levels of true beauty. Dr. Roizen and Dr. Oz act as tour guides navigating the tricky but exciting terrain of today's beauty industry. **YOU: Being Beautiful** is your all-inclusive ticket into the world -- the real world -- of beauty.
