All Things Fun & Fascinating is the  
perfect tool to help teachers and parents  
of 3rd-5th graders teach writing with a

clear, simple, step-by-step method using  
subjects that will fascinate young  
students. The lessons are meant to be a  
resource for teachers already familiar  
with Teaching Writing: Structure and  
Style.

Littlefield History of the Civ  
Historians of the Civil War often speak of "wars within a war--the military fight, wartime struggles on the home front, and the political and moral battle to preserve the Union and end slavery. In this broadly conceived book, Thavolia Glymph provides a comprehensive new history of women's roles and lives in the Civil War--North and South, white and black, slave and free--showing how women were essentially and fully engaged in all three arenas. Glymph focuses on the ideas and ideologies that drove women's actions, allegiances, and politics. We encounter women as they stood their ground, moved into each other's territory, sought and found common ground, and fought for vastly

different principles. Some women used all the tools and powers they could muster to prevent the radical transformations the war increasingly imposed, some fought with equal might for the same transformations, and other women fought simply to keep the war at bay as they waited for their husbands and sons to return home. Glymph shows how the Civil War exposed as never before the nation's fault lines, not just along race and class lines but also along the ragged boundaries of gender. However, Glymph makes clear that women's experiences were not new to the mid-nineteenth century; rather, many of them drew on memories of previous conflicts, like the American Revolution and the War of 1812, to make sense of the Civil War's disorder and

death.

The essential guide to the theory and application of the Social Change Model Leadership for a Better World provides an approachable introduction to the Social Change Model of Leadership Development (SCM), giving students a real-world context through which to explore the seven C's of leadership for social change as well as approaches to socially responsible leadership. From individual, group, and community values through the mechanisms of societal change itself, this book provides fundamental coverage of this increasingly vital topic. Action items, reflection, and discussion questions throughout encourage students to think

about how these concepts apply in their own lives. The Facilitator's Guide includes a wealth of activities, assignments, discussions, and supplementary resources to enrich the learning experience whether in class or in the co-curriculum. This new second edition includes student self-assessment rubrics for each element of the model and new discussion on the critical roles of leadership self-efficacy, social perspective, and social justice perspectives. Content is enriched with research on how this approach to leadership is developed, and two new chapters situate the model in a broader understanding of leadership and in applications of the model. The Social Change Model is the most widely-used leadership model for college students,

and has shaped college leadership curricula at schools throughout the U.S. and other countries including a translation in Chinese. This book provides a comprehensive exploration of the model, with a practical, relevant approach to real-world issues. Explore the many facets of social change and leadership Navigate group dynamics surrounding controversy, collaboration, and purpose Discover the meaning of citizenship and your commitment to the greater good Become an agent of change through one of the many routes

to a common goal The SCM is backed by 15 years of research, and continues to be informed by ongoing investigation into the interventions and environments that create positive leadership development outcomes. Leadership for a Better World provides a thorough, well-rounded tour of the Social Change Model, with guidance on application to real-world issues.
