(a) Design and construction. (1) Each facility or part of a facility constructed by, on behalf of, or for the use of a public entity shall be designed and constructed in such manner that the facility or part of the facility is readily accessible to and usable by individuals with disabilities, if the construction was commenced after January 26, 1992. The first in an epic trilogy, Amitav

Ghosh's *Sea of Poppies* is "a remarkably rich saga . . . which has plenty of action and adventure à la Dumas, but moments also of Tolstoyan penetration--and a drop or two of Dickensian sentiment" (The Observer [London]). At the heart of this vibrant saga is a vast ship, the Ibis. Her destiny is a tumultuous voyage across the Indian Ocean shortly before the outbreak of the Opium Wars in China. In a time of colonial upheaval, fate has thrown together a diverse cast of Indians and Westerners on board, from a bankrupt raja to a widowed tribeswoman, from a mulatto American freedman to a free-spirited French orphan. As their old family ties are washed away, they, like their historical counterparts, come to view themselves as jahaj-bhais, or ship-brothers. The vast

sweep of this historical adventure spans the lush poppy fields of the Ganges, the rolling high seas, and the exotic backstreets of Canton. With a panorama of characters whose diaspora

encapsulates the vexed colonial history of the East itself, Sea of Poppies is "a storm-tossed adventure worthy of Sir Walter Scott" (Vogue).
