Jupiter's Travels -Ted Simon's astonishing
4 year motorbike journey around the world
The book that inspired Ewan McGregor's

Long Way Round In the late 1970s Ted Simon set off on a Triumph and rode 63,000 miles over four years through fifty-four countries in a journey that took him around the world. Through breakdowns, prison, war, revolutions, disasters and a Californian commune, he travelled into the depths of fear and reached the heights of euphoria. He met astonishing people and was treated as a spy, a welcome stranger and even a god. For Simon the trip became a journey into his own soul, and for many others - including bikers Charley Boorman and Ewan McGregor - it provides an inspiration they will never forget. This classic text, which has informed a whole genre of travel writing in the thirty years since it was first published, will never be bettered for sheer adventure, passion, humour and honesty. Brought up in England by a German mother and a Romanian father, Ted Simon found himself impelled by an insatiable desire to explore the world. It led him to abandon an early scientific career in favour of journalism, and he has worked for several newspapers and magazines on Fleet Street and elsewhere. Ted Simon is also the author of *Riding Home* and *The Gypsy in Me*.

Take an authoritative, thorough, and heavily illustrated look at Triumph motorcycles, from beloved classics to popular new models! What do Marlon Brando, James Dean, Steve McQueen, Bob Dylan, and Arthur Fonzerelli all have in common? All of these men define the very essence of cool, and all have owned Triumph motorcycles. Originally formed as a bicycle company in 1885, in 1902 Triumph produced its first motorcycle, which was simply a bicycle fitted with a Belgian Minerva engine. From there, the company, in various iterations, went on to build some of the most iconic motorcycles of all time. For the first time ever, *The Complete Book of Classic and Modern Triumph Motorcycles 1937-Today* collects all of the motorcycles from this iconic brand in a single volume. Written by respected Triumph expert Ian Falloon, all of the major and minor models are

covered, with an emphasis on the most exemplary, era-defining motorcycles such as the Thunderbird, Tiger, Trophy, Bonneville, and new machines such as the Speed Triple, Thruxton, and Daytona 675. A kidnapped psychologist. A murderous warden. There's more to this prison than meets the eye... Dr. Raine Walsh has a right to be paranoid. The expert psychologist has spent far too much time in the minds of the criminally disturbed, but that's no reason for her to be drugged and thrown into prison. Raine can't remember the crime that got her locked up, and she wonders if her growing paranoia has destroyed her sanity... Raine is determined to solve the mystery of her twisted incarceration, but finding allies is a dangerous game. Some of her fellow prisoners are far from innocent, and a guard confides that he's also been kidnapped and forced to play a role. The

problem is that the warden controls the compound with an iron grip. Her only chance of escape could put her and the other inmates in grave danger... The Altruism Effect is the first book in a series of psychological thrillers. If you like gripping suspense, realistic characters, and mind-bending plot twists, then you'll love Kristin Helling's kidnapping thriller. Buy The Altruism Effect to plan your escape today!
