Marine Maxims Baker Books

Wall Street Journal Bestseller USA Today Bestseller Publishers Weekly Bestseller As Seen on Tucker Carlson Combat-decorated Marine officer Stuart Scheller speaks out against the debacle of the Afghan pullout as the culmination of a decades-long and still-ongoing betrayal of military members by top leadership, from generals to the commander in chief, comes to light. Lieutenant Colonel Stuart Scheller was the perfect Marine. Battle tested. A leader. Decorated for valor. Yet when the United States acted like the Keystone Cops in a panicked haphazard exit from Afghanistan for political reasons, Scheller spoke out, and the generals lashed out. In fact, they jailed him to keep him quiet, claiming he lost the "trust and confidence" bestowed upon him by the Marines. When the faith and trust is exactly what our generals and even our commander-in-chief betrayed by exercising such reckless and derelict policies. Now Scheller is free from the shackles of the Marine Corps and can speak his mind. And in *Crisis of Command*, that he does. He holds our generals' feet to the fire. The same generals who play frivolously with the lives of our service men and women for political gain. The same general who lied to political leaders to further their own agendas and careers. Stuart Scheller is here to say that the buck stops here. Accountability starts now. It's time to demand accountability and stand up for our military. In this book, Stuart Scheller shows us how.

Although St Thomas Aquinas famously claimed that his *Summa Theologiae* was written for 'beginners', contemporary readers find it unusually difficult. Now, amid a surge of interest in virtue ethics, J. Budziszewski clarifies and analyzes the text's challenging arguments about the moral, intellectual, and spiritual virtues, with a spotlight on the virtue of justice. In what might be the first contemporary commentary on Aquinas' virtue ethics, he juxtaposes the original text with paraphrase and detailed discussion, guiding us through its complex arguments and classical rhetorical figures. Keeping an eye on contemporary philosophical issues, he contextualizes one of the greatest virtue theorists in history and brings Aquinas into the interdisciplinary debates of today. His brisk and clear style illuminates the most crucial of Aquinas' writings on moral character and guides us through the labyrinth of this difficult but pivotal work.

It Worked for Me (Enhanced Edition) Pearson Prentice Hall

Finalist for the National Book Critics Circle Award, the epic New York Times bestselling account of how Civil War general Thomas "Stonewall" Jackson became a great and tragic national hero. Stonewall Jackson has long been a figure of legend and romance. As much as any person in the Confederate pantheon—even Robert E. Lee—he embodies the romantic Southern notion of the virtuous lost cause. Jackson is also considered, without argument, one of our country's greatest

military figures. In April 1862, however, he was merely another Confederate general in an army fighting what seemed to be a losing cause. But by June he had engineered perhaps the greatest military campaign in American history and was one of the most famous men in the Western world. Jackson's strategic innovations shattered the conventional wisdom of how war was waged; he was so far ahead of his time that his techniques would be studied generations into the future. In his "magnificent Rebel Yell...S.C. Gwynne brings Jackson ferociously to life" (New York Newsday) in a swiftly vivid narrative that is rich with battle lore, biographical detail, and intense conflict among historical figures. Gwynne delves deep into Jackson's private life and traces Jackson's brilliant twenty-four-month career in the Civil War, the period that encompasses his rise from obscurity to fame and legend; his stunning effect on the course of the war itself; and his tragic death, which caused both North and South to grieve the loss of a remarkable American hero.

Sharing Success - Owning Failure: Preparing to Command in the Twenty-First Century Air Force
Simon and Schuster

This book explores ways in which passions came to be conceived, performed and authenticated in the eighteenth-century marketplace of print. It considers satire and sympathy in various environments, ranging from popular novels and journalism, through philosophical studies of the Scottish Enlightenment, to last words, aesthetics, and plastic surgery.

God and Moral Obligation Georgetown University Press

C. Stephen Evans defends the claim that moral obligations are best understood as divine commands or requirements; hence an important part of morality depends on God. God's requirements are communicated in a variety of ways, including conscience, and that natural law ethics and virtue ethics provide complementary perspectives to this view.

Called to Lead Houghton Mifflin Harcourt

Andrea Sangiacomo offers a new understanding of Spinoza's moral philosophy, how his views significantly evolved over time, and how he himself struggled during his career to develop a theory that could speak to human beings as they actually are--imperfect, passionate, and often not very rational.

