LEWIS BRADSHAW

Springer Science & Business Media

The Art of Getting Wrecked is the true story about what led the author to build a yacht in his garden, sail off to circumnavigate the world, and hopefully, somewhere along the route, find his roots, dreams, and Shangri La. His dream of a circumnavigation was put on hold in the Caribbean when he was shipwrecked after hitting a reef at night. Peter and his mate Mariann raise their dream while living on the beach and go on to survive just about everything that can be thrown at sailors- tropical storms, a Latin-American revolution, a mutiny, and two dismastings. Peter's 35 years on a tiny tropical island are described with pathos, wit, and gentle humour. His amazing story offers a whimsical mix of observation, opinion, and anecdote. By choice he is thrust into a small Caribbean island culture, which he describes with sincerity, warmth, and respect for the people of Bequia. His Island in the Sun, where he has lived the good life since 1984.
