This exhibition at Boston College's McMullen Museum of Art (February-May 1999) takes an interdisciplinary approach to studying the style, subject matter, and functions of religious art in Italy between 1580-1680. The conceptual centerpiece of the exhibition is Caravaggio's recently rediscovered *The Taking of Christ*. The catalogue reproduces in color all of the paintings in the exhibition and includes a collection of essays that analyze how some of the period's most important artistic, religious, and social concerns are encapsulated within the various images.

Contributors include Franco Mormando (Exhibition Organizer and Catalogue Editor), Gauvin Bailey, Noel Barber, Sergio Benedetti, Pamela Jones, John W. O'Malley, John Varriano, Josephine von Henneberg, and Thomas Worcester.

The Great American Mission HarperCollins

The Last Days is a stunning political thriller from New York Times bestselling author, Joel C. Rosenberg. Osama bin Laden is dead. Saddam Hussein is buried. Baghdad lies in ruins. Now the eyes of the world are on Jerusalem as Jon Bennett--a Wall Street strategist turned senior White House advisor--his beautiful CIA partner Erin McCoy and the U.S. Secretary of State arrive in the Middle East to meet with Palestinian leader Yasser Arafat. On the table: a dramatic and potentially historic Arab-Israeli peace plan, of which Bennett is the chief architect. At the heart of the proposed treaty is the discovery of black gold deep underneath the Mediterranean--a vast and spectacular tract of oil and natural gas that could offer unprecedented riches for every Muslim, Christian, and Jew in Israel and Palestine. With the international media closely tracking the story, the American message is as daring as it is direct: Both sides must put behind them centuries of bitter, violent hostilities to sign a peace treaty. Both sides must truly cooperate on drilling, pumping, refining, and shipping the newly found petroleum. Both sides must work together to develop a dynamic, new, integrated economy to take advantage of the stunning opportunity. Then--and only then--the United States will help underwrite the billions of dollars of venture capital needed to turn the dream into reality. Jonathan D. Sarna's award-winning *American Judaism* is now available in an updated and revised edition that summarizes recent scholarship and takes into account important historical, cultural, and political developments in American Judaism over the past fifteen years. Praise for the first edition: "Sarna . . . has written the first systematic, comprehensive, and coherent history of Judaism in America; one so well executed, it is likely to set the standard for the next fifty years."--Jacob Neusner, *Jerusalem Post* "A masterful overview."--Jeffrey S. Gurock, *American Historical Review* "This book is destined to be the new classic of American Jewish history."--Norman H. Finkelstein, *Jewish Book World* Winner of the 2004 National Jewish Book Award/Jewish Book of the Year CLEP U of Nebraska Press

One hundred and fifty years after Abraham Lincoln's death, the full story of his extraordinary relationship with Jews is told here for the first time. *Lincoln and the Jews: A History* provides readers

both with a captivating narrative of his interactions with Jews, and with the opportunity to immerse themselves in rare manuscripts and images, many from the Shapell Lincoln Collection, that show Lincoln in a way he has never been seen before. Lincoln's lifetime coincided with the emergence of Jews on the national scene in the United States. When he was born, in 1809, scarcely 3,000 Jews lived in the entire country. By the time of his assassination in 1865, large-scale immigration, principally from central Europe, had brought that number up to more than 150,000. Many Americans, including members of Lincoln's cabinet and many of his top generals during the Civil War, were alarmed by this development and treated Jews as second-class citizens and religious outsiders. Lincoln, this book shows, exhibited precisely the opposite tendency. He also expressed a uniquely deep knowledge of the Old Testament, employing its language and concepts in some of his most important writings. He befriended Jews from a young age, promoted Jewish equality, appointed numerous Jews to public office, had Jewish advisors and supporters starting already from the early 1850s, as well as later during his two presidential campaigns, and in response to Jewish sensitivities, even changed the way he thought and spoke about America. Through his actions and his rhetoric—replacing "Christian nation," for example, with "this nation under God"—he embraced Jews as insiders. In this groundbreaking work, the product of meticulous research, historian Jonathan D. Sarna and collector Benjamin Shapell reveal how Lincoln's remarkable relationship with American Jews impacted both his path to the presidency and his policy decisions as president. The volume uncovers a new and previously unknown feature of Abraham Lincoln's life, one that broadened him, and, as a result, broadened America.

Krazydad Two Not Touch

Sociocultural Identities in Music Therapy is a collection of personal narratives by 18 music therapists who engage in a critical culturally reflexive process and explore implications for their therapeutic practice. Amongst the authors, there is gender diversity, diversity of sexualities, racial diversity, ethnic diversity, neurodiversity, geographical diversity, linguistic diversity, educational diversity, and more. Each person's intersectional

identity positions them differently in terms of their sociocultural location and thus each has differing experiences of unearned advantages or disadvantages based purely on their membership in various sociocultural groups in unique combinations. As such, each person distinctively explores how they experience and are experienced in social contexts. Woven together, this book is a rich tapestry of the sociocultural identities of music therapists and implications for their therapeutic relationships and processes. It provides a deep understanding and appreciation of the concept of culture and its omnipresence in all we do and all we are. The hope is that these narratives, and the included strategies for doing this kind of critical culturally reflexive work, will guide music therapy students and practitioners to examine their own sociocultural location and experiences, and that it will open music therapists to consider their relational dynamics in all aspects of their lives.

A gripping and prescient tale from New York Times best selling author Joel C. Rosenberg. "... The Last Jihad absolutely crackles with high energy and a chilling premise--what if the war on terror goes nuclear." -- Rush Limbaugh

Jon Bennett is a top Wall Street strategist turned senior White House advisor. But nothing has prepared him for the terror that he will face. Saddam Hussein dispatches his top hit men to assassinate the President of the United States. Iraqi terrorists spread carnage throughout London, Paris, and Riyadh . . . and the Butcher of Baghdad has a nuclear ace in his hand that he has not yet played. Only a solid Arab-Isreali coalition against Iraq can keep the U.S.--and other Western nations--from certain devastation. And only Bennett and his beautiful partner, Erin McCoy, can make that happen. Their secret project--a billion-dollar oil deal off the coast of Gaza--could be the basis for an historic peace treaty and enormous wealth for every Isreali and Palestinian. But just before a treaty can be signed, Isreali commandos foil an Iraqi Scud missile launch, recovering a nuclear warhead and evidence that the next attack will level Washington, New York and Tel Aviv. Now, the Isreali Prime Minister gives the American President an ultimatum: Melt down Baghdad within one hour . . . or Israel will do it herself. From Jerusalem, Bennett and McCoy must summon all their stealth and savvy to save themselves--and the world--from absolute destruction.