Hume, Passion, and Action HarperChristian + ORM

"The *Summa Theologica* is the best-known work of Italian philosopher, scholar, and Dominican friar SAINT THOMAS AQUINAS (1225-1274), widely considered the Catholic Church's greatest theologian. Famously consulted (immediately after the Bible) on religious questions at the Council of Trent, Aquinas's masterpiece has been considered a summary of official Church philosophy ever since. Aquinas considers approximately 10,000 questions on Church doctrine covering the roles and nature of God, man, and Jesus, then lays out objections to Church teachings and systematically confronts each, using Biblical verses, theologians, and philosophers to bolster his arguments. In Volume II, Aquinas addresses: happiness good and evil love and hatred hope and despair anger virtue sin and grace and much more. This massive work of scholarship, spanning five volumes, addresses just about every possible query or argument that any believer or atheist could have, and remains

essential, more than seven hundred years after it was written, for clergy, religious historians, and serious students of Catholic thought."

The full story of the role that oil played in the origins and outcome of World War II.

A New Conception of War Springer Science & Business Media

Robert E. Lee was a leader for the ages. The man heralded by Winston Churchill as "one of the noblest Americans who ever lived" inspired an out-manned, out-gunned army to achieve greatness on the battlefield. He was a brilliant strategist and a man of unyielding courage who, in the face of insurmountable odds, nearly changed forever the course of history. "A masterpiece—the best work of its kind I have ever read. Crocker's Lee is a Lee for all leaders to study; and to work, quite deliberately, to emulate." — Major General Josiah Bunting III, superintendent of the Virginia Military Institute In this remarkable book, you'll learn the keys to Lee's greatness as a man and a leader. You'll find a general whose standards for personal excellence was second to none, whose leadership was founded on the highest moral principles, and whose character was made of steel. You'll see how he remade a rag-tag bunch of men into one of the most impressive fighting forces history has ever known. You'll also discover other sides of Lee—the businessman who inherited the debt-ridden Arlington plantation and streamlined its operations, the teacher who took a backwater college and made it into a prestigious university, and the motivator who inspired those he led to achieve more than they ever dreamed possible. Each chapter concludes with the extraordinary lessons learned, which can be applied not only to your professional life, but also to your private life as well. Today's business world requires leaders of uncommon excellence who can overcome the cold brutality of constant change. Robert E. Lee was such a leader. He triumphed over challenges people in business face every day. Guided by his magnificent example, so can you.

Oil & War Cambridge University Press

In *The Ruling Passion*, Christopher Lane examines the relationship between masculinity, homosexual desire, and empire in British colonialist and imperialist fictions at the turn of the twentieth century. Questioning the popular assumption that Britain's empire functioned with symbolic efficiency on sublimated desire, this book presents a counterhistory of the empire's many layers of conflict and ambivalence. Through attentive readings of sexual and political allegory in the work of Kipling, Forster, James, Beerbohm, Firbank, and others—and deft use of psychoanalytic theory—*The Ruling Passion* interprets turbulent scenes of masculine identification and pleasure, power and mastery, intimacy and antagonism. By foregrounding the shattering effects of male homosexuality and interracial desire, and by insisting on the centrality of unconscious fantasy and the death drive, *The Ruling Passion* examines the startling recurrence of colonial failure in narratives of symbolic doubt and ontological crisis. Lane argues compellingly that Britain can progress culturally and politically only when it has relinquished its residual fantasies of global mastery.

Summa Theologica: First Part of the Second Part Naval Institute Press

Young Elizabeth O'Connor is the little sister John Brady always longed for. But she wants much more than that from her spiritual mentor. As she blossoms into a beautiful young woman intent on loving John, he must push back the very real attraction he feels for her. His past just won't let him go there. Unfortunately, Lizzie won't let him go anywhere else—until she discovers he is not all that he seems.

Can true love survive such revelations? Full of the romance and relationships Lessman readers have come to love, *A Passion Denied* is the final book in the popular *Daughters of Boston* series.

Motivation and the Moral Sense in Francis Hutcheson's Ethical Theory Routledge

Using a range of disciplines, this book explores the relationship between moral passion and rational ethical deliberation.

