 In this collection of taxidermy art, you'll find a winged monkey with a fez and a martini glass, a jewel-encrusted piglet, a bionic fawn, and a polar bear balancing on a floating refrigerator. Author Robert Marbury makes for a friendly (and often funny) guide, addressing the three big questions people have about taxidermy art: What is it all about? Can I see some examples? and How can I make my own? He takes readers through a brief history of taxidermy (and what sets artistic taxidermy apart) and presents stunning pieces from the most influential artists in the field. Rounding out the book are illustrated how-to lessons to get readers started on their own work, with sources for taxidermy materials and resources for the budding taxidermist.

How to Say It at Work McGraw Hill Professional
 A radical, "crystalline" (Elle) approach to integrating our work, relationships, and inner selves from the bestselling author, poet, and speaker. The author of *Crossing the Unknown Sea* and *The Heart Aroused* encourages readers to reimagine how they inhabit the worlds of love, work, and self-understanding. Whyte suggests that separating these "marriages" in order to balance them is to destroy the fabric of happiness itself. Drawing from his own struggles and the lives of some of the world's great writers and artists—from Dante to Jane Austen to Robert Louis Stevenson—Whyte explores the ways these core commitments are connected. Only by understanding the journey involved in each of the three marriages and the stages of their maturation, he says, can we understand how to bring them together in one fulfilled life.

Now, in *The How*, Yrsa encourages readers to begin, as she puts it, the great work of meeting ourselves. This isn't the self we've built up in response to our surroundings, or the self we manufacture to please the people around us, but instead, our most intimate self, the one we visit in dreams, the one that calls to us from a glimmering future. With a mix of short lyrical musings and her signature stunning poetry, Yrsa gently takes readers by the hand, encouraging them to join her as she explores how we can remove our filters, and see and feel more of who we really are behind the preconceived notions of propriety and manners we've accumulated with age. With a beautiful design and intriguing meditations, *The How* can be used to start conversations, to prompt writing, to delve deeper--whether you're solo, or with friends, on your feet or writing from the solace of home.