Passions, Sympathy and Print Culture Routledge

In the pantheon of air power spokesmen, Giulio Douhet holds center stage. His writings, more often cited than perhaps actually read, appear as excerpts and aphorisms in the writings of numerous other air power spokesmen, advocates-and critics. Though a highly controversial figure, the very controversy that surrounds him offers to us a testimonial of the value and depth of his work, and the need for airmen today to become familiar with his thought. The progressive development of air power to the point where, today, it is more correct to refer to aerospace power has not outdated the notions of Douhet in the slightest In fact, in many ways, the kinds of technological capabilities that we enjoy as a global air power provider attest to the breadth of his vision. Douhet, together with Hugh "Boom" Trenchard of Great Britain and William "Billy" Mitchell of the United States, is justly recognized as one of the three great spokesmen of the early air power era. This reprint is offered in the spirit of continuing the dialogue that Douhet himself so perceptively began with the first edition of this book, published in 1921. Readers may well find much that they disagree with in this book, but also much that is of enduring value. The vital necessity of Douhet's central vision—that command of the air is all important in modern warfare—has been proven throughout the history of wars in this century, from the fighting over the Somme to the air war over Kuwait and Iraq.

Commentary on Thomas Aquinas's Virtue Ethics Oxford University Press

David Hume's theory of action is well known for several provocative theses, including that passion and reason cannot be opposed over the direction of action. Elizabeth S. Radcliffe defends an original interpretation of Hume's views on passion, reason, and motivation which is consistent with other theses in Hume's philosophy, loyal to his texts, and historically situated. She challenges the now orthodox interpretation of Hume on motivation, presenting an alternative that situates Hume closer to "Humeans" than many recent interpreters have. Part of the strategy is to examine the thinking of the early modern intellectuals to whom Hume responds. Most of these thinkers insisted that passions lead us to pursue harmful objects unless regulated by reason; and most regarded passions as representations of good and evil, which can be false. Understanding Hume's response to these claims requires appreciating his respective characterizations of reason and passion. The author argues that Hume's thesis that reason is practically impotent apart from passion is about beliefs generated by reason, rather than about the capacity of reason. Furthermore, the argument makes sense of Hume's sometimes-ridiculed description of passions as "original existences" having no reference to objects. The author also shows how Hume understood morality as intrinsically motivating, while holding that moral beliefs are not themselves motives, and why he thought of passions as self-regulating, contrary to the admonitions of the rationalists.

A Passion Denied (The Daughters of Boston Book #3) Revell

The thirteenth century Italian Dominican friar, Thomas Aquinas was a philosopher, theologian and jurist in the tradition of scholasticism. His two masterpieces, the *Summa Theologiae* and *Summa*

contra Gentiles, helped develop the classical systematisation of Latin theology, while as a poet he produced some of the finest eucharistic hymns in the church's liturgy. The foremost classical proponent of natural theology, Thomas had an immense influence on Western thought, as much of modern philosophy developed or opposed his ideas, especially in areas of ethics, natural law, metaphysics and political theory. This comprehensive eBook presents Thomas Aquinas' collected works, with numerous illustrations, rare translations, informative introductions and the usual Delphi bonus material. (Version 1) * Beautifully illustrated with images relating to Thomas' life and works * Concise introductions to the major texts * Images of how the books were first published, giving your eReader a taste of the original texts * Excellent formatting of the texts * Detailed contents tables, allowing easy navigation around the large works * Features two biographies - discover Thomas' sacred life * Ordering of texts into chronological order Please visit www.delphiclassics.com to browse through our range of exciting titles CONTENTS: The Books Disputed Questions on Truth (c. 1259) Summa contra Gentiles (1263) (Translated by Joseph Rickaby) Disputed Questions on Spiritual Creatures (c. 1269) Disputed Questions on the Power of God (c. 1269) Disputed Questions on the Soul (c. 1269) Summa Theologiae (1265-1274) (Translated by Fathers of the English Dominican Province) Commentary on the Gospel of St. Matthew (c. 1269) The Apostles' Creed (1273) Selected Hymns On Prayer and the Contemplative Life (1913) The Biographies Thomas Aquinas (1911) by Thomas Martin Lindsay and John Malcolm Mitchell St. Thomas Aquinas (1913) by Daniel Joseph Kennedy Please visit www.delphiclassics.com to browse through our range of exciting titles or to purchase this eBook as a Parts Edition of individual eBooks

Moral Passion and Christian Ethics Vintage

What makes a true leader? Is leadership a title? Authority? Charisma? Whatever gets the best results? Today more than ever, Christians need a model of leadership that is based on God's Word, that brings God glory. In *Called to Lead*, best-selling author, pastor, and teacher John MacArthur explains the characteristics of a leader drawn from one of the Bible's most renowned leaders, the apostle Paul. Focusing on Paul's letters to the church, *Called to Lead* shows you the twenty-six key qualities of a leader who can achieve results without forfeiting faith and obedience, qualities such as: Trustworthiness Discipline Christlikeness Sincerity Decisiveness *Called to Lead* presents a compelling, biblically sound explanation of the leadership God established when Jesus called and commissioned the apostles . . . and when God called you to lead.

The Ruling Passion Springer

Today's best companies get it. From Costco® to Commerce Bank, Wegmans to Whole Foods®: they're becoming the ultimate value creators. They're generating every form of value that matters: emotional, experiential, social, and financial. And they're doing it for all their stakeholders. Not because it's "politically correct": because it's the only path to long-term competitive advantage. These are the Firms of Endearment. Companies people love doing business with. Love partnering with. Love working for. Love investing in. Companies for whom "loyalty" isn't just real: it's palpable, and driving unbeatable advantages in everything from marketing to recruitment. You need to become one of those companies. This book will show you how. You'll find specific, practical guidance on transforming every relationship you have: with customers, associates, partners, investors, and society. If you want to be great—truly great—this is your blueprint. We're entering an Age of

Transcendence, as people increasingly search for higher meaning in their lives, not just more possessions. This is transforming the marketplace, the workplace, the very soul of capitalism. Increasingly, today's most successful companies are bringing love, joy, authenticity, empathy, and soulfulness into their businesses: they are delivering emotional, experiential, and social value—not just profits. *Firms of Endearment* illuminates this, the most fundamental transformation in capitalism since Adam Smith. It's not about "corporate social responsibility": it's about building companies that can sustain success in a radically new era. It's about great companies like IDEO and IKEA®, Commerce Bank and Costco®, Wegmans and Whole Foods®: how they earn the powerful loyalty and affection that enables truly breathtaking performance. This book is about gaining "share of heart," not just share of wallet. It's about aligning stakeholders' interests, not just juggling them. It's about building companies that leave the world a better place. Most of all, it's about why you must do all this, or risk being left in the dust... and how to get there from wherever you are now.

Moral Relativism Thomas Nelson

In this enhanced e-book edition of *It Worked for Me*, you will find twelve exclusive videos featuring first-hand leadership advice and amusing anecdotes from the life of General Colin Powell. Readers also get access to photographs found only in this edition. *It Worked for Me* is filled with vivid experiences and lessons learned that have shaped the legendary public service career of the four-star general and former Secretary of State Colin Powell. At its heart are Powell's "Thirteen Rules"—notes he gathered over the years and that formed the basis of his leadership presentations given throughout the world. Powell's short but sweet rules—among them, "Get mad, then get over it" and "Share credit"—are illustrated by revealing personal stories that introduce and expand upon his principles for effective leadership: conviction, hard work, and, above all, respect for others. In work and in life, Powell writes, "it's about how we touch and are touched by the people we meet. It's all about the people." A natural storyteller, Powell offers warm and engaging parables with wise advice on succeeding in the workplace and beyond. "Trust your people," he counsels as he delegates presidential briefing responsibilities to two junior State Department desk officers. "Do your best—someone is watching," he advises those just starting out, recalling his own teenage summer job mopping floors in a soda-bottling factory. Powell combines the insights he has gained serving in the top ranks of the military and in four presidential administrations with the lessons he's learned from his immigrant-family upbringing in the Bronx, his training in the ROTC, and his growth as an Army officer. The result is a powerful portrait of a leader who is reflective, self-effacing, and grateful for the contributions of everyone he works with. Colin Powell's *It Worked for Me* is bound to inspire, move, and surprise readers. Thoughtful and revealing, it is a brilliant and original blueprint for leadership. Please note that due to the large file size of these special features this enhanced e-book may take longer to download than a standard e-book.

The Mantle of Command Harper Collins

Having led change successfully at three sprawling, monumental organizations—the CIA, Texas A&M University, and the Department of Defense—Robert M. Gates offers the ultimate insider's look at how leaders can transform large organizations and companies. For many Americans, bureaucracy and corporate structure are code words for inertia. Gates knows that it doesn't have to be that way. With stunning clarity, he shares how simple plans, faithfully executed, can cut through the mire of

bureaucracy to reform organizational culture. And he shows that great leaders listen and respond to their teams and embrace the power of compromise. Using the full weight of his wisdom, candor, and

devotion to duty, he empowers leaders at any level to effectively implement his leadership strategies.
